Enduring Issues In Special Education Barbara Bateman, John W. Lloyd, Melody Tankersley, 2015-02-20 *Enduring Issues in Special Education* is aimed at any course in the undergraduate or graduate special education curriculum that is wholly or partly devoted to a critical examination of current issues in special education The book organizes 28 chapters into seven sections using familiar structuring principles what who where how when why and whither Each section begins with an introduction that provides historical legal and theoretical background information and organizing commentary for the chapters that follow The book s objective in addition to informing readers about the issues is to develop critical thinking skills in the context of special education Key features include the following Dialectic Format Each of the 28 chapters presents compelling reasons for addressing the issue at hand and specific ways to do so Because each issue is written from different perspectives and focuses on a variety of aspects readers are encouraged to weigh the arguments seek additional information and come up with synthesized positions of their own Organizing Framework The book s seven sections have been arranged according to a scheme that is the essence of most investigative reporting and provides a coherent easy to understand framework for readers Expertise All chapters are written by leading scholars who are highly regarded experts in their fields and conclude with suggested readings and discussion questions for additional study

The Marginalization of Students in Need O. Joseph Mahabir, 2015-07-09 This book surveys the exclusion of students with disabilities from obtaining an appropriate education in the early history of the nation to the current time It finds that in spite of the tireless efforts of parents advocates court legislations and federal mandates students with disabilities especially minority students and second language learners still continue to be deprived of an appropriate education Research conducted in a mid sized urban school district in Southern California found that teachers recommendation of minority students and second language learners for special education referral was not in compliance with state and federal mandates Even though there was an honest effort by both federal and state governments to improve the quality of education for children with disabilities this was not occurring at

the school level They still continue to be deprived of the opportunity for an education in the regular education setting and become candidates for referral to special education *Special Education Law* Laura Rothstein, Scott F. Johnson, 2013-04-17

Special Education Law Fifth Edition provides a comprehensive and student friendly overview of the major federal laws and judicial interpretations of those laws that apply to the education of children with special needs Laura Rothstein and Scott F Johnson thoroughly present the most up to date information on special education statutes regulations and judicial interpretations including substantial changes in the interpretation of the legislation The text helps students understand what the law requires so that they can develop policies and make decisions that comply with these laws **Hearings** United States.
