*The Flashback* Vernon Joynson, 1995      **Summer of Love** Christoph Grunenberg, Jonathan Harris, Jonathan P. Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it      *Popular Music Studies: Select I* John Shepherd, 1997 The first authoritative guide to scholarly literature on popular music of the world includes some 8 300 entries covering every non biographical aspect of the field including genres the industry social and cultural contexts musical practices geographical locations and theory and method The bibliography serves as an announcement of the forthcoming Encyclopedia of Popular Music of the World Distributed in the US by Books International Annotation copyrighted by Book News Inc Portland OR      **Turn on Your Mind** Jim DeRogatis, 2003-01-01 Book Turn On Your Mind Four Decades of Great Psychedelic Rock is a history and critical examination of rock's most inventive genre Whether or not psychedelic drugs played a role and as many musicians say they've used them as not psychedelic rock has consistently charted brave new worlds that exist only in the space between the headphones The history books tell us the music's high point was the Haight Ashbury scene of 1967 but the genre didn't start in San Francisco and its evolution didn't end with the Summer of Love A line can be drawn from the hypnotic drones of the Velvet Underground to the disorienting swirl of My Bloody Valentine from the artful experiments of the Beatles Revolver to the flowing otherworldly samples of rappers P M Dawn from the dementia of the 13th Floor Elevators to the grungy lunacy of the Flaming Lips and from the sounds and sights at Ken Kesey's 60s Acid Tests to those at present day raves Turn On Your Mind is an attempt to connect the dots from the very first groups who turned on tuned in and dropped out to such new millennial practitioners as Wilco the Elephant 6 bands Moby the Super Furry Animals and the so called stoner rock and ork pop scenes      **Local Colors of the Stars and Stripes** Marta

Wiszniowska,2001      **The Acid Trip** ,1984 A history and criticism of psychedelic music of the late 60s      **Bibliographic Guide to Music** New York Public Library. Music Division,1990      **Cultural Encyclopedia of LSD, 2d ed.** Wayne Glusser,2024-08-30 Albert Hofmann referred to lysergic acid diethylamide better known as LSD as his problem child The wonderful but worrisome psychedelic drug discovered by Hofmann both inspired and unsettled the world with the mischief of Timothy Leary the acid tests of the Merry Pranksters and social experiments during the Summer of Love and Woodstock two events that altered popular music capturing headlines in the 1960s This second edition encyclopedia updates and adds more than 200 new entries from Hank Williams III and Tucker Carlson to dinosaurs New entries provide documentation of LSD s influence during the 1960s and address a recent resurgence of cultural relevance for the drug      **Handbuch der populären Musik** Peter Wicke,Kai-Erik Ziegenrucker,Wieland Ziegenrucker,1997      **The British National Bibliography** Arthur James Wells,1968
