The First Rapprochement Bradford Perkins, 2003-01-01 **McDowell and the Hermeneutic Tradition** Daniel Martin Feige, Thomas J. Spiegel, 2023-12-18 This volume explores the connections between John McDowell's philosophy and the hermeneutic tradition. The contributions not only explore the hermeneutical aspects of McDowell's thought but also ask how this reading of McDowell can inform the hermeneutical tradition itself. John McDowell has made important contributions to debates in epistemology, metaethics, and philosophy of language, and his readings of Aristotle, Kant, Hegel, and Wittgenstein have proved widely influential. While there are instances in which McDowell draws upon the work of hermeneutic thinkers, the hermeneutic strand of McDowell's philosophy has not yet been systematically explored in depth. The chapters in this volume open up a space in which to read McDowell himself as a hermeneutic thinker. They address several research questions: How can McDowell's recourse to the hermeneutical tradition be understood in detail? Besides Gadamer, does McDowell's work implicitly convey and advance motives from other seminal figures of this tradition such as Heidegger and Dilthey? Are there aspects of McDowell's position that can be enhanced through a juxtaposition with central hermeneutic concepts like World Tradition and Understanding? Are there further, perhaps yet unexplored, aspects of McDowell's influences that ought to be interpreted as expressing hermeneutic ideas? McDowell and the Hermeneutic Tradition will appeal to researchers and advanced students working in American philosophy, Continental philosophy, hermeneutics, history of philosophy, philosophy of language, and epistemology.

The Development of Aggression in Early Childhood Henri Parens, 2008 This revised edition of *The Development of Aggression in Early Childhood* presents anew the author's multi-trends theory of aggression with the addition of a two-part preface that provides an overview of the multitudinous theories of aggression in psychoanalytic thought and a discussion of the clinical applications with clinical case examples of his theory.

Overcoming Conflict Florian Helfer, Peter Geiss, Sandra Müller-Tietz, Michael Rohrschneider, 2023-05-31 Peacebuilding and reconciliation between groups and entire nations that share a violent past are among the toughest yet most important challenges for modern societies. Opposing perspectives, disagreements about the interpretation of historical events, or even entirely different narratives too often impede processes of rapprochement. How can teaching history contribute to overcoming the demarcation lines of such narratives and resolving historical conflicts that are passed on from generation to generation or renewed, amplified, and exploited for present political purposes? This volume comprises twelve case studies from Central and Eastern Europe to South Africa, from the Middle East to East Asia, exploring stories about successes and failures in the never-ending struggle for peaceful coexistence. All of them ultimately reflect the fundamental question of our discipline:
