Speaking Through My Skin:

Speaking Through My Skin Bruce A. Jacobs, 1996 *Speaking Through My Skin* by Bruce A. Jacobs is a collection of 45 poems. They demonstrate his firm command of language and form and are full of surprises and original observations. **We Speak Through the Mountain** Premee Mohamed, 2024-06-18 The enlivening follow up to the award winning sensation *The Annual Migration of Clouds*. Traveling alone through the climate crisis ravaged wilds of Alberta's Rocky Mountains, 19-year-old Reid Graham battles the elements and her lifelong chronic illness to reach the utopia of Howse University. But life in one of the storied domes, the last remnants of pre-collapse society, isn't what she expected. Reid tries to excel in her classes and make connections with other students but still grapples with guilt over what happened just before she left her community. And as she learns more about life at Howse, she begins to realize she can't stand idly by as the people of the dome purposely withhold needed resources from the rest of humanity. When the worst of news comes from back home, Reid must make a choice between herself, her family, and the broken new world. In this powerful follow up to her award-winning novella *The Annual Migration of Clouds*, Premee Mohamed is at the top of her game as she explores the conflicts and complexities of this post-apocalyptic society and asks whether humanity is doomed to forever recreate its worst mistakes. *Speaking from the Body* Angie Chabram-Dernersesian, Adela de la Torre, 2008-11-20 In compelling first-person accounts, Latinas speak freely about dealing with serious health episodes as patients, family caregivers, or friends. They show how the complex interweaving of gender, class, and race impacts the health status of Latinas and how family spirituality and culture affect the experience of illness. Here are stories of Latinas living with conditions common to many: hypertension, breast cancer, obesity, diabetes, depression, osteoarthritis, rheumatoid arthritis, dementia, Parkinson's, lupus, and hyperthyroidism. By bringing these narratives out from the shadows of private lives, they demonstrate how such ailments form part of the larger whole of Latina lives that encompasses family, community, the medical profession, and society. They show how personal identity and community intersect to affect the interpretation of illness, compliance with treatment, and the utilization of allopathic medicine, alternative therapies, and traditional healing practices. The book also includes a retrospective analysis of the narratives and a discussion of Latina health issues and policy recommendations. These Latina cultural narratives illustrate important aspects of the social contexts and real-world family relationships crucial to understanding illness. *Speaking from the Body* is a trailblazing collection of personal testimonies that integrates professional and personal perspectives and shows that our understanding of health remains incomplete if Latina cultural narratives are not included. *Speaking From Among the Bones* Alan Bradley, 2013-01-29 In the fifth book of the New York Times bestselling series featuring Flavia de Luce, Alan Bradley pens his most chilling mystery yet and introduces a new character into the mix whose actions will have lasting consequences on Bishop's Lacey, the de Luce family, and especially Flavia herself. When the tomb of St. Tancred is opened at the village church in Bishop's Lacey, its shocking contents lead to another case for Flavia de Luce. Greed, pride, and murder.
