Stewart, 2020-10-06 The New York Times bestseller from the award winning author of Den of Thieves and Unscripted Important and stunning This is must read material if you want to understand what the Trump administration is still up to right now Lawrence O Donnell There are questions that the Mueller report couldn't or wouldn't answer What actually happened to instigate the Russia investigation Did President Trump's meddling incriminate him There's no mystery to what Trump thinks He claims that the Deep State a cabal of career bureaucrats among them Andrew McCabe Lisa Page and Peter Strzok previously little known figures within the FBI whom he has obsessively and publically reviled is concerned only with protecting its own power and undermining the democratic process Conversely James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law For the first time bestselling author James B Stewart sifts these conflicting accounts to present a clear eyed view of what exactly happened inside the FBI in the lead up to the 2016 election drawing on scores of interviews with key FBI Department of Justice and White House officials and voluminous transcripts notes and internal reports In full detail this is the dramatic saga of the FBI's simultaneous investigations of both Hillary Clinton and Donald Trump the first time in American history the FBI has been thrust into the middle of both parties campaigns for the presidency Stewart shows what exactly was set in motion when Trump fired Comey triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself And how this unprecedented event joined in ongoing combat two vital institutions of American democracy the presidency and the Federal Bureau of Investigation At stake in this epic battle is the rule of law itself the foundation of the U S Constitution There is no room for compromise but plenty for collateral damage The reputations of both sides have already been harmed perhaps irrevocably and at great cost to American democracy Deep State goes beyond the limits of the legally constrained Mueller report showing how the president's obsession with the idea of a conspiracy against him is still upending lives and sending shockwaves through both the FBI and the Department of Justice In this world historical struggle Trump versus intelligence agencies Stewart shows us in rare style what's real and what matters now And for the looming 2020 election **Out of the Ordinary** John Hollywood, Diane Snyder, Kenneth N. also described **The Parent Trap** Nate G. Hilger,2023-04-04 How parents have been set up to fail and why helping them succeed is the key to achieving a fair and prosperous society Few people realize that raising children is the single largest industry in the United States Yet this vital work receives little political support and its primary workers parents labor in isolation If they ask for help they are made to feel inadequate there is no centralized organization to represent their interests and there is virtually nothing spent on research and development to help them achieve their goals It s almost as if parents are set up to fail and the result is lost opportunities that limit children s success and make us all worse off In The Parent Trap Nate Hilger combines cutting edge social science research revealing historical case studies and on the ground investigation to recast parenting as the hidden crucible of inequality Parents are expected not only to care for their children but to help them develop the skills they will need to thrive in today s socioeconomic reality but most parents including even the most caring parents on the planet are not trained in skill development and lack the resources to get help How do we fix this The solution Hilger argues is to ask less of parents not more America should consider child development a public investment with a monumental payoff We need a program like Medicare call it Familycare to drive this investment To make it happen parents need to organize to wield their political power on behalf of children who will always be the largest bloc of disenfranchised people in this country The Parent Trap exposes the true costs of our society s unrealistic expectations around parenting and lays out a profoundly hopeful blueprint for reform

Unsolved! Craig P. Bauer,2019-06-18 In 1953 a man was found dead from cyanide poisoning near the Philadelphia airport with a picture of a Nazi aircraft in his wallet Taped to his abdomen was an enciphered message In 1912 a book dealer named Wilfrid Voynich came into possession of an illuminated cipher manuscript once belonging to Emperor Rudolf II who was obsessed with alchemy and the occult Wartime codebreakers tried and failed to unlock the book s secrets and it remains an enigma to this day In this lively and entertaining book Craig Bauer examines these and other vexing ciphers yet to be cracked Some may reveal the identity of a spy or serial killer provide the location of buried treasure or expose a secret society while others may be elaborate hoaxes Unsolved begins by explaining the basics of

cryptology and then explores the history behind an array of unsolved ciphers. It looks at ancient ciphers, ciphers created by artists and composers, ciphers left by killers and victims, Cold War ciphers, and many others. Some are infamous like the ciphers in the Zodiac letters, while others were created purely as intellectual challenges by figures such as Nobel Prize winning physicist Richard P. Feynman. Bauer lays out the evidence surrounding each cipher, describes the efforts of geniuses and eccentrics in some cases both to decipher it, and invites readers to try their hand at puzzles that have stymied so many others. *Unsolved* takes readers from the ancient world to the digital age, providing an amazing tour of many of history's greatest unsolved ciphers. Foreverland Boxed Tony Bertauski, 2019-08-30. A place where dreams come true and a

nightmare to escape. The boys woke on a tropical island. The girls in the wilderness. They don't know where they are or how they got there. Remembering who they are is only the beginning. Reed will make great sacrifices to find a lost love. Danny Boy will refuse to let the old men win. Cyn will battle through madness. Their escape is through dreamlands of alternate reality through deceit and temptation, warped memories and stolen identities. In the end, they'll discover the greed that powers Foreverland and what it wants in return for making dreams come true. Can they find their way? **Official Gazette of the**

United States Patent and Trademark Office, 1985. **An Unmitigated Disaster** Robert O. Schneider, 2022-01-11. Highlighting American cultural and political contexts, this book provides an in-depth assessment of the breadth and magnitude of the United States' errors in its response to the COVID-19 pandemic. *An Unmitigated Disaster* chronicles and explains the U.S. response to the COVID-19 pandemic. Emergency management expert Robert O. Schneider considers the quality of U.S. pandemic planning and preparedness, the quality and effectiveness of national, state, and local response efforts, and the performance of national leaders during this historic public health crisis. The book culminates in an assessment of how a predictable public health threat became an unprecedented health, economic, and security disaster. Schneider convincingly shows that conscious decisions were made by governmental authorities, beginning with the president, to ignore expert information and security intelligence in pursuit of other objectives. In other words, Schneider argues that if the U.S. was ill-prepared for or slow to respond to the crisis, it was because its leaders consciously chose to be ill-prepared or slow to respond. Readers will be fascinated by this behind-the-scenes exposé of a pandemic year. Parameters, 2013.
