The First World War Ephemera Mementoes Documents

Peter Doyle

The First World War Ephemera Mementoes Documents:

British Culture and the First World War Toby Thacker, 2014-09-25 The First World War has been mythologized since 1918 and many paradigmatic views of it that it was pointless that brave soldiers were needlessly sacrificed are deeply embedded in the British consciousness More than in any other country these collective British memories were influenced by the experiences and the work of writers painters and musicians This book revisits the British experience of the War through the eyes and ears of a diverse group of carefully selected novelists poets composers and painters It examines how they reacted to and portrayed their experiences in the trenches on the Western Front in distant theatres of war and on the home front in words pictures and music that would have a profound influence on subsequent British perceptions of the war Rupert Brooke Vera Brittain Richard Nevinson Paul Nash Edward Elgar and T E Lawrence are amongst the figures discussed in this original exploration of the First World War and British collective memory The book includes illustrations and maps to aid further study and research

The First World War Maurice Rickards, Michael Moody, 1975 *Encyclopedia of Ephemera* Maurice Rickards, 2018-10-24 The joy of finding an old box in the attic filled with postcards invitations theater programs laundry lists and pay stubs is discovering the stories hidden within them The paper trails of our lives or ephemera may hold sentimental value reminding us of great grandparents They chronicle social history They can be valuable as collectibles or antiques But the greatest pleasure is that these ordinary documents can reconstruct with uncanny immediacy the drama of day to day life The Encyclopedia of Ephemera is the first work of its kind providing an unparalleled sourcebook with over 400 entries that cover all aspects of everyday documents and artifacts from bookmarks to birth certificates to lighthouse dues papers Continuing a tradition that started in the Victorian era when disposable paper items such as trade cards die cuts and greeting cards were accumulated to paste into scrap books expert Maurice Rickards has compiled an enormous range of paper collectibles from the obscure to the commonplace His artifacts come from around the world and include such throw away items as cigarette packs and crate labels as well as the ubiquitous faxes parking tickets and phone cards of daily life As this major new reference shows simple slips of paper can speak volumes about status taste customs and taboos revealing the very roots of popular culture

Women's Poetry of the First World War Nosheen Khan, 1988-01-01 **British Postcards of the First World War** Peter Doyle, 2011-11-20 Postcards sent by men on the front and to them by their families are among the most numerous and most telling surviving artefacts of the Great War They tell us much about attitudes towards the war and provide a great insight into men's lives and into the thoughts and emotions of those left behind Very different in their illustration and in their writing between the beginning of the war and the end postcards provide a social history of the war in microcosm Illustrated with a wide range of postcards this is a fascinating look into the response of the British people to the horrors of the war

British Posters of the First World War John Christopher, 2014-05-15 Feel the full force of the propaganda that surrounded the British public during the First World War in this full colour book exploring

the art themes and psychology of over 200 authentic posters from the period The Home Front in the Great War David Bilton,2003-11-06 In an overdue attempt to portray the real effect of the war on life at home David Bilton examines all the major events of the period and charts their effect on everyday life for those trying to live a normal existence Extensive use is made of personal accounts and the author draws on many photographs newspaper and magazine material and ephemera to make this very informative and atmospheric *Remembrance* Robert A. Fletcher,Robert B. Fletcher,2002 *Remembrance A Tribute to America s Veterans* is a 152 page hardcover book of beautifully detailed paintings of veterans and military funerals from all of America s armed conflicts Each of the 44 precisely detailed watercolor paintings and 19 pencil drawings are accompanied by historical text as well as inspirational quotes and poems *Remembrance* provides a new perspective on every war in our nation s history and a view of veterans lives that has never been seen before The artist Robert A Fletcher is a Korean War veteran the text was written by his son Rob Women's Identities at War Susan R. Grayzel,2014-03-19 There are few moments in history when the division between the sexes seems as natural as during wartime men go off to the war front while women stay behind on the home front But the very notion of the home front was an invention of the First World War when for the first time home and domestic became adjectives that modified the military term front Such an innovation acknowledged the significant and presumably new contributions of civilians especially women to the war effort Yet as Susan Grayzel argues throughout the war traditional notions of masculinity and femininity survived primarily through the maintenance of and indeed reemphasis on soldiering and mothering as the core of gender and national identities Drawing on sources that range from popular fiction and war memorials to newspapers and legislative debates Grayzel analyzes the effects of World War I on ideas about civic participation national service morality sexuality and identity in wartime Britain and France Despite the appearance of enormous challenges to gender roles due to the upheavals of war the forces of stability prevailed she says demonstrating the Western European gender system s remarkable resilience British Culture and the First World War George Robb,2017-09-16 The First World War has left its imprint on British society and the popular imagination to an extent almost unparalleled in modern history Its legacy of mass death mechanized slaughter propaganda and disillusionment swept away long standing romanticized images of warfare and continues to haunt the modern consciousness Focusing on the lives of ordinary Britons George Robb s engaging new study seeks to comprehend what it meant for an entire society to undergo the tremendous shocks and demands of total war how it attempted to make sense of the conflict explain it to others and deal with the war s legacies *British Culture and the First World War* examines the war s impact on ideologies of race class and gender the government s efforts to manage news and to promote patriotism the role of the arts and sciences and the commemoration of the war in the decades since Synthesizes much of the best and most recent scholarship on the social and cultural history of the war Reclaims a great deal of neglected or forgotten popular cultural sources such as films cartoons juvenile literature and pulp fiction Compact but comprehensive this accessible and refreshing

text is essential reading for anyone interested in British society and culture during the turbulent years of the First World War

Immerse yourself in the artistry of words with Experience Art with its expressive creation, **The First World War Ephemera Momentoes Documents** .
