It will help you to successfully structure and articulate your ideas, get to grips with critical reading, thinking and writing, and fulfil your full academic potential. The writing process, e.g. genre and style, critical thinking and reading, writing, sentence construction and proofreading/editing is demystified and translated into innovative, meaningful visual representations in the form of templates, images, icons, and prompts designed to meet the visual and big picture learning styles and strengths of your dyslexia. It is written to help you bridge the gap between your existing coping strategies and the increased demands and rigours of academic writing at university. This second edition features enhanced visual techniques for reading online, expanded material to cover scientific writing, literature reviews, reflective writing, and academic style, and detailed explanations of how dyslexia affects writing, how to reduce pressure on your working memory, and how to get your creativity and ideas onto the page in order to excel.
