An Anthology of Russian Literature from Earliest Writings to Modern Fiction Nicholas Rzhevsky, 2005 The literary works selected for inclusion in this anthology introduce the core cultural and historical themes of Russian civilization Each text has resonance throughout the arts They are supported by introductions annotations bibliographies of resources and a companion multimedia CD that brings the anthology's cultural references to life

The History of Russian Literature on Film Marina Korneeva, David Gillespie, 2023-12-28 Unlike most previous studies of literature and film which tend to privilege particular authors texts or literary periods David Gillespie and Marina Korneeva consider the multiple functions of filmed Russian literature as a cinematic subject in its own right one reflecting the specific political and aesthetic priorities of different national and historical cinemas In this first and only comprehensive study of cinema's various engagements of Russian literature focusing on the large period 1895-2015 The History of Russian Literature on Film highlights the ways these adaptations emerged from and continue to shape the social artistic and commercial aspects of film history

The Concept of Political Culture Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re-evaluate its contribution to the social sciences This study casts a broader than usual net embracing not only political science with equal emphasis placed on the concept's use in communist studies but also sociology and history On this basis a distinctive theory of political culture and not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation

offers the means of transcending that debate **The Returns of History** Dragan Kujundzic, 1997-01-01 Examines the influence of Nietzsche on Russian Formalists Russian Modernism and Mikhail Bakhtin reinforcing the importance of the modernist theoreticians by reading them in the contemporary theoretical context **A Concise History of Russia** Paul Bushkovitch, 2011-12-05 Accessible to students tourists and general readers alike this book provides a broad overview of Russian history since the ninth century Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991 Since then new material has come to light on the history of the Soviet era providing new conceptions of Russia's pre revolutionary past The book traces not only the political history of Russia but also developments in its literature art and science Bushkovitch describes well known cultural figures such as Chekhov Tolstoy and Mendeleev in their institutional and historical contexts Though the 1917 revolution the resulting Soviet system and the Cold War were a crucial part of Russian and world history Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power **The Oxford Handbook of the History of Communism** S. A. Smith, 2014-01-09 The impact of Communism on the twentieth century was massive equal to that of the two world wars Until the fall of the Soviet Union in 1991 historians knew relatively little about the secretive world of communist states and parties Since then the opening of state party and diplomatic archives of the former Eastern Bloc has released a flood of new documentation The thirty five essays in this Handbook written by an international team of scholars draw on this new material to offer a global history of communism in the twentieth century In contrast to many histories that concentrate on the Soviet Union The Oxford Handbook of the History of Communism is genuinely global in its coverage paying particular attention to the Chinese Revolution It is global too in the sense that the essays seek to integrate history from above and from below to trace the complex mediations between state and society and to explore the social and cultural as well as the political and economic realities that shaped the lives of citizens fated to live under communist rule The essays reflect on the similarities and differences between communist states in order to situate them in their socio political and cultural contexts and to capture their changing nature over time Where appropriate they also reflect on how the fortunes of international communism were shaped by the wider economic political and cultural forces of the capitalist world The Handbook provides an informative introduction for those new to the field and a comprehensive overview of the current state of scholarship for those seeking to deepen their understanding *Celebrating Women* Choi Chatterjee, 2012-02-07 The first International Women's Day was celebrated in Copenhagen in 1910 and adopted by the Bolsheviks in 1913 as a means to popularize their political program among factory women in Russia By 1918 Women's Day had joined May Day and the anniversary of the October Revolution as the most important national holidays on the calendar Choi Chatterjee analyzes both Bolshevik attitudes towards women and invented state rituals surrounding Women's Day in Russia and the early Soviet Union to demonstrate the ways in which these celebrations were a strategic form of cultural practice that marked the distinctiveness of Soviet

civilization legitimized the Soviet mission for women and articulated the Soviet construction of gender Unlike previous scholars who have criticized the Bolsheviks for repudiating their initial commitment to Marxist feminism Chatterjee has discovered considerable continuity in the way that they imagined the ideal woman and her role in a communist society Through the years Women's Day celebrations temporarily empowered women as they sang revolutionary songs acted as strong protagonists in plays and marched in processions carrying slogans about gender equality In speeches state policies reports historical sketches plays cartoons and short stories the passive Russian woman was transformed into an iconic Soviet Woman one who could survive improvise and prevail over the most challenging of circumstances

The Leader Cult in Communist Dictatorships B. Apor, J. Behrends, P. Jones, E. Rees, 2004-10-09 The first book to analyze the distinct leader cults that flourished in the era of High Stalinism as an integral part of the system of dictatorial rule in the Soviet Union and Eastern Europe Fifteen studies explore the way in which these cults were established their function and operation their dissemination and reception the place of the cults in art and literature the exportation of the Stalin cult and its implantment in the communist states of Eastern Europe and the impact which de Stalinisation had on these cults

Demobilized Veterans in Late Stalinist Leningrad Robert Dale, 2015-10-29 This book investigates the demobilization and post war readjustment of Red Army veterans in Leningrad and its environs after the Great Patriotic War Over 300 000 soldiers were stood down in this war ravaged region between July 1945 and 1948 They found the transition to civilian life more challenging than many could ever have imagined For civilian Leningraders reintegrating the rapid influx of former soldiers represented an enormous political economic social and cultural challenge In this book Robert Dale reveals how these former soldiers became civilians in a society devastated and traumatized by total warfare Dale discusses how and how successfully veterans became ordinary citizens Based on extensive original research in local and national archives oral history interviews and the examination of various newspaper collections Demobilized Veterans in Late Stalinist Leningrad peels back the myths woven around demobilization to reveal a darker history repressed by society and concealed from historiography While propaganda celebrated this disarmament as a smooth process which reunited veterans with their families reintegrated them into the workforce and facilitated upward social mobility the reality was rarely straightforward Many veterans were caught up in the scramble for work housing healthcare and state hand outs Others drifted to the social margins criminality or became the victims of post war political repression Demobilized Veterans in Late Stalinist Leningrad tells the story of both the failure of local representatives to support returning Soviet soldiers and the remarkable resilience and creativity of veterans in solving the problems created by their return to society It is a vital study for all scholars and students of post war Soviet history and the impact of war in the modern era

