The First Peacetime Draft:

The First Peacetime Draft John Garry Clifford, Samuel R. Spencer, 1986 Using the Selective Service Act of 1940 as a focus to illuminate the evolution of American policy and attitudes toward the Second World War The First Peacetime Draft unites exhaustive research with crisp narrative and trenchant analysis It is a first rate work Arthur Schlesinger Jr author of The Age of Roosevelt and The Imperial Presidency A Brief History of the U.S. Army in World War II: Campaigns of World War II (Pamphlet) Center of Military History (U S Army), 1940 Susan Dunn, 2013-06-04 A history of the 1940 U S presidential election when bitterly divided Americans debated the fate of the nation and the world In 1940 against the explosive backdrop of the Nazi onslaught in Europe two farsighted candidates for the U S presidency Democrat Franklin D Roosevelt running for an unprecedented third term and talented Republican businessman Wendell Willkie found themselves on the defensive against American isolationists and their charismatic spokesman Charles Lindbergh who called for surrender to Hitler s demands In this dramatic account of that turbulent and consequential election historian Susan Dunn brings to life the debates the high powered players and the dawning awareness of the Nazi threat as the presidential candidates engaged in their own battle for supremacy 1940 not only explores the contest between FDR and Willkie but also examines the key preparations for war that went forward even in the midst of that divisive election season The book tells an inspiring story of the triumph of American democracy in a world reeling from fascist barbarism and it offers a compelling alternative scenario to today s hyperpartisan political arena where common ground seems unattainable Anyone today who believes that U S involvement and the ultimate Allied triumph in World War II was inevitable must read this important history Michael Beschloss New York Times bestselling author of Presidential Courage Susan Dunn a prolific and outstanding historian has crafted a fast paced serious and extraordinarily well researched book about the events surrounding the pivotal 1940 election Her main characters come brilliantly to life I could hardly put the book down James T Patterson author of Bancroft Prize winning Grand Expectations The United States 1945 1974 Those Angry Days Lynne Olson, 2014-01-14 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND KIRKUS REVIEWS From the acclaimed author of Citizens of London comes the definitive account of the debate over American intervention in World War II a bitter sometimes violent clash of personalities and ideas that divided the nation and ultimately determined the fate of the free world At the center of this controversy stood the two most famous men in America President Franklin D Roosevelt who championed the interventionist cause and aviator Charles Lindbergh who as unofficial leader and spokesman for America s isolationists emerged as the president s most formidable adversary Their contest of wills personified the divisions within the country at large and Lynne Olson makes masterly use of their dramatic personal stories to create a poignant and riveting narrative While FDR buffeted by political pressures on all sides struggled to marshal public support for aid to Winston Churchill s Britain Lindbergh saw his heroic reputation besmirched and his marriage thrown into

turmoil by allegations that he was a Nazi sympathizer Spanning the years 1939 to 1941 Those Angry Days vividly re creates the rancorous internal squabbles that gripped the United States in the period leading up to Pearl Harbor After Germany vanquished most of Europe America found itself torn between its traditional isolationism and the urgent need to come to the aid of Britain the only country still battling Hitler The conflict over intervention was as FDR noted a dirty fight rife with chicanery and intrigue and Those Angry Days recounts every bruising detail In Washington a group of high ranking military officers including the Air Force chief of staff worked to sabotage FDR s pro British policies Roosevelt meanwhile authorized FBI wiretaps of Lindbergh and other opponents of intervention At the same time a covert British operation approved by the president spied on antiwar groups dug up dirt on congressional isolationists and planted propaganda in U S newspapers The stakes could not have been higher The combatants were larger than life With the immediacy of a great novel Those Angry Days brilliantly recalls a time fraught with danger when the future of democracy and America s role in the world hung in the balance Praise for Those Angry Days Powerfully re creates this tenebrous era Olson captures in spellbinding detail the key figures in the battle between the Roosevelt administration and the isolationist movement The New York Times Book Review Popular history at its most riveting In Those Angry Days journalist turned historian Lynne Olson captures the period in a fast moving highly readable narrative punctuated by high drama Associated Press **Mobilizing America: Robert P.**

