## **Soviet Union Today An Interpretive Guide:**

*The Soviet Union Today* James Cracraft, 1988      **The Soviet Union Today** James Cracraft, 1983-11-01 This newly revised and expanded second edition of *The Soviet Union Today* provides a comprehensive introduction to contemporary Soviet reality. Written by thirty experts, the book is divided into eight general sections: history, politics, the armed forces, the physical context, the economy, science and technology, culture, and society. The individual chapters, which are intended to respond to the questions most frequently asked about the Soviet Union, are devoted to everything from the Lenin cult to the KGB, from Soviet architecture to Soviet education, from the status of women and ethnic minorities to the question of religion. All of the chapters from the first edition have been updated, and five new chapters on the Soviet cinema, mass media, foreign trade, arms control, and the legal system have been added. An annotated list of further reading suggestions and a special Note for Travelers enhance this volume's usefulness. Students, teachers, journalists, prospective tourists, and anyone interested in Soviet life will find this new edition of *The Soviet Union Today* an essential and stimulating guide to understanding the world's largest country.

**The Soviet Union Today. (An Interpretive Guide. Ed. by James Cracraft. Publ. by the Educational Foundation for Nuclear Science).** , 1983      **The Soviet Union Today** James Cracraft, 2014-12-10 This newly revised and expanded second edition of *The Soviet Union Today* provides a comprehensive introduction to contemporary Soviet reality. Written by thirty experts, the book is divided into eight general sections: history, politics, the armed forces, the physical context, the economy, science and technology, culture, and society. The individual chapters, which are intended to respond to the questions most frequently asked about the Soviet Union, are devoted to everything from the Lenin cult to the KGB, from Soviet architecture to Soviet education, from the status of women and ethnic minorities to the question of religion. All of the chapters from the first edition have been updated, and five new chapters on the Soviet cinema, mass media, foreign trade, arms control, and the legal system have been added. **Soviet Briefing** Ben Eklof, 2019-06-04 In writing this book I incurred a number of debts which I now gratefully acknowledge. During a year at the Kennan Institute for Advanced Russian Studies in the Wilson Center of the Smithsonian Institution I attended many seminars and discussions on current events. In one way or another the ideas, information, and debates that took place during my stay contributed to my opinions and shaped the direction of my research. Unfortunately I cannot list all the names of those from whom I benefited. The Kennan Institute itself provided a stimulating and supportive environment for my work. I am especially thankful to Peter Reddaway and Ted Taranovski for all they have done.      **A**

**History of the Soviet Union, 1945-1991** John L. H. Keep, 2002 Described as one of the most tragic human experiences in

human history the Soviet Union as an empire holds much intrigue and fascination for the Western world It held unquestionable status as an empire with its coverage of over 100 nationalities Its status as the Last of the Empires depends on what the future may hold but any future empires will undoubtedly be based on intellectual and institutional foundations far different from those developed during the Soviet era Here John Keep presents the narrative history of the USSR from the last years of Stalin to the checkered fate of Gorbachev s reform policies and the ultimate collapse of the empire under manifold centrifugal pressures Focusing upon political economic social and cultural developments the book is divided into four parts the last years of Stalin Nikita Krushchev s abortive attempts to reform Communist rule the years 1964 1985 covered largely by Breshnev s long tenure of power and lastly Gorbachev s abortive attempts to promote a reformed democratic communism

**Russia, Ukraine, and the Breakup of the Soviet Union** Roman Szporluk,2020-02-24 This book chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism in Eastern Europe and the USSR Although there were numerous reasons for the collapse of communism it did not happen as it may have seemed to some overnight Indeed says Roman Szporluk the root causes go back even earlier than 1917 To understand why the USSR broke up the way it did it is necessary to understand the relationship between the two most important nations of the USSR Russia and Ukraine during the Soviet period and before as well as the parallel but interrelated processes of nation formation in both states Szporluk details a number of often overlooked factors leading to the USSR s fall how the processes of Russian identity formation were not completed by the time of the communist takeover in 1917 the unification of Ukraine in 1939 1945 and the Soviet period failing to find a resolution of the question of Russian Ukrainian relations The present day conflict in the Caucasus he asserts is a sign that the problems of Russian identity remain

*Soviet Science on the Edge of Reform* Harley D. Balzer,2019-06-04 It is my sincere hope that the reforms currently being introduced in the USSR will render much of this book obsolete Yet even if perestroika brings significant change to the Soviet Union historians will want a record of what existed before After four years it has become apparent that perestroika is a painful long term process In such a large and diverse country even the reforms that are successful cannot take place everywhere at once One major goal in publishing this book is to make data from a major interview project on Soviet science and technology available to a broader audience Despite the changes taking place many of the features illuminated by these unique data persist

**Decline of the Soviet Union. Economic and political reasons for the dissolution of an empire** Neno Gabelia,2017-01-05 The book *Decline Of The Soviet Union and Political Reasons For The Dissolution of an Empire* consequences of a new political and economic order is an attempt to seek the roots of our ambivalence toward Russia and of Russians ambivalence toward their own country It focuses on the variety of identities which Russia has assumed over the centuries The aim of this book is to provide a basis for analyzing and understanding the aspects of existence of Soviet Union the reasons of her collapse and the perspectives that Russia has today The disintegration

of Soviet Union has left Russia searching for a new basis for its security policy and grappling with the question of whether Russia is a superpower or just a regional great power This book also explores several lines of thought in respect to Georgia's independence both its frustrated attempt in 1918 and its recent successful transition to independence because of the collapse of the Soviet Union Nothing said here is intended as a definitive judgment The purpose of the book is to stimulate discussion debate and reflection

*Bulletin of the Atomic Scientists*, 1985-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

*Bulletin of the Atomic Scientists*, 1984-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world
