**Michael Detlef Krause, R. Cody Phillips**

## **Soviet Military Doctrine From Lenin To Gorbachev 1915 1991:**

Soviet Military Doctrine from Lenin to Gorbachev, 1915-91 Willard C. Frank, 1992      **Soviet Military Doctrine from Lenin to Gorbachev, 1915-1991** Willard C. Frank, Philip S. Gillette, 1992-09-21 This study of Soviet military thinking over the last 75 years combines the perspectives of history and the social sciences to understand Soviet military doctrine strategy and behavior from the Bolshevik Revolution in 1917 to the coup attempt and revolution in 1991      **Historical Dictionary of the Russian Civil Wars, 1916-1926** Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War      **The Transition to National Armies in the Former Soviet Republics, 1988-2005** Jesse Paul Lehrke, 2013 This book looks at the militaries of the late Soviet and post Soviet republics Beginning with the end of the Soviet era it recognises that the successor states did not spring from nowhere but inherited a legacy that influenced all that followed The book discusses how politicians control the instruments that are the manifestation of the state's monopoly on violence and how society views and supports the military By taking a bottom up empirical approach that examines the personnel leaders organisations and institutions and their outlook and attitudes the book presents a comprehensive picture of the armed forces showing how the armed forces are very significantly shaped by the surrounding political and social environment The book goes on to examine the armed forces in action and highlights that to truly understand the militaries studies need to go beyond looking at the static structures

Russian Civil-Military Relations Robert Brannon, 2016-04-08 Putin's style of leadership has transitioned into another era but there is much still inherited from the past In the often anarchic environment of the 1990s the nascent Russian Federation experienced misunderstandings and missteps in civil military relations Under Boris Yeltsin it has been questioned whether the military obeyed orders from civilian authorities or merely gave lip service to those it served to protect while implementing its own policies and courses of action Robert Brannon sets forth the circumstances under which the military instrument of Russia's power and influence could be called upon to exert force Deriving in part from its Soviet past the

author examines how Russia's military doctrine represents more than just a road map of how to fight the nation's wars it also specifies threats to national interests in this case the United States NATO and international terrorism Against this background of politics and power the military's influence may reveal as much about politics as it does the military

**Tank Tactics** Roman Jarymowycz, 2008-12-17 Explores the doctrinal strategic and tactical ideas behind World War II tank combat Contains detailed maps and diagrams Critiques the performances of commanders like George Patton Bernard Montgomery and others Focusing on five Allied tank operations from July to September 1944 Operations Goodwood Cobra Totalize and Tractable and Patton's tank battles around Arracourt armor expert Roman Jarymowycz draws on after action reports extensive battlefield reconnaissance recently discovered battle performance reviews and war diaries to evaluate the successes and failures of the art of armored warfare as practiced by Allied tank commanders in France in 1944

*Reader's Guide to Military History* Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

**Historical Perspectives of the Operational Art** Michael D. Krause, R. Cody Phillips, Center of Military History (U S Army), 2006-05 NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price while supplies last Historical Perspectives of the Operational Art a companion volume to Clayton R Newell's and Michael D Krause's On Operational Art captures the doctrinal debate over the evolving concept of operational art the critical link between strategy and tactics in the face of the new complexities of warfare and the demands of irregular operations in the twenty first century Consisting of fifteen original essays selected and edited by Michael D Krause in collaboration with R Cody Phillips the well organized anthology presents the collective view of distinguished military historians and scholars that operational art must be adjusted to accommodate the changing circumstances happening around the world especially when dealing with broad coalitions and alliances in regional environments and at an international level Related products The Rise of iWar Identity Information and the Individualization of Modern Warfare can be found here <https://bookstore.gpo.gov/products/sku/008/000/01198/2> Yemen A Different Political Paradigm in Context can be found here <https://bookstore.gpo.gov/products/sku/008/070/00865/3> A Masterpiece of Counterguerrilla Warfare BG J Franklin Bell in the Philippines 1901 1902 is available here <https://bookstore.gpo.gov/products/sku/008/000/01000/5> Operational Culture for the Warfighter Principles and Applications is available here <https://bookstore.gpo.gov/products/sku/008/000/01061/7>

*Historical Perspectives of the Operational Art* Michael Detlef Krause, R. Cody Phillips, 2005

*War and the World* Jeremy Black, 2008-10-01 In this brilliant history of warfare Jeremy Black is the first to

approach the entire modern era from a comprehensive global perspective. He provides a wide ranging account of the nature, purpose and experience of war over the past half millennium and argues the importance of viewing the rise of European power within a wider international context. Investigating both land and sea warfare, Black examines weaponry, tactics, strategy and resources as well as the political, social and cultural impact of conflict. The book takes issue with established interpretations, not least those that emphasize technology, and challenges the view that European military and naval forces were dominant throughout the period. European mastery at sea did not always translate into equivalent success on land, says Black, and many non-European military systems, the Ottomans in their expansionist years, Babur and the Mughals in sixteenth century India and the Manchus in China in the following century, for example, were formidable in their own right. The author contends that in the nineteenth century, the focal period of Europe's military revolution, the international military balance shifted decisively. Black shows how military developments combined with political, economic and ideological shifts influenced the nature and success of European imperialism. Linking debates on early modern history with those of more recent centuries, he offers a fundamental reexamination of the role of war in the progress of nations.

*The Information Revolution in Military Affairs in Asia* E. Goldman, T. Mahnken, 2004-07-22. The contributors to this volume seek to explore the multi-dimensional institutional, cultural, technological and political environments of several Asian states to determine the amenability of those host environments for the adoption/adaptation of the Revolution in Military Affairs (RMA).

*Militarizing Artificial Intelligence* Nik Hynek, Anzhelika Solovyeva, 2022-07-01. This book examines the military characteristics and potential of Artificial Intelligence (AI) in the new global revolution in military affairs. Offering an original perspective on the utilization, imagination and politics of AI in the context of military development and weapons regulation, the work provides a comprehensive response to the question of how we might reflect on the AI revolution in warfare and what can be said about the ways in which this has been handled. In the first part of the book, AI is accommodated both theoretically and empirically in the strategic context of the Revolution in Military Affairs (RMA). The book offers a novel understanding of autonomous weapons as multi-layered composite systems, pointing to a complex non-linear interplay between evolutionary and revolutionary dynamics. In the second section, the book provides an impartial analysis of the related politics and operations of power, whereby increases in military budgets and R&D of the great powers are met and countered by advocacy networks and scientists campaigning for a ban on lethal autonomous weapons. As such, it moves beyond popular caricatures of killer robots and points out some of the problems which result from over-reliance on such imagery. This book will be of much interest to students of strategic studies, critical security studies, arms control and disarmament science and technology studies, and general International Relations.

**Military Doctrine** Bert Chapman, 2009-09-03. This comprehensive volume provides a thorough overview of 20th and 21st century military doctrines worldwide. *Military Doctrine: A Reference Handbook* takes a thorough look at 20th and 21st century military doctrines around the world. It excerpts relevant English language scholarly and governmental literature to

paint a picture of how military doctrine has developed in recent history what military doctrines are currently operating on the world stage and where military doctrine is heading in the near future The book casts a wide net scanning the relevant government documents international agreements monographs journals conference papers and Internet resources to present a thorough overview of the importance of military doctrine in today's highly unstable world Because military institutions are important formulators of national military doctrine and not merely implementers this book examines the roles played by military organizations around the world With the proliferation of independent military scholars and the widespread influence of their work in the Internet age the book also scans the gray literature and describes its effects on military doctrine

**Concepts in World Politics** Felix Berenskoetter, 2016-08-09 Recognizing the vital importance of concepts in shaping our understanding of international relations this ground breaking new book puts concepts front and centre systematically unpacking them in a clear critical and engaging way With contributions from some of the foremost authorities in the field Concepts in World Politics explores 17 core concepts from democracy to globalization sovereignty to revolution and covers The multiple meanings of a concept where these meanings come from and how they are employed theoretically and practically The consequences of using concepts to frame the world in one way or another The method of concept analysis A challenging and stimulating read Concepts in World Politics is an indispensable guide for all students of international relations looking to develop a more nuanced and sophisticated understanding of world politics

