shipbuilders in key technological innovations of the nineteenth century and early twentieth including advances in steam power armour guns and torpedoes Today technological break throughs are centred around naval stealth and maritime propulsion systems Special attention is devoted to the evolving state of naval technology showing how the relative industrial capabilities of seafaring countries have been reflected in their maritime building programmes providing an important link between the evolution of modern national fleets and the broader history of the period Editeur The Indoctrination of the Wehrmacht Bryce Sait,2019-03-10 Far from the image of an apolitical clean Wehrmacht that persists in popular memory German soldiers regularly cooperated with organizations like the SS in the abuse and murder of countless individuals during the Second World War This in depth study demonstrates that a key factor in the criminalization of the Wehrmacht was the intense political indoctrination imposed on its members At the instigation of senior leadership many ordinary German soldiers and officers became ideological warriors who viewed their enemies in racial and political terms a project that was but one piece of the broader effort to socialize young men during the Nazi era *Campaigns Against Western Defence* Clive Rose,1986-12-19 **Paramilitarism** Uğur Ümit Üngör,2020 From the deserts of Sudan to the jungles of Colombia from the streets of Belfast to the mountains of Kurdistan paramilitaries have appeared in violent conflicts Ungor presents a comparative and global overview of paramilitarism showing how states use it to successfully outsource mass political violence against civilians **Soviet Military Review** ,1983 *The Future of Political Violence* Richard Clutterbuck,1986-04-28 Includes papers from two conferences held in 1983 and sponsored by the Royal United Services Institute and Control Risks Information Services **Special Bibliography Series** United States Air Force Academy. Library,1996 *Special Bibliography Series* ,1957 USSR: Strategic Survey United States. Department of the Army,1969 **War: A Matter of Principles** Air Marshal David Evans,2016-07-27 The author has carried out a searching review of the principles promulgated by the British and American Defence Forces in order to assess their continuing validity and relevance to warfare in the late 1990s and the 21st century Recognising that principles will be applied by commanders to meet specific situations in the field he extends this study to embrace leadership and training for leadership and command In the final chapter he addresses the moral responsibilities of those exercising command of their fellow countrymen and other assigned forces **Living Soviet in Ukraine from Stalin to Maidan** Michael T. Westrate,2016-04-29 What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region and this book directly addresses those subjects Although the majority of scholarship on the Soviet Union focuses on top level political and intellectual elites these groups were only tiny minorities What was life like for the rest of society What was it like for the vast population that usually supported the regime mostly accepted the rules essentially internalized the ideology and generally made the same choices as their neighbors and friends What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart What was it like to live Soviet in Ukraine in the decade after independence This book answers

those questions It is an oral history of a group of military colonels and their wives children and contemporaries covering their lives from childhood to the present During this period these military families went from comfortable economic circumstances professional prestige and political influence as part of the Soviet upper stratum to destitution and disgrace in the 1990s Today many of them are part of Europe s largest ethnic minority Russians in Ukraine The geographic focus is Kharkiv the second largest city in Europe s second largest country a Russian speaking city in eastern Ukraine Based on 3 000 pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal family and institutional archives the book investigates how families endured shifting social cultural and political realities By analyzing the lives of individuals in context Westrate provides insights at the grassroots level He reveals how ideological professional gender ethnic and national imperatives as developed and transmitted by elites were internalized transformed or rejected by the rank and file He reveals how the subjective identities of individuals and small groups developed and changed over time and how that process relates to the parallel projects pursued by the leaders of their countries In the process he shows what those experiences have to offer the study of Soviet post Soviet and transnational history bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty first century Ukraine and today s conflicts The Soviet Motorized Rifle Company Robert M.