The Feminine in the Prose of Andrey Platonov Philip Bullock, 2017-12-02 Andrey Platonovich Platonov 1899-1951 is increasingly regarded as one of the greatest writers of the Soviet period His linguistic virtuosity philosophical rigour and political unorthodoxy combined to create some of the most captivatingly absurd works of

literature in any language Unsurprisingly many of these remained unpublished in his lifetime and indeed for many years thereafter In this lively and original study Philip Bullock traces the development of feminine imagery in Platonov's prose from the seemingly misogynist outrage of his early works to the tender reconciliation with domesticity in his final stories and argues that gender is a crucial feature of the author's audacious utopian vision **The Ravine of Memory** Shay A. Pilnik, 2025-03-15 The Nazis and their collaborators buried over 100 000 victims at Babyn Yar a ravine in modern day Ukraine Most of the individuals were Jewish making this area one of the most infamous mass murder sites in history The Ravine of Memory starts when the travesty ends telling the story of the ravine's memory and forgetting in Soviet literature and culture in Russian as well as in Yiddish This book challenges the prevailing binary conceptions of Babyn Yar as exclusively a Holocaust or a Great Patriotic War story It is neither the exclusive product of Soviet censorship nor individual dissidents Babyn Yar is more than a physical space where untold horrors took place Symbolically it is the ultimate meeting point of so many disparate threads of Soviet culture the state and the artist the Jew and the non Jew and the Holocaust and the Great Patriotic War Ultimately it is a place that reveals the frailty and courage of those who bear witness to atrocity

The Environment and World History Edmund Burke, Kenneth Pomeranz, 2009-04-08 In 11 essays the contributors examine the connections between environmental change and other major topics of early modern world history population growth commercialization imperialism industrialization the fossil fuel revolution and more Tear Off the Masks! Sheila Fitzpatrick, 2005-07-25 When revolutions happen they change the rules of everyday life both the codified rules concerning the social and legal classifications of citizens and the unwritten rules about how individuals present themselves to others This occurred in Russia after the Bolshevik Revolution of 1917 which laid the foundations of the Soviet state and again in 1991 when that state collapsed Tear Off the Masks is about the remaking of identities in these times of upheaval Sheila Fitzpatrick here brings together in a single volume years of distinguished work on how individuals literally constructed their autobiographies defended them under challenge attempted to edit the selves created by bureaucratic identity documentation and denounced others for masking their true social identities Marxist class identity labels worker peasant intelligentsia bourgeois were of crucial importance to the Soviet state in the 1920s and 1930s but it turned out that the determination of a person's class was much more complicated than anyone expected This in turn left considerable scope for individual creativity and manipulation Outright imposters both criminal and political also make their appearance in this book The final chapter describes how after decades of struggle to construct good Soviet socialist personae Russians had to struggle to make themselves fit for the new post Soviet world in the 1990s by de Sovietizing themselves Engaging in style and replete with colorful detail and characters drawn from a wealth of sources Tear Off the Masks offers unique insight into the elusive forms of self presentation masking and unmasking that made up Soviet citizenship and continue to resonate in the post Soviet world **Russian Masculinities in History and Culture** B. Clements, R. Friedman, D. Healey, 2001-12-18 From

the romantic liaisons of Peter the Great to the birth of the Russian queen this collection of essays presents recent research from the new field of Russian masculinity studies Peasant patriarchs aristocratic dandies anxious young bureaucrats workers in search of father figures heroic warriors promiscuous bathhouse attendants and vodka soaked athletic stars populate this volume Its essays take as a starting point the notion that masculinity like femininity has a history **Perspectives on Literature and Society in Eastern and Western Europe** George F Cushing, Geoffrey Alan Hosking, 1989-01-16 The Cambridge History of Russia: Volume 3, The Twentieth Century Maureen Perrie, Ronald Grigor Suny, 2006-11-02 A major history of twentieth century Russia by leading scholars in the field **Trust and Happiness in the History of European Political Thought** Laszlo Kontler, Mark Somos, 2017-09-25 The notions of happiness and trust as cements of the social fabric and political legitimacy have a long history in Western political thought However despite the great contemporary relevance of both subjects and burgeoning literatures in the social sciences around them historians and historians of thought have with some exceptions unduly neglected them In Trust and Happiness in the History of European Political Thought editors L szl Kontler and Mark Somos bring together twenty scholars from different generations and academic traditions to redress this lacuna by contextualising historically the discussion of these two notions from ancient Greece to Soviet Russia Confronting this legacy and deep reservoir of thought will serve as a tool of optimising the terms of current debates Contributors are Erica Benner Hans W Blom Niall Bond Alberto Clerici Cesare Cuttica John Dunn Ralf Peter Fuchs G bor G ng Steven Johnstone L szl Kontler Sara Lagi Adriana Luna Fabritius Adrian O Connor Eva Odzuck K lm n P cza Vladimir Ryzhkov Peter Schr der Petra Schulte Mark Somos Alexey Tikhomirov Bee Yun and Hannes Ziegler
