on human life are inextricably linked to time which in turn cannot be conceived of without eternity. Eternity is a measure of time but also Michalski argues something Nietzsche viewed first and foremost as a physiological concept having to do with the body. The body ages and decays involving us in a confrontation with our eventual death. It is in relation to this brute fact that we come to understand eternity and the finitude of time. Nietzsche argues that humanity has long regarded the impermanence of our life as an illness in need of curing. It is this pathology that Nietzsche called nihilism. Arguing that this insight lies at the core of Nietzsche's philosophy as a whole, Michalski seeks to explain and reinterpret Nietzsche's thought in light of it. Michalski maintains that many of Nietzsche's main ideas including his views on love, morality, beyond good and evil, the will to power, overcoming the suprahuman or the overman as it is infamously referred to, the Death of God, and the myth of the eternal return take on new meaning and significance when viewed through the prism of eternity.

Divining Your Life: Candle Readings with the Flame of Vesta Debra May Macleod, *Divining Your Life: Candle Readings with the Flame of Vesta*. If reading Debra May Macleod's historical fiction novels on the Vestals of ancient Rome inspired you to light a candle or if you've always felt an instinctual reverence when looking into a flame, this unique and spirited nonfiction offering will appeal to you. Since the dawn of civilization, humankind has turned to divination from ancient oracles to modern astrologers to glean the answers to life's most pressing questions from relationships and relocating to career and success. In *Divining Your Life*, the author blends ancient divination practices with modern sensibilities to forge an intelligent method of candle reading, one done by the sacred flame of the goddess Vesta. In fact, Debra's unique method is largely based on what she learned and surmised while researching her book series on the Vestal Virgins, those priestesses who tended the goddess's eternal fire in the temple. By learning to read the flame, vapor, and wax formations of a candle and by tapping into and trusting your own intuition as you do, you can gain powerful insight into your own past and present and find enlightenment on what path to choose to have the future you want. So whether you are hoping to find meaningful answers to life's big questions or you just want to have a little fun with friends, this fiery book is for you.

heart fail you for the first time La Foscarina asked with a slight smile touching the hand of the silent friend sitting beside her
I see you are a little pale and you seem preoccupied Yet this is a beautiful night for the triumph of a great poet She gathered
into one deeply conscious glance all the beauty scattered so divinely through that last hour of the September twilight In the
dark living firmament of her eyes the neighbouring garlands of light created by the oar as it dipped in the water seemed to
encircle the fiery angels that shone from afar on the towers of San Marco and of San Giorgio Maggiore As ever she added in
her sweetest voice as ever all things are favourable to you On an evening like this what soul could remain closed to the
dreams that it shall please your words to bring forth Do not you feel already that the crowd is eager to welcome your
revelation Thus delicately she soothed her friend wrapping him round with continual praise exalting him with continual hope
