What They Didn't Teach You in American History Class Mike Henry, 2016-06-07 For the average person most of the American history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests That s not the fault of their teachers who were just carrying out the directives of their employers But it s also a fact that a great deal of that content that

they were teaching is dry and boring However as in every aspect of life there is always another story behind each major event The story of America is interesting and exciting but it s those lesser known parts of our history that make it special Even though in most cases the names and events in the book will be recognizable most of the stories about them will be new to the reader If you re a young teacher perhaps you ll find some material to help you get through those less than exciting areas of your textbook If you hated history as a student maybe you ll find some of these tales entertaining For those of you who are history buffs hopefully you ll come across a few things that are new to you American History DK,2023-10-31 From the pilgrims and the presidents to modern day politics explore the history of the world s greatest superpower Uncover the key moments that shaped American history in this extensive history encyclopedia for children Get the background on the Battle of Yorktown and discover what started the American Revolution Learn the legends of the Wild West and relive the atmosphere of the Roaring Twenties Covering everything from the cultures of the Indigenous peoples of North America right up to the events of the present day American History A Visual Encyclopedia is the ultimate reference tool for exploring the history of one of the most remarkable nations in the world Created in collaboration with the Smithsonian Institution American History A Visual Encyclopedia gives detailed historical information and brings it to life with more than 750 photographs and paintings plus extensive maps charts and state specific information Each double page spread focuses on one aspect of the country s history be it the Civil War or civil rights the Great Depression or the moon landing Complete texts of the Declaration of Independence and the U S Constitution are included in the book for easy reference for classroom work or reports Perfect as both a valued homework helper and a fascinating read American History A Visual Encyclopedia showcases the incredible journey the United States of America has made to become the major 21st century power it is today **The Magazine of American History with Notes and Queries** Martha Joanna Lamb,John Austin Stevens,Henry Phelps Johnston,Benjamin Franklin DeCosta,Nathan Gillett Pond,William Abbatt,2024-08-06 Reprint of the original first published in 1879 **A First Book in American History** Edward Eggleston,1889 **Teaching American History in a Global Context** Carl J.
