Speculum A Journal Of Medieval Studies October 1983:

The Gender of Money in Middle English Literature Diane Cady, 2019-10-01 The Gender of Money in Middle English Literature Value and Economy in Late Medieval England explores the vital and under examined role that gender plays in the conceptualization of money and value in a period that precedes and shapes what we now recognize as the discipline of political economy Through readings of a range of late Middle English texts this book demonstrates the ways in which gender ideology provided a vocabulary for articulating fears and fantasies about money and value in the late Middle Ages These ideas inform beliefs about money and value in the West particularly in realms that are often seen as outside the sphere of economy such as friendship love and poetry Exploring the gender of money helps us to better understand late medieval notions of economy and to recognize the ways in which gender ideology continues to haunt our understanding of money and value albeit often in occluded ways *Literary Criticism Register* ,1984 *Journal of Women's History Guide to Periodical Literature* ,1992 Gayle V Fischer has produced a terrifically useful volume that no research library should be without The Journal of American History an indispensable resource to finding material on women s history throughout the world Journal of World History the work is recommended for its currency depth of coverage and scope Ethnic Forum As part of its mission to disseminate feminist scholarship and serve as the journal of record for the new area of women s history the Journal of Women s History began a compilation of periodical literature dealing with women s history This volume is drawn from more than 750 journals and includes material published from 1980 through 1990 There are forty subject categories and numerous subcategories The guide lists more than 5 500 articles all are extensively cross listed [The Catholicism of literature in the age of the Book of Common Prayer](#) Thomas Rist, 2025-03-11 Offering a complete reading of English Literature throughout 1558 1689 this book demonstrates the continuity of Roman Catholicism in English Literature from the accession of Elizabeth I to the deposing of James II Rist shows that poetry and plays promoted Roman Catholic ideas in a Biblicist age which established the Church of England through the Book of Common Prayer From the very idea of literary works to chapters on the Eucharist Purgatory Christian worship and the Virgin Mary Rist joins together major and minor authors of the era to present English Literature afresh Important literary figures include William Shakespeare Ben Jonson Thomas Middleton Queen Henrietta Maria John Donne John Dryden Robert Herrick Margaret Cavendish and Aphra Behn [The Papacy, the Jews, and the Holocaust](#) Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization Tomany its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII s stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti Judaism and secular anti Semitism In light of the polemical debate this subject has aroused during the past half century this is no small task In this work acclaimed author and

historian Frank J Coppa once again proves acapable guide to exploring the issue *Chronica* ,1984 *Shaping Courtliness in Medieval France* Daniel E. O'Sullivan,Laurie Shepard,2013 The question of what medieval courtliness was both as a literary influence and as a historical reality is debated in this volume The concept of courtliness forms the theme of this collection of essays Focused on works written in the Francophone world between the twelfth and fifteenth centuries they examine courtliness as both an historical privilege and aliterary ideal and as a concept that operated on and was informed by complex social and economic realities Several essays reveal how courtliness is subject to satire or is the subject of exhortation in works intended for noblemen and women not to mention ambitious bourgeois Others more strictly literary in their focus explore the witty thoughtful and innovative responses of writers engaged in the conscious process of elevating the new vernacular culture through the articulation of its complexities and contradictions The volume as a whole uniting philosophical theoretical philological and cultural approaches demonstrates that medieval courtliness is an ideal that fascinates us to this day It is thus a fitting tribute to the scholarship of Matilda Tomaryn Bruckner in its exploration of the prrofound and wide ranging ideas that define her contribution to the field DANIEL E O SULLIVAN is Associate Professor of French at the University of Mississippi LAURIE SHEPHARD is Associate Professor of Italian at Boston College in Chestnut Hill Massachusetts Contributors Peter Haidu Donald Maddox Michel Andr Bossy Kristin Burr Joan Tasker Grimbert David Hult Virgine Greene Logan Whalen Evelyn Birge Vitz Elizabeth W Poe Daniel E O Sullivan William Schenck Nadia Margolis Laine Doggett E Jane Burns Nancy FreemanRegalado Laurie Shepard Sarah White Medieval Games John Marshall Carter,1992 **Medieval History** Penelope Delafield Johnson,1985 **British Sport: a Bibliography to 2000** Richard Cox,2013-12-16 Volume one of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian Difference and Disability in the Medieval Islamic World Kristina Richardson,2012-07-23 Medieval Arab notions of physical difference can feel singularly arresting for modern audiences Did you know that blue eyes baldness bad breath and boils were all considered bodily blights as were cross eyes lameness and deafness What assumptions about bodies influenced this particular vision of physical difference How did blighted people view their own bodies Through close analyses of anecdotes personal letters auto biographies erotic poetry non binding legal opinions diaristic chronicles and theological tracts the cultural views and experiences of disability and difference in the medieval Islamic world are brought to life **Synopsis: An Annual Index of Greek Studies, 1993, 3** Andrew D. Dimarogonas,1998-10-28 Presents 12 860 entries listing scholarly publications on Greek studies Research and review journals books and monographs are indexed in the areas of classical Hellenistic Biblical Byzantine Medieval and modern Greek studies but no annotations are included After the general listings entries are also indexed by journal text name geography and subject The CD ROM contains an electronic version of the book Annotation copyrighted by Book News Inc

