Garden Bouquets and Beyond Suzy, 2010-02-02 Suzy Bales sums up garden arrangements like this: Life is best lived in sync with the seasons. She brings a new angle to four-season garden bouquets: gather the blooms but don't overlook the leaves, branches, and vines you find in the off-season. Her fresh-from-the-garden arrangements celebrate the ever-changing landscape and feature unique combinations of flowers and foliage for floral creations in every style. Lifelong gardener and lifestyle writer Bales also takes on the role as inspirational designer to educate gardeners about the latest research on conditioning individual garden flowers, how to care for them immediately after cutting, and the length of time they can be expected to last.

Garden Bouquets and Beyond: Creating Wreaths, Garlands, and More in Every Garden Season has compiled complete instructions for prolonging the bloom.

Bric-a-Brac by Brenda Volume 3 Brenda Alexander, 2017-06-22 There are 47 poems in this book of rhyming poetry. It has poems for my mother, in particular, a past President, some written for other people who have been an integral part of the shaping of my personal life, and poems about my sociological view of this country. There

are a few poems written after the death of my son's father who was murdered in the fall of 1990. For most of the poems I made a conscious effort to include ones regarding our spiritual lives which have a great impact on our views and how we react or respond to issues and trials every day of the earthly journey we find ourselves on.
