*Free Spells that Work* Dayanara Blue Star,2015-03-28 For hundreds of years pagans and witches have used spell casting as a means of changing their lives and expressing their spirituality Learning to cast spells is an artful meditation a valuable way to get in touch with your true desires gain personal insight and magnetize the wealth of positivity that flows through the Earth and the spiritual plane Your altar and spell casting tools provide a physical medium for the energy and intention manifested from the deepest part of your soul Intention affects all of your actions on both conscious and subconscious levels You are a link in the chain of energy that flows within everything that exists Everyone has the ability to channel this energy and use it in pursuit of their goals and desires While this energy is extremely powerful you need not be an experienced mage to conjure positivity through spiritual practice You can cast effective spells using even the simplest tools because the power comes from within yourself Spell casting isn't the same as making a wish it is planting the seeds of intention so that your desires may grow and flourish Pagan tradition has long recognized that intuition psychic energy and motivation are elements of the mind that can be combined harmoniously and channeled together to achieve various goals In mainstream circles many people look toward the power of affirmations to improve their life While the language is different it is quite similar to the methods Wiccans and other pagans have been using since the ancient times By using spells you're creating a dialogue with the flow of energy from all realms of the Universe You can think of the results as a response to your communication and these results may surprise you Cast your spells with an open heart and an honest mind and be as honest with yourself as possible The spells listed in this book can be altered to suit your specific needs and desires and it is always best to go with your intuition go with what feels most true to you Spells do not work if you yourself do not believe what you're saying or doing so make it meaningful It is my pleasure to share my knowledge I've obtained through years of studying and practicing the craft My spiritual journey is always evolving and I cherish the ability to help others along with their journeys as well The more you practice the more in tune you will be with your own unique connection with the cosmic flow of energy that is the very pulse of Life Use your creativity keep an open mind and the path toward whatever you are seeking will unfold before you with new illuminations along the way Love and light to all Dayanara Blue Star
