The Fleeing Atalanta:

The Fleeing Atalanta David Foster, 1977 A Web of Fantasies Patricia B. Salzman-Mitchell, 2005 Drawing on recent scholarship in art film literary theory and gender studies *A Web of Fantasies* examines the complexities symbolism and interactions between gaze and image in Ovid's *Metamorphoses* and forms a gender sensitive perspective It is a feminist study of Ovid's epic which includes many stories about change in which discussions of viewers viewing and imagery strive to illuminate Ovid's constructions of male and female Patricia Salzman Mitchell discusses the text from the perspective of three types of gazes of characters looking of the poet who narrates visually charged stories and of the reader who sees the woven images in the text Arguing against certain theorists who deny the possibility of any feminine vision in a male authored poem the author maintains that the female point of view can be released through the traditional feminine occupation of weaving featuring the woven images of Arachne involved in a weaving contest in which she tried to best the goddess Athena who turned her into a spider and Philomela who had her tongue cut out so had to weave a tapestry depicting her rape and mutilation The book observes that while feminist models of the gaze can create productive readings of the poem these models are too limited and reductive for such a protean and complex text as *Metamorphoses* This work brings forth the pervasive importance of the act of looking in the poem which will affect future readings of Ovid's epic **BOOK JACKET**

The Magic Flute Tjeu van den Berk, 2022-06-13 This volume demonstrates for the first time that Mozart's opera *Die Zauberflöte* is an enactment of the alchemical opus magnum in the form of a chemical wedding Towards the end of the 18th century alchemy was still a prominent mystical current within the Order of Freemasons of which Mozart and his librettists were members The central part focuses on the opera's alchemical structure whereas the historical and mythological backgrounds are also dealt with extensively The book comes with 3 CD's offering a rendition of the integral opera in contrast to the common practice of leaving out major parts of the libretto The *Magic Flute* is a fascinating journey of discovery an initiation into Initiation With complete original libretto and over 100 pictures **From Alchemy to Chemistry** John Read, 2013-01-23 Broad humanistic treatment focuses on great figures of chemistry and ideas that revolutionized the science Much on alchemy also development of modern chemistry atomic theory elements organic chemistry more 50 illustrations **The Hesiodic Catalogue of Women and Archaic Greece** Kirk Ormand, 2014-04-28 This book examines the extant fragments of the archaic Greek poem known in antiquity as Hesiod's *Catalogue of Women* Kirk Ormand shows that the poem should be read intertextually with other hexameter poetry from the eighth to sixth century BCE especially Homer Hesiod and the Cyclic epics Through literary interaction with these poems the *Catalogue* reflects political and social tensions in the archaic period regarding the production of elite status In particular Ormand argues that the *Catalogue* reacts against the middling ideology that came to the fore during the archaic period in Greece championing traditional aristocratic modes of status Ormand maintains that the poem's presentation of the end of the heroic age is a reflection of a declining emphasis on nobility of birth
