Liberating Christianity Thomas C.

Sorenson,2008-11-01 Christianity is in crisis in our North American context especially among the cultural elite and people with progressive views The reasons for the faith s loss of credibility have to do in large part with the dominant philosophical materialism of our culture and with the understanding of the faith almost universally held by Americans both inside the churches and outside them In this book Thomas C Sorenson calls this understanding Biblicism by which he means the belief that the Bible is to be understood only literally and that in one way or another its authority comes from its claimed origin with God Many enlightened people also reject Christianity because the only Christianity they know is the judgmental socially conservative faith that the most vocal and visible advocates of the faith among us so loudly espouse This book offers a different understanding of the faith It begins with a discussion of the universal human experience of the spiritual dimension of reality It then discusses symbol and myth as the necessary language for communicating that experience The book shows that all human experience is necessarily subjective and that religious truth is thus also necessarily subjective Therefore religious truth is relative not universal and absolute The work argues that the Bible is a human work expressing its authors experience of the divine The book then discusses other obstacles to faith and offers a different understanding of the issues they raise The book replaces the classical theory of atonement with a theology of the cross based mainly on the work of Douglas John Hall It redefines salvation as having to do with this life not with the afterlife It closes with a section that replaces the dominant social conservatism of popular Christianity with Jesus s teachings of nonviolence economic justice and radical inclusivity

Paloma Brooks Harrington,2022-06-02 Two people from very different backgrounds and circumstances struggle together to find God in a world of random injustice and human evil Paloma has suffered bitter poverty and neglect as a child and exploitation and addiction as a teen and an adult John Levi is a lawyer from a privileged sheltered home who answers the call of God to pastor an inner city church Together Paloma and John Levi hunger and thirst for justice and mercy for the neighbors of the church and for Paloma and her daughter At first Paloma is angered by any talk about the presence and power of a God whom she believes has failed to answer her prayers John Levi is convinced that God is calling him to rescue Paloma from her plight but crosses a line in protecting her from evil men Facing the consequences of his actions John Levi struggles with the limitations imposed upon his hunger for justice by the Way of Jesus Both Paloma and John Levi transcend the crisis to find a new faith

and physically to carry the full weight of his masculine soul Including self assessments and questions for small groups Dialed In goes beyond vague principles to teach men how to become God s man and hear the words their souls crave Well done my good and faithful servant **You are God's Church** Lorraine Holloway-White,2016-08-02 We as individuals make up God s Church not buildings or religion People leaving religion also left God behind Why Can they come back to Him would they want to This is about good people from all walks of life coming together no matter beliefs or unbelief s With or without God with or without religion It talks of uniting the world rather than keeping it divided as it is now It s a book of love peace and of coming together A coming together of all people no matter what race religion age size sex colour lifestyle preferences or anything else It also explores about supernatural gifts and how to test the spirits of those dead and living A subject the church refuses to acknowledge thereby pushing so many into false gods and spiritual practices This book is packed with far more than is able to be listed here but it is a book everyone should read if they want to make a difference to the world we see and live in today *Race for Justice* Richard Reddie,2022-02-18 In 2020 Britain marks the 25th anniversary of Racial Justice Sunday This movement was established at a time when the UK was having to face up to both overt and subversive forms of racism characterised by the tragic killing of black teenager Stephen Lawrence in Eltham in 1993 This murder and other racist attacks gave mainstream visibility to the struggle of many Black Asian and Minority Ethnic people to obtain equality and justice Race for Justice brings together a collection of voices on this vital issue from across the Christian denominations Each contributor to this volume serves as their particular denomination s racial justice equalities diversity or inclusion officers Equipped with frontline experience in the fight against racism they each give their perspective on the successes and failures of race relations over the last quarter of a century as well as addressing contemporary challenges and their hopes for the future *Stepping Up* John Izzo,2012 A guide to solving problems presents seven principles that enable individuals to be their own agents of change **Living on the Edge of the Edge** Ruth Elizabeth Krall,Lisa Schirch, PhD,2017-06-19 There are several divisive issues that separate Christian from Christian in the current century One issue is the church s management of clergy sexual abuses of children teens and adults A second is the issue of sexual gender orientation and church membership Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation In this book Professors Krall and Schirch disentangle and discuss these two issues They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices Throughout the book they apply Anabaptist Mennonite principles of peace making in situations of sexual violation Case studies are provided A feminist hermeneutic is applied Each letter essay is auto ethnographic in style the professional and the personal are deliberately blurred inside a framework of narrative and story Each essay is deeply rooted in its author s academic interests and in her personal life history This book can be a text in

graduate and undergraduate classrooms It can also be used in denominational self study programs

The Other Half of Church Jim Wilder, Michel Hendricks, 2020-08-04 Could brain science be the key to spiritual formation Why does true Christian transformation seem fleeting And why does church often feel lonely Christian community shallow and leaders untrustworthy For many Christians the delight of encountering Christ eventually dwindles and disappointment sets in Is lasting joy possible These are some of the questions Michel Hendricks has considered both in his experience as a spiritual formation pastor and in his lifetime as a Christian He began to find answers when he met Jim Wilder a neurotheologian Using brain science Wilder identified that there are two halves of the church the rational half and the relational half And when Christians only embrace the rational half churches become unhealthy places where transformation doesn t last and narcissistic leaders flourish In The Other Half of Church join Michel and Jim s journey as they couple brain
