Genders 22 Ellen E. Berry,1995-07-01 The epidemic of mass rape in the former Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics sexual politics and body politics The nexus of these three forces is highly charged in any culture at any time in history but especially so among cultures in which rapid even cataclysmic changes in material realities and national self conceptions are eroding or overwhelming previously secure boundaries The postcommunist moment in the so called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political cultural and economic foundations of a society are de and then re structured Gender roles and relations expressions of sexuality or attempts to recontain them representations of the body especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia Russian women and alcoholism cinema in post communist Hungary patriotism and gender in Poland sexual dissidence in Eastern Europe and women in the former Yugoslavia go to the Genders website

Postcommunism and the Body Politic Ellen E. Berry,1995-07 The epidemic of mass rape in the former Yugoslavia has illustrated once again and in particularly brutal fashion the inextricable relationship between national politics sexual politics and body politics The nexus of these three forces is highly charged in any culture at any time in history

but especially so among cultures in which rapid even cataclysmic changes in material realities and national self conceptions are eroding or overwhelming previously secure boundaries The postcommunist moment in the so called Second World Central and Eastern Europe and the former Soviet Union has dramatically exposed the opportunities and dangers that arise when the political cultural and economic foundations of a society are de and then re structured Gender roles and relations expressions of sexuality or attempts to recontain them representations of the body especially the female body and the larger cultural meanings it assumes are particularly marked sites to witness the performance of complex national dramas of crisis and change This groundbreaking volume turns its attention to the Second World specifically to such subjects as the birth of the sex media and porn industry in Russia Russian women and alcoholism cinema in post communist Hungary patriotism and gender in Poland sexual dissidence in Eastern Europe and women in the former Yugoslavia go to the Genders website

A *Plot of Her Own* Sona Stephan Hoisington,1995 *A Plot of Her Own* presents compelling new readings of major texts in the Russian literary canon all of which are readily available in translation The female protagonists in the works examined are inextricably linked with the fundamental issues raised by the novels they inform the interpretations offered strive not to be reductive or doctrinaire not to be imposed from the outside but to arise from the texts themselves and the historical circumstances in which they were written Authors discussed include Pushkin Dostoevsky Tolstoy and Bulgakov and the novels considered range from *Fathers and Children* to *Zamyatin's anti Utopian We* Throughout the contributors new visions expand our understanding of the words and reveal new significance in them

Women and Russian Culture Rosalind Marsh,1998-11-01 The image of women in Russian culture has undergone profound changes from the origins of modern Russian literature in the eighteenth century until the Revolution of 1917 when women were a source of fascination for Russian writers to the socialist realism period during which public discussion of the representation of women in literature rapidly declined and the woman question was declared to have been resolved to a reappraisal of the position of women since the 1980s This collection of essays by leading western and Russian specialists contains new insights and updates previous research into the role of women in Russian culture in the last two centuries and contributes to two exciting and growing research areas the feminist critique of work by Russian male authors and the study of Russian women writers Moreover whereas most previous studies have concentrated on the aesthetic qualities of works by women writers this collection includes both close textual analysis and the discussion of biographical historical and political questions relating both to the representation of women and women's culture The aim is not to present a unified manifesto but rather to bring together a spectrum of approaches and positions within their common focus on the relationship between women and culture in Russia Contributors R Marsh A Barker J Andrew D Greene I Kazakova C Schuler S Graham K Hodgson N Kolchevska N Cornwell J Curtis M Katz M Ledkovsky P I Barta A Darmodekhina D Gillespie N Zhuravkina B Lanin S Carsten A Tait

Life and Times of Andrei Zhdanov, 1896-1948 Kees Boterbloem,2004 In *The Life and Times of Andrei Zhdanov 1896 1948* Kees

Boterbloem offers the first full length biography of the man once believed to be a likely candidate to succeed Josef Stalin. In so doing he provides new insights into the Soviet political system and the question of how much power was wielded by Stalin's lieutenants. In 1934 Andrei Zhdanov was promoted to the post of secretary of the Communist Party's Central Committee in Moscow and entered the inner circle of Stalin's partners. Notable for his involvement in implementing the artificial crisis of the Great Terror in Moscow and Leningrad, Zhdanov was later involved in the preparation and signing of the Molotov-Ribbentrop Pact and acted as Stalin's Party emissary in the Winter War and the sovietization of Estonia. Boterbloem details how Zhdanov's career was put in jeopardy in the summer of 1941 when German troops almost captured Leningrad. Stalin kept Zhdanov at the Leningrad front for much of the Second World War because of his alleged failure to halt the initial German advance where he presided over the terrible suffering of the besieged city's population. In 1945 Zhdanov's ideological commitment led to his recall to the centre of Soviet power where more publicly visible than ever before he berated Soviet artists, scientists, philosophers, composers and foreign Communist Parties for failing to adhere to the Party line. Never in good health, the stress of being Stalin's main assistant in both the massive bureaucracy of the Communist Party and the attempt to restore ideological orthodoxy combined with anxiety about his son Iurii led to his death in 1948.
