Tsygankov, 2006-05-25 Exploring Soviet Russian international relations this book compares foreign policy formation under Gorbachev Yeltsin and Putin Showing how Moscow's policies have shifted with each leader's vision of Russia's national interests it also evaluates the successes and failures of Russia's foreign policies **The Soviets, Germany, And The New Europe** Robbin F Laird, 2019-07-19 This book assesses the evolution of the Soviet approach toward European security policy since the mid 1980s as seen from the prism of assessments of and policy toward the Federal Republic of Germany examining basic Soviet analyses of West Germany in the period prior to unification *A History Of Russia Volume 2* Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *Russian Studies, Political Science, and the Philosophy of Technology* Guoli Liu, Joanna Drzewieniecki, 2022-04-18 This volume presents state of the art creative scholarship in political science and area studies with an emphasis on Russia The contributors all well known in their specialties share the conviction that advancement in the social sciences can only be achieved through plural methodological approaches and interaction with various disciplines Their work in this collection provides critical analyses of key issues in Russian and post Soviet studies It explores the most fruitful ways of studying Russia with particular emphasis on the federal system politics in the era of Putin challenges of Russian foreign policy and Russian attitudes toward democracy The vagaries of democracy are also explored in articles on Georgia
