Stalin's Secret War Robert W. Stephan, 2003-12-02 The Soviet German War of 1941-1945 was the most extensive intelligence counterintelligence war in modern history involving the capture torture deportation execution and doubling of tens of thousands of agents most of them Soviet citizens While Russian armies fought furiously to defeat the Wehrmacht Stalin's security services waged an equally ruthless secret war against Hitler's spies as well as against the Soviet population For the first time Robert Stephan now combines declassified U S intelligence documents captured German records and Russian sources including a top secret Soviet history of its intelligence and security services to reveal the magnitude and scope of the brutal but sophisticated Soviet counterintelligence war against Nazi Germany Employing as many as 150 000 trained agents across a 2 400 mile front the Soviets neutralized the majority of the more than 40 000 German agents deployed against them As Stephan shows their combination of Soviet military deception operations and State Security's

defeat of the Abwehr's human intelligence effort had devastating consequences for the German Army in every major battle against the Red Army including Moscow Stalingrad Kursk the Belorussian offensive and the Vistula Oder operation Simultaneously Soviet State Security continued to penetrate the world's major intelligence services including those of its allies terrorize its own citizens to prevent spying desertion and real or perceived opposition to the regime and run millions of informants making the USSR a vast prison covering one sixth of the world's surface Stephan discusses all facets of the Soviet counterintelligence effort including the major Soviet radio games used to mislead the Germans operations Monastery Berezino and those that defeated Himmler's Operation Zeppelin He also gives the most comprehensive account to date of the Abwehr's infamous agent Max whose organization allegedly ran an entire network of agents inside the USSR and reveals the reasons for Germany's catastrophic under estimation of Soviet forces by more than one million men during their 1944 summer offensive in Belorussia Richly detailed and epic in scope Stalin's Secret War opens up a previously hidden dimension of World War II Russian Military Intelligence (GRU) Daily Reports on the Iraq War Zafarul-Islam Khan,2003

**Stumbling Colossus** David M. Glantz,1998 Drawing on evidence never before seen in the West including combat records of early engagements David Glantz claims that in 1941 the Red Army was poorly trained inadequately equipped ineptly organized and consequently incapable of engaging in large scale military campaigns and both Hitler and Stalin knew it He provides a complete and convincing study of why the Soviets almost lost the war that summer dispelling many of the myths about the Red Army that have persisted since the war and soundly refuting Viktor Suvorov's controversial thesis that Stalin was planning a preemptive strike against Germany **Stalin's Secret War** Robert W. Stephan,2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things Tells how he tames the creatures and returns home For primary grades **Military Intelligence** ,1988 **Inside Hitler's High Command** Geoffrey P. Megargee,2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military's strategic ideas were no better than Hitler's and often were worse 20 photos *Sharing Secrets with Stalin* Bradley F. Smith,1996 As engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors Certainly the sources are fabulous John Erickson author of *The Road to Stalingrad* A well written account filled with original material and documentation Good reading for anyone interested in the history of WWII intelligence Publishers Weekly starred review **Stopped at Stalingrad** Joel S. A. Hayward,1998 By the time Hitler declared war on the Soviet Union in 1941 he knew that his military machine was running out of fuel In response he launched Operation Blau a campaign designed to protect Nazi oilfields in Romania while securing new ones in the Caucasus All that stood in the way was Stalingrad
