**The Spectral Jew** Steven F. Kruger, 2006-01 Medieval European culture encompassed Judaic Christian Muslim and pagan societies forming a complex matrix of religious belief identity and imagination Through incisive readings of a broad range of medieval texts and informed by poststructuralist queer and feminist theories *The Spectral Jew* traces the Jewish presence in Western Europe to show how the body gender and sexuality were at the root of the construction of medieval religious anxieties inconsistencies and instabilities Looking closely at how medieval Jewish and Christian identities are distinguished from each other yet intimately intertwined Kruger demonstrates how Jews were often corporealized in ways that posited them as inferior to Christians archaic and incapable of change even as the two mutually shaped each other But such attempts to differentiate Jews and Christians were inevitably haunted by the knowledge that Christianity had emerged out of Judaism and was in its own self understanding a community of converts Examining the points of contact between Christian and Jewish communities Kruger discloses the profound paradox of the Jew as different in all ways yet capable of converting to fully Christian status He draws from central medieval authors and texts such as Peter Damian Guibert of Nogent the Barcelona Disputation and the Hebrew chronicles of the First Crusade as well as lesser known writings such as the disputations of Ceuta Majorca and Tortosa and the immensely popular Dialogues of Peter Alfonsi By putting the conversion narrative at the center of this analysis Kruger exposes it as a disruption of categories rather than a smooth passage and reveals the prominent role Judaism played in the medieval Christian imagination Steven F Kruger is professor of English and medieval studies at Queens College and the Graduate Center CUNY He is author of several books and editor with Glenn Burger of *Queering the Middle Ages* Minnesota 2001

Adrienne Williams Boyarin, 2020-10-30 In the Plea Rolls of the Exchequer of the Jews Trinity Term 1277 Adrienne Williams Boyarin finds the case of one Sampson son of Samuel a Jew of Northampton arrested for impersonating a Franciscan friar and preaching false Christianity He was sentenced to walk for three days through the centers of London Canterbury Oxford Lincoln and Northampton carrying the entrails and flayed skin of a calf and exposing his naked circumcised body to onlookers Sampson's crime and sentence Williams Boyarin argues suggest that he made a convincing friar when clothed Indeed many English texts of this era struggle with the similarities of Jews and Christians but especially of Jewish and Christian women Unlike men Jewish women did not typically wear specific identifying clothing nor were they represented as physiognomically distinct Williams Boyarin observes that both before and after the periods in which art historians note a consistent visual repertoire of villainy and difference around Jewish men English authors highlight and exploit Jewish women's indistinguishability from Christians Exploring what she calls a polemic of sameness she elucidates an essential part of the rhetoric employed by medieval anti Jewish materials which could assimilate the Jew into the Christian and as a consequence render the Jewess a dangerous but unseeable enemy or a sign of the always convertible self *The Christian Jew and the Unmarked Jewess* considers realities and fantasies of indistinguishability It focuses on how medieval Christians could identify with Jews and even think of themselves as Jewish positively or negatively historically or figurally Williams Boyarin identifies and explores polemics of sameness through a broad range of theological historical and literary works from medieval England before turning more specifically to stereotypes of Jewish women and the ways in which rhetorical strategies that blur the line between saming and othering reveal gendered habits of representation      **Revisiting Jewish Spain in the Modern Era**

Daniela Flesler, Tabea Alexa Linhard, Adrián Pérez Melgosa, 2015-07-16 This innovative volume offers fresh perspectives and directions on the intersection of Hispanic and Jewish studies It shows how Jewishness has played a crucial role in Spanish political social and cultural developments in the modern era exploring the effects of the multiple material and symbolic absences of Jews and Judaism from modern Spanish society The book considers the haunting presence that this absence has

entailed Contributors analyze the different and contradictory ways in which Spain as a nation has tried to come to terms with its Jewish memory and with Jews from the nineteenth century to the present Jos Amador de los R os efforts to incorporate Jewishness into the canon of Spanish national literature and history the emergence in the mid nineteenth century of the figure of the Jewish conspirator who seeks to foment revolutionary unrest in novels from Spain Italy and France the development of philosephardism and its interconnections with anti Semitism Spanish fascism and colonial ambitions at the turn of the twentieth century the instrumentalization of the Spanish Jewish past during the Second Republic the role of philosemitism in the development of Catalan nationalism and the relationship between the memory of Sepharad and Holocaust commemoration in contemporary Spain This book is based on a special issue of the Journal of Spanish Cultural Studies