Portland OR **Leonardo and the Last Supper** Ross King, 2012-08-30 For more than five centuries The Last Supper has been an artistic religious and cultural icon The art historian Kenneth Clark called it the keystone of European art and for a century after its creation it was regarded as nothing less than a miraculous image And yet there is a very human story behind this artistic miracle Ross King s *Leonardo and the Last Supper* is both a biography of one of the most famous works of art ever painted and a record of Leonardo da Vinci s last five years in Milan *The Merovingians* Alexander Murray, 2022-05-17 The studies collected here cover a period of about 33 years from 1986 to 2019 and represent a sustained effort to understand the institutions of the Merovingian kingdom and its history There has long been a predisposition to cast the Merovingian period in the dark colours of barbarism or to treat it with reference to personal relationships and archaic institutions The present volume instead recognizes the Merovingian world not as an archaic primitive intrusion on the Mediterranean civilization of the Roman Empire but simply as a participant in the wider commonwealth that existed before and remained after the dissolution of the western imperial system in so doing it serves to refute the scholarly tendency to primitivize Merovingian governance its underlying institutions and the broader culture upon which these rested The collection is divided into four parts Part I considers the question of whether Merovingian kingship should be viewed as a species of archaic sacral kingship Part II on institutions has chapters that deal with various offices the grafio and centenarius public institutions especially immunity and public security and the broader makeup of the Merovingian state system Part III on charters procedure and law has chapters on the profile of the charter evidence as now presented in the new MGH edition of the Merovingian diplomas and one on particular procedures before the royal tribunal mistakenly referred to in scholarship as fictitious trials a final chapter provides a reflection on and basic guide to the law in general of the successor kingdoms with an eye to the evidence of Merovingian Gaul Part IV a slight change of pace deals with historiography both the modern variety Reinhard Wenskus and the Merovingian Gregory of Tours All chapters deal extensively with the historiography of their subjects This book will appeal to students and scholars alike interested in Early Medieval European history Merovingian history Early Medieval law and society Early Medieval historiography and the influence of Merovingian law and governance on later centuries CS 1104 How the West Became Antisemitic Ivan G. Marcus, 2025-08-05 An examination of how the Jews real and imagined so challenged the Christian majority in medieval Europe that it became a society that was religiously and culturally antisemitic in new ways In medieval Europe Jews were not passive victims of the Christian community as is often assumed but rather were startlingly assertive forming a Jewish civilization within Latin Christian society Both Jews and Christians considered themselves to be God s chosen people These dueling claims fueled the rise of both cultures as they became rivals for supremacy In *How the West Became Antisemitic* Ivan Marcus shows how Christian and Jewish competition in medieval Europe laid the foundation for modern antisemitism Marcus explains that Jews accepted Christians as misguided practitioners of their ancestral customs but regarded Christianity as idolatry Christians on the other hand looked at Jews

themselves not Judaism as despised They directed their hatred at a real and imagined Jew theoretically subordinate but sometimes assertive an implacable enemy within In their view Jews were permanently and physically Jewish impossible to convert to Christianity Thus Christians came to hate Jews first for religious reasons and eventually for racial ones Even when Jews no longer lived among them medieval Christians could not forget their former neighbors Modern antisemitism based on the imagined Jew as powerful and world dominating is a transformation of this medieval hatred A sweeping and well documented history of the rivalry between Jewish and Christian civilizations during the making of Europe How the West Became Antisemitic is an ambitious new interpretation of the medieval world and its impact on modernity **The Secret**

History of Dreaming Robert Moss,2010-09-07 Dreaming is vital to the human story It is essential to our survival and evolution to creative endeavors in every field and quite simply to getting us through our daily lives All of us dream Now Robert Moss shows us how dreams have shaped world events and why deepening our conscious engagement with dreaming is crucial for our future He traces the strands of dreams through archival records and well known writings weaving remarkable yet true accounts of historical figures who were influenced by their dreams In this wide ranging visionary book Moss creates a new way to explore history and consciousness combining the storytelling skills of a bestselling novelist with the research acumen of a scholar of ancient history and the personal experience of an active dreamer *British Sport*

Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian **Crusader Landscapes in the Medieval Levant** ,2016-08-20 Written to celebrate the prestigious career of Professor Denys Pringle this collection of articles produced by many of the leading archaeologists and historians in the field of crusades studies offers a compilation of pioneering scholarship on recent studies on the Latin East The geographical breadth of topics discussed in each chapter reflects both Pringle s international collaborations and research interests and the wide development of scholarly interest in the subject With a concentration on the areas corresponding to the crusader states during the twelfth and thirteenth centuries the articles also offer research into the neighbouring areas of Cyprus Anatolia Greece and the West and the legacy of the crusader period there with results from recent archaeological fieldwork in the Middle East *A Companion to John Scottus Eriugena* Adrian Guio,2019-10-21

John Scottus Eriugena d ca 877 is regarded as the most important philosopher and theologian in the Latin West from the death of Boethius until the thirteenth century He incorporated his understanding of Latin sources Ambrose Augustine Boethius and Greek sources including the Cappadocian Fathers Pseudo Dionysius and Maximus Confessor into a metaphysics structured on Aristotle s Categories from which he developed Christian Neoplatonist theology that continues to stimulate 21st century theologians This collection of essays provides an overview of the latest scholarship on various aspects of Eriugena s thought and writings including his Irish background his use of Greek theologians his Scripture hermeneutics his

understanding of Aristotelian logic Christology and the impact he had on contemporary and later theological traditions
