Christian Atheist Brian Mountford, 2011-06-16 Christian Atheist examines the growing religious phenomenon of those who are drawn to Christianity without accepting its metaphysical claims or dogma Throughout the history of the Church there have been many people like this who have sat differently to the central creedal claims but in the contemporary god delusion culture more are coming out to claim acceptance for their views The key to the book is a set of interviews with people who fall broadly into the Christian Atheist category some are more agnostic and less sceptical than others but what they have in common is the rejection of traditional belief in God counterbalanced by an admiration for the aesthetic genius of Christianity leading to a sense of deeper value the Christian moral compass and in some cases the community aspect of Christian life

God or Godless? John W. Loftus, Randal Rauser, 2013-04-15 Perhaps the most persistent question in human history is whether or not there is a God Intelligent people on both sides of the issue have argued sometimes with deep rancor and bitterness for generations The issue can't be decided by another apologetics book but the conversation can continue and help each side understand the perspectives of the other In this unique book atheist John Loftus and theist Randal Rauser engage in twenty

short debates that consider Christianity the existence of God and unbelief from a variety of angles Each concise debate centers on a proposition to be resolved with either John or Randal arguing in the affirmative and the opponent the negative and can be read in short bits or big bites This is the perfect book for Christians and their atheist or agnostic friends to read together and encourages honest open and candid debate on the most important issues of life and faith [The Christian Atheist](#) Robert R. Blake,2002-12-10 Finally Someone has pulled together modern science with spiritual understanding The result is a thought provoking look at traditional Christian and other religious teachings without the mythology and a 2 000 year old world view It challenges the reader to recommit to the values stemming from traditional religious teachings but with a modern scientific understanding of how the universe came into being and functions The author was ordained as a minister but his studies and search for intellectual honesty led him to conclude that the ancient world view of Biblical and other religions often dont make any sense This book offers help to those who likewise are fearless seekers of truth feel some sort of spiritual connection but dont feel totally comfortable with what religious tradition teaches about creation afterlife prayer sin and miracles Humorous and challenging stories of the authors own struggles interweave with modern physics and the psychology of human consciousness to provide a very readable no nonsense down to earth understanding of why people are spiritual It reaffirms that human beings are a totality of mind body and spirit but challenges philosophical and religious teachings to correspond with the current knowledge we have gained in science medicine psychology and every day experience The books central thesis is that human beings through evolution have become the conscious mind of God and now have the responsibility of co creation on Earth **The Christian Atheist Bible Study Participant's Guide** Craig Groeschel,2013-04-17 Be more than just Christian in name In this six session small group Bible study DVD digital video sold separately pastor and author Craig Groeschel leads you and your group on a personal journey toward an authentic God honoring life This honest hard hitting and eye opening look into the ways people believe in God but live as if he doesn t exist is a classic of church small groups and discipleship training You believe in God attend church and you generally treat people with kindness But have you surrendered to God completely living every day depending upon the Holy Spirit In this small group Bible study Groeschel encourages you and your group to develop your faith with the gospel to be honest before God and to break free of hypocrisy to live a more authentic God honoring life Sessions include When you Believe in God but Don t Really Know Him When you Believe in God but Don t Think He s Fair When You Believe in God but Aren t Sure He Loves You When You Believe in God but Trust More in Money When You Believe in God but Pursue Happiness at Any Cost When You Believe in God but Don t Want to Go Overboard Designed for use with The Christian Atheist Video Study 9780310329794 sold separately *The Christian, the Atheist and the Freedom* Joseph A. The Point of Faith Josh Davis,2016-12-09 Is Christ worth pursuing Is faith worth saving worth fighting for The Point of Faith is for the Christ seeker on all stages of the journey seeking to strengthen their understanding against the onslaught of

anti Christian thought The Barna group stated 73% of Americans identify as Christian and that faith is personally important to them Yet only a small portion have a biblical worldview or paradigm This book is an invitation to free the mind from assumption step back and examine the viewpoint of Christ and the Bible If we think of life as a journey then we see that for the Christian Atheist and Agnostic alike each use a kind of road map or paradigm as a guide It is my assertion that each of these worldviews is based on some degree of faith trust or belief If ones paradigm fails to guide them to a good destination then what good is it I believe we need to ask what I call the seven fundamental questions of life which are Identity origin meaning purpose ethical value love and consciousness These questions apply to any worldview I believe through the recovery of true Biblical faith that Christ will transform lives Christs own words bid us I came that they may have life and have it in abundance 10 10
