Soviet Foreign Policy Towards Egypt:

Soviet Foreign Policy Towards Egypt Karen Dawisha, 1979-06-17 *Soviet Foreign Policy in a Changing World*

Robbin F. Laird, Erik P. Hoffmann, 2021-03-22 No detailed description available for Soviet Foreign Policy in a Changing World

Perceptions and Behavior in Soviet Foreign Policy Richard K. Herrmann, 2010-11-23 This book discerns Soviet leaders' views of the United States and sees them in relation to foreign policy statements and actions. Herrmann first examines the subtle problem of analyzing perceptions and interpreting motives from the words and deeds of national leaders. He then turns to cases measuring the dominant U.S. hypotheses about the USSR against Soviet behavior in Central Europe, the Middle East, Africa, and Asia, as well as Soviet participation in the arms race. Finally, he weighs his conclusions against a thematic study of speeches and publications by members of the Politburo.

The History of Egypt Glenn E. Perry, 2015-12-01 Providing a valuable resource for readers seeking information on all periods of Egyptian history, this book covers Egypt starting from ancient times and continuing through the medieval Islamic period to focus on the events of the last 100 years, including the aborted revolution of 2011. Egypt has experienced tumultuous events in recent years, especially starting with the uprisings and revolution of 2011. This second edition of *The History of Egypt* not only provides readers with in-depth information on events of the last decade, such as the Arab Spring, the removal of Hosni Mubarak from office, and the protests against Mohamed Morsi's presidency, but also provides key background with chapters addressing previous periods of the country's history, starting from pre-Islamic times to pharaonic, to Byzantine. The volume offers an objective history of Egypt that is uniquely appropriate for a high school audience. This expanded and extensively updated second edition provides new content and media photographs that help bring recent events to life for readers without previous knowledge about the topic. It also includes coverage of important events in long-ago Egyptian history that lends valuable perspective to events in the 21st century, such as the nation's transformation into a Muslim and Arab country and Egypt's post-1778 imperialism and modernization through World War I.

Soviet-Egyptian Relations M. El-Hussini, 2016-01-06 The Soviet Union, Eastern Europe and the Third World Roger E. Kanet, 1987 Soviet policy towards the countries of Asia, Africa, and Latin America underwent substantial expansion and change during the three decades since Khrushchev first initiated efforts to break out of the USSR's international isolation. This 1988 volume examines various aspects of Soviet and East European policy towards the Third World.

The Origins of Alliances Stephen M. Walt, 2013-08-10 *The Origins of Alliances* offers a different way of thinking about our security and thus about our diplomacy. It ought to be read by anyone with a serious interest in understanding why our foreign policy is so often self-defeating. New Republic: How are alliances made? In this book, Stephen M. Walt makes a significant contribution to this topic, surveying theories of the origins of international alliances and identifying the most important causes of security cooperation between states. In addition, he proposes a fundamental change in the present conceptions of alliance systems. Contrary to traditional balance-of-power theories, Walt shows that states form

alliances not simply to balance power but in order to balance threats Walt begins by outlining five general hypotheses about the causes of alliances Drawing upon diplomatic history and a detailed study of alliance formation in the Middle East between 1955 and 1979 he demonstrates that states are more likely to join together against threats than they are to ally themselves with threatening powers Walt also examines the impact of ideology on alliance preferences and the role of foreign aid and transnational penetration His analysis show however that these motives for alignment are relatively less important In his conclusion he examines the implications of balance of threat for U S foreign policy Soviet Foreign Policy Towards Egypt Karen Dawisha,1979 **Directory of European political scientists** European Consortium for Political Research, University of Essex. Compiled and ed. by the Central Services of the ECPR,2016-11-07 No detailed description available for Directory of European political scientists *The Soviet Union and Egypt, 1945-1955* Rami Ginat,2022-12-28 The Soviet Union and Egypt first published in 1993 sheds new light on Soviet policy towards the Middle East after 1945 It seeks to uncover and analyse the events leading to the eventual domination of Egypt and other Arab countries by the Soviet Union Soviet penetration into the region can only be understood by tracing the roots and motives of Soviet policy after the Second World War The strengthening of Soviet influence resulted from a process of gradual political and ideological development in Egypt Special attention is drawn to domestic and foreign developments in both countries and the book makes extensive use of recently declassified documents and primary sources **Security In The Middle East** Mark Bruzonsky,Shaun Murphy,Samuel F. Wells,2020-01-16 This book examines the deep seated problems in the Middle East and their impact on the United States and its allies Exploring the disruptive effects of the double edged sword of nationalism and modernization the contributors discuss the full range of Western security interests in the region Case studies of key countries emphasize the prospect for peaceful political economic and cultural change The authors analyze the ramifications of the Arab Israeli conflict and the threats posed by Soviet penetration Arguing that confusion and contradiction mark U S policy in the Middle East the book concludes that U S strategists should focus not on curing the region s internal problems but on coping with them without sacrificing long term goals for quick fixes *The Soviet Union and the PLO* Roland Dannreuther,2016-07-27 The Soviet Union and the PLO provides a comprehensive account of Soviet PLO relations from the formation of the PLO in 1964 to the disintegration of the Soviet Union in 199 By analysing in detail the complex and often turbulent evolution of the Soviet PLO relationship the book also provides critical insights into Soviet policy making towards the Arab Israeli conflict and the various strategies Moscow adopted to attain its strategic and ideological interests in the region **The Soviet Union and Egypt, 1945-1955** Rami Ginat,1993 A study of Soviet policy towards the Middle East at the end of Stalin s period and thereafter This book utilizes material declassified towards the end of the 20th century as well as primary evidence *National Security Issues* ,1986 **The Foreign Policies Of Arab States** Bahgat Korany,Ali El-Din Hillal Dessouki,2019-07-09 Middle East politics have been proverbial for their changeability The 1970s ushered in petro politics for

