## **Soviet Journey:**

**Soviet Journey** Louis Fischer, 1973      **A Soviet Journey** Alex La Guma, 2017-04-18 In 1978 the South African activist and novelist Alex La Guma 1925 1985 published *A Soviet Journey* a memoir of his travels in the Soviet Union Today it stands as one of the longest and most substantive first hand accounts of the USSR by an African writer La Guma's book is consequently a rare and important document of the anti apartheid struggle and the Cold War period depicting the Soviet model from an African perspective and the specific meaning it held for those envisioning a future South Africa For many members of the African National Congress and the South African Communist Party the Soviet Union represented a political system that had achieved political and economic justice through socialism a point of view that has since been lost with the collapse of the USSR and the end of the Cold War This new edition of *A Soviet Journey* the first since 1978 restores this vision to the historical record highlighting how activist intellectuals like La Guma looked to the Soviet Union as a paradigm of self determination decolonization and postcolonial development The introduction by Christopher J Lee discusses these elements of La Guma's text in addition to situating La Guma more broadly within the intercontinental spaces of the Black Atlantic and an emergent Third World Presenting a more expansive view of African literature and its global intellectual engagements *A Soviet Journey* will be of interest to readers of African fiction and non fiction South African history postcolonial Cold War studies and radical political thought      **Soviet Journey** Louis Fischer, 1935      **Exiled in East Germany** Sebastian Pampuch, 2024-04-22 The presence of Africans in the German Democratic Republic is very rarely thought of in connection with the experience of exile Instead Africans in the GDR are predominantly viewed through the prism of educational and labor migration While such research has undoubtedly produced valuable insights it often fails to adequately account for the implicit Eurocentrism methodological nationalism and anti communist bias inherent in Western knowledge production This study offers a different approach Through biographical portrayal it unfolds the life stories of African freedom fighters who lived in exile in the GDR and ultimately remained in reunified Germany with the main case study being a Malawian activist who was expelled from East to West Berlin Recounting his experiences along with those of some South African exiles chief among them a former medical worker for the ANC's armed wing the study ethnographically reconstructs the multiple entanglements between the Second and Third worlds from the vantage point of the politically displaced within the concrete historical contexts of African decolonization the struggle against the Malawian Banda dictatorship and the struggle against South African apartheid      *Hearings, Reports and Prints of the Senate Committee on the Judiciary* United States. Congress. Senate. Committee on the Judiciary,      **Soviet Journey** Gary Birchall, Quigley, Donna, 1984      **Soviet-American Relations, 1953-1960** Victor Rosenberg, 2015-01-24 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower's presidency but things

changed after Stalin died only 44 days later Stalin's successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index

all American actor activist and firebrand Born the son of an ex slave in New Jersey in 1898 Paul Robeson endowed with multiple gifts seemed destined for fame In his youth he was as tenacious in the classroom as he was on the football field After graduating from Rutgers with high honors he went on to earn a law degree at Columbia Soon after he began a stage and film career that made him one of the country s most celebrated figures But it was not to last Robeson became increasingly vocal about defending black civil rights and criticizing Western imperialism and his radical views ran counter to the country s evermore conservative posture During the McCarthy period Robeson s passport was lifted he was denounced as a traitor and his career was destroyed Yet he refused to bow His powerful and tragic story is emblematic of the major themes of twentieth century history Martin Duberman s exhaustive biography is the result of years of research and interviews and paints a portrait worthy of its incredible subject and his improbable story Duberman uses primary documents to take us deep into Robeson s life giving Robeson the due that he so richly deserves

**The Collected Works of Langston Hughes, Volume 14, Autobiography: "I Wonder As I Wander." Edited with an Introduction by Joseph McLaren , At Penpoint**

