Encyclopedia of New Religious Movements Peter Clarke, 2004-03 An essential companion to both research and scholarship upon which undergraduates postgraduates lecturers and researchers can all be expected to draw *Exploring New Religions* George D. Chryssides, 1999-12-01 An objective well researched history of contemporary new religions and cults New religious movements popularly known as cults arouse strong public opinion and most books on the subject are polemical giving hostile reaction rather than informed exploration Exploring New Religions provides an account of a wide variety of new religions focusing on their origins beliefs and practices which are set out in a dispassionate way leaving readers to form their own value judgements George Chryssides provides important analysis of the killer cults the Jonestown

People's Temple Waco the Solar Temple and Heaven's Gate examining the factors that made their followers willing to die for their cause Older groups like the Jehovah's Witnesses and Latter-day Saints Mormons are discussed and Chrystides traces the development of a variety of strands of spirituality ranging from New Thought Spiritualism and Theosophy Subsequent chapters include the Baha'i the Family formerly Children of God the Hare Krishna movement ISKCON the Jesus Army the Rastafarians the Church of Scientology Transcendental Meditation TM and the Unification Church the Moonies Lower profile groups are also discussed including EST Erhard Seminar Training the New Kadampa Tradition Brahma Kumaris Sai Baba Subud and the Western Buddhist Order A study of the New Age phenomenon and an account of societal responses to new religions at religious societal and political levels is also included

Energetic Cellular Healing and Cancer Tjitze de Jong, 2021-02-16 A guide to the psychological causes of cancer and how energetic healing can assist in a mind-body cure Unravels the psychological aspects of an individual's energetic defense system with a focus on cancer and provides insight into how energetic distortions in our physical and energetic bodies can lead to illness Explores where possible energetic blocks might develop and how energetic cellular healing techniques can assist in dissolving them Shares intimate cancer journeys from individuals the author has worked with As a complementary energy healer Tjitze de Jong has supported hundreds of clients during their journey with cancer over the past 15 years In Energetic Cellular Healing and Cancer he provides insight into the functioning of our cells and our immune system and how energetic distortions in our physical as well as energetic bodies for example in our chakras and auras can lead to illness He explores the correlation between cancer and emotional imbalances and explains how energetic healing techniques can make a difference in how our bodies cope with and heal illness Drawing on the work of Wilhelm Reich and Barbara Brennan the author unravels the psychological aspects of an individual's energetic defense system and examines where possible energetic blocks might develop or have their origin and how they can be dissolved He also details energetic exercises that instantly stimulate the vibrancy of the aura and the chakras and offers practical advice on how to enhance and strengthen the immune system Sharing intimate stories of cancer journeys from individuals he has worked with Tjitze de Jong emphasizes that before healing is within the realm of possibility an individual needs to be able to recognize self-limiting and self-debilitating beliefs behaviors and patterns nearly always based on experiences from our formative early years Once a person starts to engage in deep inner work they are able to start releasing these patterns and move toward regaining their autonomy and eventually better health While the focus of this book is on cancer much of the information offered here is relevant for other illnesses too making this an excellent guide for self-exploration and healing as well as a reference tool for therapists and alternative health practitioners