instance but OPEC's international status declined markedly in the following decade. Similarly the Arab world's ostracism of Egypt in the 1970s following its separate peace with Israel was turned around in the 1980s. The late 1980s also brought PLO acceptance of the State of Israel. Interstate relations were not the only arena to experience significant alterations; state society relations also underwent dramatic changes such as the acceleration of privatization in erstwhile socialist regimes. Then the 1990s opened with a political earthquake: the Gulf Crisis. The second edition of this highly acclaimed text offers a penetrating analysis of trends in Arab foreign policies since the book was originally published in 1984, including an early analysis of the effects of Iraq's invasion of Kuwait and the subsequent coalition victory over Iraq. In addition, the authors have included new chapters on Jordan at the heart of the Arab world and on the Sudan, the region's link to sub-Saharan Africa. Their inclusion allows a fuller understanding of the foreign policies of states that occupy crucial geopolitical positions but wield little tangible power. Moreover, in many of its chapters, the book raises the crucial question of how the foreign policies of these countries can cope with the prevalence of political change.

The USSR and Marxist Revolutions in the Third World
Mark N. Katz, 1990. This book looks at the role the Soviet Union under Mikhail Gorbachev's leadership played in providing assistance to Marxist revolutionaries.

The Cold War and the Middle East
Yezid Sayigh, Avi Shlaim, 1997-05-22. The Cold War has been researched in minute detail and written about at great length, but it remains one of the most elusive and enigmatic conflicts of modern times. With the ending of the Cold War, it is now possible to review the entire post-war period to examine the Cold War as history. The Middle East occupies a special place in the history of the Cold War. It was critical to its birth, its life, and its demise. In the aftermath of the Second World War, it became one of the major theatres of the Cold War on account of its strategic importance and its oil resources. The key to the international politics of the Middle East during the Cold War era is the relationship between external powers and local powers. Most of the existing literature on the subject focuses on the policies of the Great Powers towards the local region. The Cold War and the Middle East redresses the balance by concentrating on the policies of the local actors. It looks at the politics of the region not just from the outside in, but from the inside out. The contributors to this volume are leading scholars in the field whose interests combine International Relations and Middle Eastern Studies.

Nasser's Gamble
Jesse Ferris, 2013. Nasser's Gamble draws on declassified documents from six countries and original material in Arabic, German, Hebrew, and Russian to present a new understanding of Egypt's disastrous five-year intervention in Yemen, which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam. Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers, tarnishing its image in the Arab world, ruining its economy, and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967. Viewing the Six Day War as an unintended consequence of the Saudi-Egyptian struggle over Yemen, Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors. It was the inter-Arab struggle between

monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011 *Israel and Europe* Howard M.

Sachar, 2010-03-24 A remarkable feat clear compelling and accessible Critical background for any appreciation of the Jewish state The New York Times Book Review With his characteristic grace and lucidity Howard M Sachar renowned author of thirteen earlier books on Middle Eastern and Jewish history brings to life the complex and dramatic story of the friendships and fallings out between Israel and the various European powers over the last half century Dr Sachar chronicles the always uneasy relationship between Israel and Great Britain its early love affair and nasty break up with France the shifting Soviet policies toward Israel and the unlikely emergence of Germany as the new nation's chief European benefactor A master of historical narrative Sachar once again enlightens us with fine scholarship insightful analysis and an unerring knowledge of human and national motivations *The Near East since the First World War* Malcolm Yapp, 2014-10-17 This clear balanced and authoritative survey of the history of the region is now fully up to date again The text contains a general regional introduction followed by a series of country by country analyses and a section which places the Near East in the international context Professor Yapp's new edition covers recent dramatic events including the end of the Cold War the Kuwait Crisis of 1990-91 and the continuing conflict in Israel as well as assessing the huge social and economic changes in the region It will be essential reading for students and scholars concerned with modern middle eastern history and politics of the middle east

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Soviet Foreign Policy Towards Egypt**

In some sort of inundated with displays and the cacophony of fast interaction, the profound power and mental resonance of verbal artistry often fade into obscurity, eclipsed by the regular assault of sound and distractions.
