

A woman with dark skin and blue eyes, wearing a blue and gold Egyptian-style dress with a large collar and a long skirt. She has her hands pressed together in a prayer or greeting gesture. She is wearing a blue and gold headscarf with a cobra emblem on top. The background is a desert landscape with a blue river, palm trees, and a small boat in the water. The sky is blue with white clouds and birds.

Clibborn Edward Clibborn, 1868 *Pharaoh's Daughter* Edward Clibborn, 1874 Daughters in the Hebrew Bible Kimberly D. Russaw, 2018-03-15 While the expectations and circumstances of women s lives in ancient Israel have received considerable attention in recent scholarship to date little attention has been focused on the role of daughters in Hebrew narrative that is of yet unmarried female members of the household who are not yet mothers Kimberly D Russaw argues that daughters are more than foils for the males fathers brothers etc in biblical narratives and that they often use particular tactics to navigate antagonistic systems of power in their worlds Institutions and power structures favor the patriarch sons inherit such privileges and benefits and wives and mothers are ascribed special status because they ensure the patrilineal legacy by birthing sons but daughters do not receive such social favor or standing Instead of privileging daughters systems and institutions control their bodies restrict their access and constrict their movement Combining philological data social science models and cross cultural comparisons Russaw examines the systems that constrict biblical daughters in their worlds and the strategies they employ when hostile social forces threaten their well being **Fathers and Daughters in the Hebrew Bible** Johanna Stiebert, 2013-03-28 The father daughter dyad features in the Hebrew Bible in all of narratives laws myths and metaphors In previous explorations of this relationship the tendency has been to focus on discrete stories notable among them Judges 11 the story of Jephthah s human sacrifice of his daughter and Genesis 19 the dark tale of Lot s daughters seduction of their father By taking the full spectrum into account however the daughter emerges prominently as not only

expendable and exploitable as an emphasis on daughter sacrifice or incest has suggested but as cherished and protected by her father. Depictions of daughters are multifarious and there is a balance of very positive and very negative images. While not uncritical of earlier feminist investigations, this book makes a contribution to feminist biblical criticism and utilizes methods drawn from the social sciences and psychoanalysis. Alongside careful textual analysis, Johanna Stiebert offers a critical evaluation of the heuristic usefulness of the ethnographic honour/shame model of parallels with Roman family studies and of the application and meaning of patriarchy. Following semantic analysis of the primary Hebrew terms for father and daughter as well as careful examination of inter-family dynamics and the daughter's role vis-à-vis the son's, alongside thorough investigation of both Judges 11 and Genesis 19 and also of the metaphor of God the father of daughters, Eve Wisdom and Zion, Stiebert provides the fullest exploration of daughters in the Hebrew Bible to date.
