The Fate Of Confession Concilium Volume 19:

The Dark Box John Cornwell, 2014-03-04 A bestselling journalist exposes the connection between the Catholic Church's sexual abuse crisis and the practice of confession

Mission and the Coming of God Tim Chester, 2006-10-01 How does the eschatological future impinge on the present Is the kingdom of God present outside the confession of Christ in movements towards social justice Is Christian hope a stimulus to social involvement or an alternative And how does the present impinge on the eschatological future What is the relationship between our actions now and the new creation Is there eschatological continuity between the two Jürgen Moltmann one of our most influential contemporary theologians has had much to say both on eschatology and its relationship to mission This book explores his thought along with evangelical responses to it Eschatology has been central to evangelical debates about social involvement ever since the Lausanne Congress in 1974 The book examines how evangelicals themselves have related hope and mission The book highlights the important contribution Moltmann has made while offering a critique of his thought from an evangelical perspective In so doing it touches on pertinent issues for evangelical missiology The conclusion takes John Calvin as a starting point proposing an eschatology of the cross which offers a critique of the over-realized eschatologies in liberation theology and triumphalistic forms of evangelicalism This is a work of major importance engaging with crucial themes and leading Christian thinkers A must read for all reactive evangelicals Tim Chester's work is always good but this is the best yet

Martyn Atkins Principal Cliff College Calver UK Despite the attention of Moltmann and despite intra evangelical debate on the nature of mission over the last three decades the task of bringing Moltmann and evangelicalism into dialogue has remained on the table for some time Tim Chester takes up the agenda His combination of practical experience in mission and theological ability equip him well for this task and the result is a study which brings academic reasoning to bear on Christian thought about eschatology and its vital connection with the missionary responsibility of the church It rewards our careful attention

Stephen Williams Professor of Systemic Theology at Union Theological College Belfast Eschatology in relation to mission is often reduced to plans for fulfilling the Great Commission as soon as possible or to lurid end time scenarios that feed our fantasy more than they fuel biblical mission So it is refreshing to have this wide ranging in depth study of the theme that engages with one of the most well known theologians of biblical hope Jürgen Moltmann alongside a number of renowned evangelical scholars yet stays rooted in the text and vision of the Bible itself This is searching theology in the service of biblical mission as all theology ultimately should be

Sin and Politics Jeong Kii Min, 2009 Sin and Politics Issues in Reformed Theology is an overview of the relationship between sin and politics from the reformational point of view This short theological history is comprised of three parts politics without sin creational politics politics with sin fallen politics and politics beyond sin redeemed politics As a creation of human culture politics have been tainted with sinful distortion in this world but will be recovered in the future Kingdom by

the eternal kingship of the Lord of Lords Sin and Politics includes a summary and commentary on political discussions by various Reformed theologians It uncovers the Reformed tradition s positive regard for politics and the profound theological root of politics *Indigenous Australia and the Unfinished Business of Theology* J. Havea,2014-06-05 This book engages a complex subject that mainline theologies avoid Indigenous Australia The heritages wisdoms and dreams of Indigenous Australians are tormented by the discriminating mindsets and colonialist practices of non Indigenous peoples This book gives special attention to the torments due to the arrival and development of the church *Studia Liturgica* ,1988 **Faith and the Future** Johann Baptist Metz,Jürgen Moltmann,1995 In complementary ways these authors have emphasized the eschatological character of Christianity in a way that does justice both to the transcendent and this worldly implications of the gospel This book brings their work into a unique dialogue drawing on their respective contributions to the international journal Concilium of which they are both editors **Ancient African Christianity** David E. Wilhite,2017-07-14 Christianity spread across North Africa early and it remained there as a powerful force much longer than anticipated While this African form of Christianity largely shared the Latin language and Roman culture of the wider empire it also represented a unique tradition that was shaped by its context Ancient African Christianity attempts to tell the story of Christianity in Africa from its inception to its eventual disappearance Well known writers such as Tertullian Cyprian and Augustine are studied in light of their African identity and this tradition is explored in all its various expressions This book is ideal for all students of African Christianity and also a key introduction for anyone wanting to know more about the history religion and philosophy of these early influential Christians whose impact has extended far beyond the African landscape **Word and Sacrament** Paul Galbreath,2024-09-10 In this critical work liturgical scholar Paul Galbreath brings together key theological insights and historical analysis to offer a theological roadmap of where the Reformed tradition has traveled in order to propose directions for where it is heading From the time of John Calvin until today Reformed theology and worship have acknowledged Word and sacrament as central to its Christian identity Yet the ways in which Scripture is read and used in worship and the ways in which baptism and the Lord s Supper are experienced have varied and developed throughout the history of the Reformed church By exploring key liturgies confessions directories for worship and theological movements this book examines common theological themes and commitments that have undergirded worship as well as ways that our understandings and practices have developed in light of new contexts and challenges Historical insights from the Reformed tradition provide a basis for exploring patterns of worship that maintain the commitment to Word and sacrament while proposing new ways in which Scripture baptism and the Lord s Supper can be experienced in the postmodern context The study of how theological insights have prompted liturgical change provides a roadmap for how worship can adapt to address significant concerns that we face in our communities congregations and personal lives such as caring for the earth and responding to the needs of the poor Altogether Word and Sacrament offers constructive and practical directions that will lead to congregational renewal Martha

Moore Keish writes in her foreword Shaped by his years of serving as a pastor theologian and seminary professor deeply engaged in liturgical and sacramental renewal Galbreath argues that our theological presuppositions shape liturgical development This was true for Calvin in the sixteenth century for Barth in the early twentieth century for the formation of the Worshipbook and the Book of Common Worship in the late twentieth century and it remains true today Given this reality he argues we need to make conscious theological choices for the language and images that we use in worship **Christian Identity** Borght,2008-07-31 In this age of globalization a need for a communicative explanation of personal and group positions also motivates Christians to describe more precisely their identity in relation to other actors in society What makes a Christian a Christian What is specifically Christian in social actions or political calling Is there a difference between Christian justice and justice in general and the way Christians deal with justice What is our calling as Christians The contributions in this volume are the result of the 6th biannual IRTI conference in Seoul 2005 on this theme Catholic Dogmatic Theology: A Synthesis, Book 3 Jean-Herve Nicolas,Nicolas Op Jean-Herve,2024-05-10 This volume discusses the nature of theological science and the mystery of the Triune God introduces the reader to classical Thomistic positions concerning the theological articulation of the Trinitarian mystery including the topic of the divine missions providing an important connection between the dogmatic portion of theology and its spiritual moral concerns
