**In a Different Key** John Joseph Donvan, Caren Brenda Zucker, 2016 Many others played starring roles too doctors like Leo Kanner who pioneered our

understanding of autism lawyers like Tom Gilhool who took the families battle for education to the courtroom scientists who sparred over how to treat autism and those with autism like Temple Grandin Alex Plank and Ari Ne eman who explained their inner worlds and championed the philosophy of neurodiversity This is also a story of fierce controversies from the question of whether there is truly an autism epidemic and whether vaccines played a part in it to scandals involving facilitated communication one of many treatments that have proved to be blind alleys to stark disagreements about whether scientists should pursue a cure for autism

**Inheritance in Psychoanalysis** Joel Goldbach, James A. Godley, 2018-02-15 In contrast to the way inheritance is understood in scientific discourse and culture more broadly inheritance in psychoanalysis is a paradox Although it s impossible strictly speaking for the unconscious to be inherited this volume demonstrates how the concept of inheritance can occasion a rich reassessment and reinvention of psychoanalytic theory and practice The collection enacts a critical traversal of inheritance for psychoanalysis from the most basic assumptions of natural or biological inheritance such as innateness heredity evolution and ontogenesis to analysis of the ways cultural traditions can be challenged and transformed and finally to the reinvention of psychoanalytic practice in which the ethics of inheritance is fully realized as the individual s responsibility to transform the social bond Featuring strong interdisciplinary analysis rooted in both psychoanalysis and philosophy this volume further engages science politics and cultural studies and addresses contemporary political challenges such as autism and transgenderism
