Speaking for Animals Margo DeMello, 2013 This text contributes to the growing field of human animal studies by examining the human impulse evidenced in blogs social networking sites video games comic books and animal welfare literature to ventriloquize the animal voice *Speaking for Spot* Nancy Kay, 2008 Provides hundreds of tips to help dog owners make well informed decisions for their pets including information on finding the right doctor understanding veterinary vocabulary and technology getting a second opinion and supporting one's pet through various stages of illness

animal advocacy After offering a critical analysis of the ethical and political significance of speaking for animals the book takes on a more constructive turn going against the usual interpretation of language as a capacity that allows us to reason Instead it argues that our language capacity is also a relational capacity Language is that which enables us to develop kinship with others including animal others Carib-Speaking Indians Ellen B.
