Soy Roca:

Soy Roca Félix Luna, 2011-04-01 Escrito en primera persona fue editado por primera vez en 1989 y es la obra de la madurez intelectual e historiográfica de Luna Aunque por momentos pueda parecer una novela este es un libro de historia que relata la etapa de mayores y más profundas transformaciones de la Argentina en la voz del general Julio A Roca Pues es el propio Roca quien cuenta su vida y su trayectoria lo que permite al autor describir los fascinantes cambios que vivió a lo largo de su existencia quien fuera dos veces Presidente de la Nación y fundador de la Argentina moderna dió impulso a la ley de Educación Común e incorporó la Patagonia como Territorio Nacional Para Luna significó uno de sus mayores desafíos personales ya que para alguien formado en un hogar de ideología radical Roca representaba todos los vicios del conservadurismo Anécdotas chismes y hechos o personajes curiosos y olvidados devuelven a Roca la condición de un ser de carne y hueso con sus grandezas y debilidades sus simpatías y antipatías sus pasiones y los rasgos de su circunstancia familiar y social en suma su dimensión humana Con esta obra Félix Luna reafirma la línea creativa que le sigue dando una vigencia extraordinaria en el público

Encuentros Félix Luna, 2011-04-01 Este es un libro diferente de los que conforman la vasta obra de Félix Luna Escrito en tono casi intimista es un testimonio excepcional y una revisión de sus encuentros con la historia y la música la política y la literatura el país y su gente a veces tierno a veces emotivo a veces risueño Sin proponérselo nos conduce a una especie de memoria central de este siglo en la Argentina por medio de un relato fluido que no ofrece una acumulación de anécdotas sino un itinerario veraz y apasionado Encuentros es una forma distinta del diálogo que Félix Luna viene manteniendo hace años con el público argentino Quienes lo inicien o lo reanuden comprobarán y confirmarán su percepción de la realidad nacional y su sensibilidad para interpretarla esta vez en clave personal no histórica Un gran libro que sale al encuentro de sus lectores
