Soviet Law And Soviet Reality Law In Eastern Europe:

Soviet Law and Soviet Reality Olimpiad Solomonovich Ioffe, 1985 *Soviet Law and Soviet Reality* Olimpiad Solomonovich Ioffe, 1985-02-25 Study commenting on the relationship between the legal system and political system as reflected in legislation in the USSR discusses the ideology of Soviet law examines issues relating to democracy freedom of thought freedom of expression the right to work religious freedom cultural rights etc considers the impact of social stratification on the legal status of citizens and on judicial procedures includes judicial decisions References *The Impact of Perestroika on Soviet Law* Albert J. Schmidt, 2023-08-28 Soviet & East European Law, 1990 *Globalizing Eastern Europe* Gilad Ben-Nun, Katja Castryck-Naumann, Lena Dallywater, 2025-08-21 For far too long views of Eastern Europe as a negligible and peripheral region have shaped popular perceptions of this part of the world Presenting new research *Globalizing Eastern Europe* Politics Culture and Economics from the 18th to the 21st Century offers refreshing arguments to counter such misconceptions Global politics and international law have been profoundly shaped by the experiences and expertise that emanated from this region Migration to and from Eastern Europe has fostered deep ties with neighbouring and distant societies as have this area's literature and music The importance of its agricultural development has reverberated in the global economy This volume recasts Eastern Europe as a global region It shows how people from this part of the world shaped the global and how in turn the global shaped them Authors from a range of disciplines chart century long traditions of entanglements and contemporary interactions In doing so this book further enriches the perennial debates regarding this region's spatial boundaries Moscow's Road to Nuremberg George Ginsburgs, 2023-07-24 Recent events in former Yugoslavia and Rwanda have revived diplomatic interest in measures contemplating concerted action directed at the suppression and punishment of war crimes Indeed steps have already been initiated to set up war crimes tribunals to prosecute those responsible for such atrocities Not to be outdone Yeltsin's Foreign Minister has also issued a call for public discussion of the idea of creating a system of international criminal justice with regard to crimes against peace and humanity other international violations of the law The precedents of the Second World War in this venue thus seem relevant once again Since the Soviet Union played a leading role in paving the way for the Nuremberg trial and respective proceedings before national tribunals and Russia as self-proclaimed heir and successor to the USSR continues to exercise a great deal of influence in these matters today a look at Moscow's doctrinal and practical scorecard may prove useful for future reference The present study explores the Soviet regime's contribution to the prehistory of the Nuremberg trial i.e. the repertory of official acts and pronouncements as well as scholarly treatment of issues which ultimately shaped the legal complexion of the Nuremberg test Our focus in this case is on the mode of development of the style and substance of the bill of indictment until the day of the court's opening session from the standpoint of Moscow's stake in the operation The views recorded during the trial in primary or secondary sources or those expressed later are taken into account only if they shed light on the

preparatory stages of the drama The subsequent evolution of Moscow's thoughts on the subject deserves a separate full scale analysis Copyright, Freedom of Speech, and Cultural Policy in the Russian Federation Michiel Elst,2004-11-01 This book traces the impact of the economic and political perestroika on the copyright law of the late USSR and the Russian Federation The transformation of the administrative command economy into a market economy the introduction of the rule of law and the adoption of a natural law view on human rights the revolution in cultural policy all influenced both the contents and the function of copyright law for the authors entertainment and information industries and the consumers The book provides a detailed analysis of the freedom of expression and of copyright legislation in Russia always with an eye on historic comparisons and evolutions At the same time it gives a synthetic overview of the main changes in constitutional civil and economic law in the last 15 years **The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard,Rebecca Routh,1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs *Investor Protection in the CIS* Rilka Dragneva,2007-03-31 Building on the extensive interest in company law and corporate governance development in post communist transformation this book examines the legal regime for protection of company investors in the CIS The different contributions focus on issues such as basic shareholder rights shareholder rights in special circumstances cumulative voting and protection through securities markets regulation The discussion centers on the problems of domestic legal reform and the extent to which international legal standards and best practice are reflected in the process In doing so it offers a thorough comparative law analysis covering all twelve CIS countries Importantly the book accords a special place to the contribution that the model legislation adopted within the CIS framework makes to the process of legal reform and voluntary legal harmonization *Jews in Eastern Europe* ,1969 **Parties, Trade Unions and Society in East-Central Europe** Michael Waller,Martin Myant,2022-12-30 Originally published in 1994 this volume analyses the relationship between political parties and trade unions in Poland the Czech Republic Slovakia Hungary and Bulgaria Political parties had high visibility in the changes that took place in Eastern Europe during the 1980s and early 1990s Far less visible were the developments in the trade union sphere where the old mass organizations of the communist period now independent were joined by newly formed organizations and both played a central role in politics **Congressional Record** United States. Congress,1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 From Glasnost to the Internet Frank Ellis,2016-07-27 The Soviet collapse of 1991 the Great August liberation demonstrated the total exhaustion of Marxist Leninist agitation and

propaganda It was no longer possible to live on slogans The failure of Soviet agitprop is also the failure of Soviet censorship the latter being a unique institution in anti thought In From Glasnost to the Internet Ellis analyses the consequences of censorship before tackling the media legislation of the Russian Federation and the new dangers to the free flow of information emerging both within and outside the Russian Federation **A History of Eastern Europe 1918 to the**

Present Ian D. Armour,2021-04-08 Why is Eastern Europe still different from Western Europe more than a quarter century after the collapse of Communism A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe s tortured 20th century Eastern Europe emerged in 1918 as the lands between new states whose weakness vis vis Germany and Soviet Russia soon became obvious The region was the main killing field of the Second World War which visited unimaginable horrors on its inhabitants before their liberation by the Soviets in 1945 The imposition of Communist dictatorships on the region ironically only deepened Eastern Europe s backwardness Even in the post Communist period its problems continue to make it a fertile breeding ground for nationalism and political extremism A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation it looks at the ways in which the region has served as a giant test tube for political experimentation and in particular at the enduring strength of nationalism which since 1989 has re emerged more virulent than ever This book in the essential textbook for any student of 20th century Eastern Europe Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1968 **New Governments of Eastern Europe** Malbone Watson Graham,1927 The Judiciary in Central and Eastern Europe Zdenek Kühn,2011-10-28 One of the most widespread problems in post Communist countries is the quality of the judiciary The book argues that these problems are intimately linked to the legal culture of Communist law that an understanding of post Communist judges necessarily requires an understanding of their Communist predecessors There seems to be a deep continuity in the methods of legal reasoning employed by lawyers in the region of East Central Europe starting in the era of Stalinism of the 1950s up to the current post Communist period which continuity is manifested in the problems of 1990s and 2000s Communist legal culture and its aftermath provide an interesting analysis of the development of legal culture in a long lasting system which was intellectually almost completely separated from the outside world The book targets the judicial ideology the conception of law and the judicial self perceptions which are phenomena most likely to be contained in the deepest level of legal culture that most resistant to change **Alexander Zinoviev as Writer and Thinker** Philip Hanson,Michael Kirkwood,1988-06-18 The American Slavic and East European Review ,1957 **Problems of Communism** ,1986