Monica Popescu,2020-08-14 In At Penpoint Monica Popescu traces the development of African literature during the second half of the twentieth century to address the intertwined effects of the Cold War and decolonization on literary history Popescu draws on archival materials from the Soviet sponsored Afro Asian Writers Association and the CIA funded Congress for Cultural Freedom alongside considerations of canonical literary works by Ayi Kwei Armah Ng g wa Thiong o Ousmane Semb ne Pepetela Nadine Gordimer and others She outlines how the tensions between the United States and the Soviet Union played out in the aesthetic and political debates among African writers and intellectuals These writers decolonized aesthetic canons even as superpowers attempted to shape African cultural production in ways that would advance their ideological and geopolitical goals Placing African literature at the crossroads of postcolonial theory and studies of the Cold War Popescu provides a new reassessment of African literature aesthetics and knowledge production [Black Writers](#)

[Abroad](#) Robert Coles,2018-10-26 Originally published in 1999 Black Writers Abroad puts forward the theory that African American literature was born partially within the context of a people and its writers who lived for the most part in slavery and bondage prior to the Civil War It is an in depth study of black American writers who left the United States as expatriates The book discusses the people that left where they went why they left and why they did or did not return from the nineteenth century to the twentieth century It seeks to explain the impact exile had upon these authors literary work and careers as well as upon African American literary history

**Yiddish and the Left** Gennady Estraiakh,2017-12-02 For over a century Yiddish served as a major vehicle for expressing left wing ideas and sensitivities A language without country an ugly jargon despised by assimilationist Jewish bourgeoisie and nationalist Zionists alike it was embraced as genuine folk idiom by Jewish adherents of socialism and communism worldwide Following the Holocaust Yiddish was the primary language of education culture and propaganda for millions of people on five continents This volume examines the diversity of relationships between Yiddish and

the Left from the attitude of Yiddish writers to apartheid in South Africa to the vicissitudes of the Yiddish communist press in the Soviet Union and the USA      **Institute of Pacific Relations** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1951 Investigates alleged communist control of the publications and international information exchange programs of the Institute of Pacific Relations Also investigates alleged communist attempts to influence U S Far East policy Includes discussion of Communist Party activities in Nazi Germany      **East and South** Lucy Gasser, 2021-07-15 What is Europe in academic discourse While Europe tends to be used as shorthand often interchangeable with the West neither the West nor Europe are homogeneous spaces Though postcolonial studies have long been debunking Eurocentrism in its multiple guises there is still work to do in fully comprehending how its imaginations and discursive legacies conceive the figure of Europe as not all who live on European soil are understood as equally European This volume explores this immediate need to rethink the axis of postcolonial cultural productions to disarticulate Eurocentrism to recognise Europe as a more diverse plural and fluid space to draw forward cultural exchanges and dialogues within the Global South Through analyses of literary texts from East Central Europe and beyond this volume sheds light on alternative literary cartographies the multiplicity of Europes and being European which exist both as they are viewed from the different geographies of the global South and within the continent itself Covering a wide spatial and temporal terrain in postcolonial and European cultural productions this volume will be of great interest to scholars and researchers of literature and literary criticism cultural studies post colonial studies global South studies and European studies      *Socialism Goes Global* James Mark, Paul Betts, 2022 The first work to provide a broad history of the relationship between Eastern Europe and the decolonising world ranging from the nineteenth to the late twentieth century At its core is the post 1945 period when socialism s importance as a globalising force accelerated and drew together what contemporaries called the Second and Third Worlds      **Modernization from the Other Shore** David C. Engerman, 2004-01-15 From the late nineteenth century to the eve of World War II America s experts on Russia watched as Russia and the Soviet Union embarked on a course of rapid industrialization Captivated by the idea of modernization diplomats journalists and scholars across the political spectrum rationalized the enormous human cost of this path to progress In a fascinating examination of this crucial era David Engerman underscores the key role economic development played in America s understanding of Russia and explores its profound effects on U S policy American intellectuals from George Kennan to Samuel Harper to Calvin Hoover understood Russian events in terms of national character Many of them used stereotypes of Russian passivity backwardness and fatalism to explain the need for and the costs of Soviet economic development These costs included devastating famines that left millions starving while the government still exported grain This book is a stellar example of the new international history that seamlessly blends cultural and intellectual currents with policymaking and foreign relations It offers valuable insights into the role of cultural differences and the shaping of economic

policy for developing nations even today
