The Fascination Begins in the Mouth Mary Gordon, Shelagh Mulvaney, 1998 *Hélène Cixous* Lee A. Jacobus, Regina Barreca, 2005-07-05 First published in 1999 Routledge is an imprint of Taylor Francis an informa company *The Art of Caregiving in Fiction, Film, and Memoir* Jeffrey Berman, 2020-10-29 Bringing together the human story of care with its representation in film fiction and memoir this book combines an analysis of care narratives to inform and inspire ideas about this major role in life Alongside analysis of narratives drawn from literature and film the author sensitively interweaves the story of his wife s illness and care to illuminate perspectives on dealing with human decline Examining texts from a diverse range of authors such as Leo Tolstoy Edith Wharton and Alice Munro and filmmakers such as Ingmar Bergman and Michael Haneke it addresses questions such as why caregiving is a dangerous activity the ethical problems of writing about caregiving the challenges of reading about caregiving and why caregiving is so important It serves as a fire starter on the subject of how we can gain insight into the challenges and opportunities of caregiving through the creative arts **Next to Nothing** James Champion, 2024-11-12 A lesser known tradition in theology the apophatic has resurfaced in our time Simply stated this tradition has long recognized that discussion of what God is not is central to theological discernment The apophatic emphasis on giving the negative its due has been rediscovered and enlarged today in several ways Above all this theological orientation warrants our radical questioning and honors the importance of doubt It also leads us to greater awareness of our hidden fears of loss and of the costs of our unconscious flight from death At the same time it can open the door to new perceptions of what lay persons as well as theologians such as Eckhart and Tillich have understood as our deepest relationship to the God beyond God This development is significant for those in progressive faith communities for those who call themselves spiritual but not religious and those who assume that religion and spirituality have no place in their lives **The Psychological and Social Impact of Disability** Robert P. Marinelli, 1999 Marinelli and Dell Orto continue the premise of their earlier editions of this widely adopted text and present a realistic perspective on disability Carefully selected articles and personal narratives capture the unique aspects of the psychological and social effects of disability Formatted to include thought provoking study questions and disability awareness exercises this text is recommended for students in rehabilitation counseling and physical therapy education programs as well as professionals in rehabilitation psychology and social work **The Seven Deadly Sins in the Work of Dorothy L. Sayers** Janice Brown, 1998 An examination of the work of Dorothy L Sayers beginning with her early poetry and moving through her fiction to her dramas essays and lectures It illustrates how Sayers used popular genres to teach about sin and redemption and how she redefined the seven deadly sins for the 20th century Reimagining Thoreau Robert Milder, 1995-03-31 Reimagining Thoreau synthesizes the interests of the intellectual and psychological biographer and the literary critic in a reconsideration of Thoreau s career from his graduation from Harvard in 1837 to his death in 1862 The purposes of the book are threefold 1

to situate Thoreau's aims and achievements as a writer within the context of his troubled relationship to a microcosm of ante bellum Concord 2 to reinterpret Walden as a temporally layered text in light of the successive drafts of the book and the evidence of Thoreau's journals and contemporaneous writings and 3 to overturn traditional views of Thoreau's decline by offering a new estimate of the post Walden writing and its place within Thoreau's development Rehabilitation Education, 1995 **New York Times Saturday Book Review Supplement**, 1993-04 *Virtuous Persons, Vicious Deeds* Alexander E. Hooke, 1999 This anthology helps students view virtue ethics as a significant and philosophically interesting approach to the good life With the inclusion of historical and contemporary readings *Virtuous People Vicious Deeds* captures the complex nature of a wide range of virtues and vices