Patterson and the War Effort, 1940-1945 Keith Eiler, 2022-12-14 Judge Robert P Patterson resigned from the US Court of Appeals for the Second Circuit in New York City in 1940 to join the War Department to help prepare the country for a war he knew was coming As Under Secretary of War he was responsible under Secretary of War Henry L Stimson for industrial mobilization and procurement for the army and the army air force The study documents Patterson s extraordinary and largely unrecognized contributions to the war effort recounts how the federal government transformed itself for war and converted a vast market oriented economy into an effective war machine and documents numerous issues about the evolution of civil military relations during the emergency Patterson emerges as a self effacing public servant of unusual ability and character This splendid biography does belated justice to one of the unsung heroes of the Second World War Robert P Patterson a quiet man of commanding ability and sturdy purpose played a key role in the mobilization of American men and resources that made victory possible Mobilizing America illuminates both the integrity of the man and the complexity of his achievement Arthur Schlesinger Jr In Mobilizing America Keith E Eiler makes a significant contribution to our understanding of the mobilization by describing the contributions of Robert P Patterson a heretofore neglected yet pivotal figure in making President Franklin D Roosevelt s vision of America as the Arsenal of Democracy into a reality Mobilizing America is a worthy work of scholarship Gracefully written it deftly examines Patterson s style and numerous issues of wartime policy and reminds us that a purposeful individual can make a difference in a vast national endeavor The Journal of Military History Students of the Second World War even professional military officers are often woefully uninformed about the vast and

complex war effort waged on the home front to provide the supplies trained manpower and munitions necessary to ultimate victory Keith Eiler has found a way to portray this mobilization effort vividly by telling the story through the eyes of Undersecretary of War Robert P Patterson a modest but dynamic man whose contributions in the author s words were comparable only to those of the army s chief of staff General George C Marshall and of the president himself I recommend this book to anyone seeking to attain a full understanding of the entire United States war effort John S D Eisenhower As a study of the domestic economy during WWII this book is unparalleled Choice Eiler has written a comprehensive account of Patterson s Herculean efforts largely unrecognized then or later which were so essential for the final victory Patterson emerges as a patriot and ideal public servant Library Journal This account of the career of one of the 20th century s great public servants is a dramatic story ably narrated and documented about a side of World War II the domestic war against entrenched bureaucracy in which Patterson played an heroic role Washington Times A detailed well researched book The Journal of American History Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s this book offers readers a ready reference portrait of one of the twentieth century s most tumultuous decades In nearly 600 concise entries the volume quickly defines a historical figure institution or event and then points readers to three sources that treat the subject in depth In selecting topics for inclusion the editors and authors offer a representative slice of life as contemporaneous Americans saw it with coverage of people movements court cases and economic social cultural political military and technological changes The book focuses chiefly on the United States but places American lives and events firmly within a global context *World War II* Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents

volume represents a valuable repository of additional information for student research *Hippie Dictionary* John Bassett McCleary, 2013-05-22 Whether you lived through the sixties and seventies or just wish you had this revised and expanded edition of the Hippie Dictionary entertains as much as it educates Cultural and political listings such as Age of Aquarius Cesar Chavez and Black Power Movement plus popular phrases like acid flashback get a grip and are you for real will remind you of how revolutionary those 20 years were Although the hippie era spans two decades beginning with the approval of the birth control pill in 1960 and ending with the death of John Lennon in 1980 it wasn't all about sex drugs and rock n roll These were the early years of pro ecology and anti capitalist beliefs beliefs that are just as timely as ever So kick back and trip out on the new entries as well as the old and discover why some are dubbing the sixties and seventies the intellectual renaissance of the 20th century **Selective Service Presents a Teacher's Guide** ,1996 **The Chickenhawk**

Syndrome Cheyney Ryan, 2009-05-16 In recent years the question of war and sacrifice has been a major topic of political debate and controversy If our country goes to war for reasons we endorse what is our responsibility to share in its sacrifices Does supporting a war mean serving in it Does it mean encouraging our children to do so Such questions have been posed by the so called chickenhawk phenomenon pro war leaders and their pro war children who call on Americans to assume the burden of war and its sacrifices but avoid those sacrifices themselves President Bush and other architects of the Iraq conflict were the most prominent chickenhawks Cheyney C Ryan argues that the chickenhawk issue is not just a matter of personalities it will remain with us for a long time even though the Bush administration has left office Ryan poses fundamental questions of war and personal sacrifice pointing to the basic disconnection in American politics generally between the support for war and the willingness to assume its costs which he calls Alienated War Calling for the reinvigoration of civic involvement this illuminating and insightful book offers both a philosophical and historical exploration of America's citizen soldier tradition and the consequences involved in separating the citizenry from the armed forces