**Christians and Jews in Angevin England** Sarah Rees Jones, Sethina Claire Watson, 2013 The mass suicide and murder of the men women and children of the Jewish community in York on 16 March 1190 is one of the most scarring events in the history of Anglo Judaism This book sets it into the context of other attacks on Jews across England at the time looks at how the narrative of events was created and considers the circumstances and processes through which Christian and Jewish neighbours became enemies and victims

The Jew, the Cathedral and the Medieval City Nina Rowe, 2011-04-04 In the thirteenth century sculptures of Synagoga and Ecclesia paired female personifications of the Synagogue defeated and the Church triumphant became a favoured motif on cathedral fa ades in France and Germany Throughout the preceding centuries the Jews of northern Europe prospered financially and intellectually a trend that ran counter to the long standing Christian conception of Jews as relics of the prehistory of the Church In this book Nina Rowe examines the sculptures as defining elements in the urban Jewish Christian encounter She locates the roots of the Synagoga Ecclesia motif in antiquity and explores the theme s public manifestations at the cathedrals of Reims Bamberg and Strasbourg considering each example in relation to local politics and culture Ultimately she demonstrates that royal and ecclesiastical policies to restrain the religious social and economic lives of Jews in the early thirteenth century found a material analog in lovely renderings of a downtrodden Synagoga placed in the public arena of the city square

*Imagining the Jew in Anglo-Saxon Literature and Culture* Samantha Zacher, 2016-08-04 Most studies of Jews in medieval England begin with the year 1066 when Jews first arrived on English soil Yet the absence of Jews in England before the conquest did not prevent early English authors from writing obsessively about them Using material from the writings of the Church Fathers contemporary continental sources widespread cultural stereotypes and their own imaginations their depictions of Jews reflected their own politico theological experiences The thirteen essays in *Imagining the Jew in Anglo Saxon Literature and Culture* examine visual and textual representations of Jews the translation and interpretation of Scripture the use of Hebrew words and etymologies and the treatment of Jewish spaces and landmarks By studying the imaginary Jews of Anglo Saxon England they offer new perspectives on the treatment of race religion and ethnicity in pre and post conquest literature and culture

*Jews in the Early Modern English Imagination* Eva Johanna Holmberg, 2016-05-06 Based on travel writings religious history and popular literature *Jews in the Early Modern English Imagination* explores the encounter between English travellers and the Jews While literary and religious traditions created an image of Jews as untrustworthy even sinister travellers came to know them in their many and diverse communities with rich traditions and intriguing life styles The Jew of the imagination encountered the Jew of town and village in southern Europe North Africa and the Levant Coming from an England riven by religious disputes and often by political unrest travellers brought their own questions about identity national character religious belief and the quality of human relations to their encounter with the scattered nation

**Instrument of Memory** Lisa Lampert-Weissig, 2024-01-18 How can immortality be a curse According to the Wandering Jew legend as Jesus made his way to Calvary a man refused him rest cruelly taunting him to hurry to meet his fate In response Jesus cursed the man to wander until the Second Coming Since the medieval period the legend has inspired hundreds of adaptations by artists and writers *Instrument of Memory Encounters with the Wandering Jew* the first English language study of the legend in over fifty years is also the first to examine the influence of the legend s medieval and early modern sources over the centuries into the present

day Using the lens of memory studies the work shows how the Christian tradition of the legend centered the memory of the Passion at the heart of the Wandering Jew's curse Instrument of Memory also shows how Jewish artists and writers have reimagined the legend through Jewish memory traditions Through this focus on memory Jewish adapters of the legend create complex renderings of the Wandering Jew that recognize not only the entanglement of Jewish and Christian memory but also the impact of that entanglement on Jewish subjects This book presents a complex sympathetic and more fully realized version of the legend while challenging the limits of the presentism of memory studies

**Monsters and Monstrosity in Jewish History** Iris Idelson-Shein, Christian Wiese, 2019-02-21 This is the first study of monstrosity in Jewish history from the Middle Ages to modernity Drawing on Jewish history literary studies folklore art history and the history of science it examines both the historical depiction of Jews as monsters and the creative use of monstrous beings in Jewish culture Jews have occupied a liminal position within European society and culture being deeply immersed yet outsiders to it For this reason they were perceived in terms of otherness and were often represented as monstrous beings However at the same time European Jews invoked with tantalizing ubiquity images of magical terrifying and hybrid beings in their texts art and folktales These images were used by Jewish authors and artists to push back against their own identification as monstrous or diabolical and to tackle concerns about religious persecution assimilation and acculturation gender and sexuality science and technology and the rise of antisemitism Bringing together an impressive cast of contributors from around the world this fascinating volume is an invaluable resource for academics postgraduates and advanced undergraduates interested in Jewish studies as well as the history of monsters