**Active Defense** M. Taylor Fravel, 2020-12-08 Since the 1949 Communist Revolution China has devised nine different military strategies which the People's Liberation Army PLA calls strategic guidelines What accounts for these numerous changes Active Defense offers the first systematic look at China's military strategy from the mid twentieth century to today Exploring the range and intensity of threats that China has faced M Taylor Fravel illuminates the nation's past and present military goals and how China sought to achieve them and offers a rich set of cases for deepening the study of change in military organizations Drawing from diverse Chinese language sources including memoirs of leading generals military histories and document collections that have become available only in the last two decades Fravel shows why transformations in military strategy were pursued at certain times and not others He focuses on the military strategies adopted in 1956 1980 and 1993 when the PLA was attempting to wage war in a new kind of way to show that China has pursued major change in its strategic guidelines when there has been a significant shift in the conduct of warfare in the international system and when China's Communist Party has been united Delving into the security threats China has faced over the last seven decades Active Defense offers a detailed investigation into how and why states alter their defense policies

[The Russian Dilemma](#) Gordon M. Hahn, 2021-11-23 From the end of the Mongol Empire to today Russian history is a tale of cultural political economic and military interaction with Western powers The depth of this relationship has created a geopolitical dilemma Russia has persistently been both attracted to and at odds with Western ideas and technological development which have tended to threaten Russia's sense of

identity and create destabilizing divisions within society Simultaneously deepening involvement in Western international affairs brought meddling in Russian domestic politics and military invasion This book examines how the centuries old Western threat has shaped Russia s political and strategic structures creating a culture of security rooted in vigilance against Western influence and interference      *Raiders or Elite Infantry?* David W. Hogan,1992-12-10 How have the U S Army Rangers acted as special operations forces in military operations since 1942 Hogan s study examines the nature and purpose of the Rangers over the past fifty years and shows how they have served as scouts raiders assault troops and elite infantry They have spearheaded amphibious landings raided enemy prison camps patrolled behind enemy lines in Korea served alongside Green Berets in Vietnam and carried out special missions in Grenada Professional officers military historians students and general readers will find this a fascinating history This analytical account opens with a short description of the origins of the Ranger legend in America and then moves to a discussion of their use in World War II as commandos in 1942 then as spearheaders in 1943 and 1944 as line infantry in Europe and as special operations forces in the Pacific This provocative assessment also traces the development of Ranger raider units in Korea the special training and use of Green Berets as Rangers in Vietnam and the shifting of Ranger roles into more complex and varied types of operations in Vietnam and Grenada and in a world of increasing terrorism and changing combat situations Illustrations maps and a lengthy bibliography add to the usefulness of the study      *Warfare in Europe 1919-1938* Geoffrey Jensen,2017-05-15 Although ostensibly a time of peace one of the richest and most fascinating periods in military history falls between the two world wars With good reason even today military theorists look to these years for relevant lessons The articles and papers collected together in this volume highlight the major themes and developments of interwar military affairs in Europe including the new doctrines of tank warfare air power German Blitzkrieg and Soviet operational art They also demonstrate the important place of the major armed conflicts of the period such as the Russian and Spanish Civil Wars in European history      **Air University Library Index to Military Periodicals** ,1994      *The Russian Revolution and Civil War 1917-1921* Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Getting the books **Soviet Military Doctrine From Lenin To Gorbachev 1915 1991** now is not type of inspiring means. You could not forlorn going in the same way as ebook growth or library or borrowing from your connections to right to use them. ### **Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 has opened up a world of possibilities. Downloading Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Soviet Military Doctrine From Lenin To Gorbachev 1915 1991. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Soviet Military Doctrine From Lenin To Gorbachev 1915 1991. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Soviet Military Doctrine From Lenin To Gorbachev 1915 1991, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit

vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Soviet Military Doctrine From Lenin To Gorbachev 1915 1991 Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