**Jewish Spain** Tabea Alexa Linhard, 2014-06-04 What is meant by Jewish Spain The term itself encompasses a series of historical contradictions No single part of Spain has ever been entirely Jewish Yet discourses about Jews informed debates on Spanish identity formation long after their 1492 expulsion The Mediterranean world witnessed a renewed interest in Spanish speaking Jews in the twentieth century and it has grappled with shifting attitudes on what it meant to be Jewish and Spanish throughout the century At the heart of this book are explorations of the contradictions that appear in different forms of cultural memory literary texts memoirs oral histories biographies films and heritage tourism packages Tabea Alexa Linhard identifies depictions of the difficulties Jews faced in Spain and Northern Morocco in years past as integral to the survival strategies of Spanish Jews who used them to make sense of the confusing and harrowing circumstances of the Spanish Civil War the Francoist repression and World War Two Jewish Spain takes its place among other works on Muslims Christians and Jews by providing a comprehensive analysis of Jewish culture and presence in twentieth century Spain reminding us that it is impossible to understand and articulate what Spain was is and will be without taking into account both Muslim Spain and Jewish Spain

**Bad Humor** Kimberly Anne Coles, 2022-04-19 Race in the early modern period is a concept at the crossroads of a set of overlapping concerns of lineage religion and nation In Bad Humor Kimberly Anne Coles charts how these concerns converged around a pseudoscientific system that confirmed the absolute

difference between Protestants and Catholics guaranteed the noble quality of English blood and justified English colonial domination Coles delineates the process whereby religious error first resident in the body becomes marked on the skin Early modern medical theory bound together psyche and soma in mutual influence By the end of the sixteenth century there is a general acceptance that the soul's condition as a consequence of religious belief or its absence could be manifest in the humoral disposition of the physical body The history that this book unfolds describes developments in natural philosophy in the early part of the sixteenth century that force a subsequent reconsideration of the interactions of body and soul and that bring medical theory and theological discourse into close even inextricable contact With particular consideration to how these ideas are reflected in texts by Elizabeth Cary John Donne Ben Jonson William Shakespeare Edmund Spenser Mary Wroth and others Coles reveals how science and religion meet nascent capitalism and colonial endeavor to create a taxonomy of Christians in Black and White

Jews and the Ends of Theory Shai Ginsburg, Martin Land, Jonathan Boyarin, 2018-12-04 Theory as it's happened across the humanities has often been coded as Jewish This collection of essays seeks to move past explanations for this understanding that rely on the self-evident historical centrality of Jews to the rise of Critical Theory with the Frankfurt School or stereotypical psychoanalysis as the Jewish Science in order to show how certain problematics of modern Jewishness enrich theory In the range of violence and agency that attend the appellation Jew depending on how where and by whom it's uttered we can see that Jewishness is as rhetorical as much as a sociological fact and that its rhetorical and sociological aspects while linked are not identical Attention to this disjuncture helps to elucidate the questions of power subjectivity identity figuration language and relation that modern theory has grappled with These questions in turn implicate geopolitical issues such as the relation of a people to a state and the violence done in the name of simplistic identitarian ideologies Clarifying a situation where the Jew is not readily or unproblematically legible the editors propose what they call spectral reading a way to understand Jewishness as a fluid and rhetorical presence While not divorced from sociological facts this spectral reading works in concert with contemporary theory to mediate pessimistic and utopian impulses experiences and realities Contributors Svetlana Boym Andrew Bush Sergey Dolgopolski Jay Geller Sarah Hammerschlag Hannan Hever Martin Land Martin Jay James I Porter Yehouda Shenhav Elliot R Wolfson

**White before whiteness in the late Middle Ages** Wan-Chuan Kao, 2024-01-09 This groundbreaking book analyses premodern whiteness as operations of fragility precarity and racialicity across bodily and nonsomatic figurations It argues that while whiteness participates in the history of racialisation in the late medieval West it does not denote skin tone alone The before of whiteness presupposing essence and teleology is less a retro-futuristic temporisation one that simultaneously looks backward and faces forward than a discursive figuration of how white becomes whiteness Fragility delineates the limits of ruling ideologies in performances of mourning as self-defence against perceived threats to subjectivity and desire precarity registers the ruptures within normative values by foregrounding the unmarked vulnerability of the body politic and the

violence of cultural aestheticisation and racialicity attends to the politics of recognition and the technologies of enfleshment  
at the systemic edge of life and nonlife
