Blocker, 2019-07-09 Violated, disgusted, ashamed Tarrylyn Brown has no other choice but to move into her grandmother's house after fighting her way out of a sexual assault brought on by her mother's drug dealing boyfriend Big Mama, as she endearingly calls her. Tarrylyn tries her best to instill solid values and principles into her grandchild that promote a healthy, successful course of life. But a hurt and angry Tarrylyn learns and masters the art of hiding her truth by remaining silent concerning the things that have affected her. After testing the waters, Tarrylyn finds solace in burying her truest and deepest feelings in this diary. Succumbing to the lust of her high school crush, Tarrylyn finds herself pregnant, fearful of becoming another teenage statistic, so her best friend Cara develops a foolproof plan that is sure to resolve her worry. Finally relieved of her stress, Tarrylyn's life takes a refreshing turn for the better when she meets the love of her life and proceeds to live the life of her dreams. Until that falls to shit. The definitive biography of Charles Barkley exploring his early childhood, his storied NBA career, and his enduring legacy as a provocative voice in American pop culture. He's one of the most interesting American athletes in the past fifty years. Passionate, candid, iconoclastic, and gifted both on and off the court, Charles Barkley has made a lasting impact on not only the world of basketball but pop culture at large. Yet few people know the real Charles. Raised by his mother and grandmother in Leeds, Alabama, he struggled in his early years to fit in until he found a sense of community and purpose in basketball. In the NBA, he went toe to toe with the biggest legends in the game, from Magic to Michael to Hakeem to Shaq. But in the years since, he has become a bold agitator for social change, unafraid to grapple, often brashly, with even the thorniest of cultural issues facing our nation today. Informed by over 370 original interviews and painstaking research, Timothy Bella's *Barkley* is the most comprehensive biography to date of one of the most talked-about icons in the world of sports. **Collect All 21! Memoirs of a Star Wars Geek - The First 30 Years** John Booth, 2008-07-14 Opening that first Darth Vader figure and putting him in a Landspeeder. Imagining a snowy elementary school playground as the wastes of Hoth. Seeing Return of the Jedi on opening night. Moments like these, and a galaxy more, make up three decades of *Memoirs of a Star Wars Geek*. John takes the reader from a childhood packed with Star Wars guys, never action figures, and Christmas wishes both fulfilled and unrealized through the years when the trilogy lay dormant to the

mainstream public's eye and into an age of seeing George Lucas' universe as an adult while exploring it again as a parent. Gracefully laying bare both the good and not so good times, this collection with its origins as a series on his web site FieldsEdge.com is a love letter from a self-aware geek written under the sometimes harsh light of hindsight softened with understanding. It captures the innocence and wonder and infinite possibilities of what it meant to an eight-year-old to collect. All 21 Media, Communication, Culture James Lull, 2000. For this new edition, coverage has been expanded from six to eleven chapters and has been thoroughly updated to include all new developments in the field. **BOOK JACKET** *Schools That Change* Lew Smith, 2008. *Schools That Change* integrates equal parts passion and intellect. **Fire Dancers in Thailand's Tourism Industry** Tiffany Rae Pollock, 2024-05-15 Fire Dancers in Thailand's Tourism Industry explores the evolution of fire dancing from informal community jam sessions into the iconic tourist-oriented performances at beach parties and bars through a close consideration of the role of affect in the lives of fire dancers in the ever-changing scene Rather than pursuing the common notion that tourism industries are exploitative enterprises that oppress workers Tiffany Rae Pollock centers the perspectives of fire artists themselves who view the industry as simultaneously generative and destructive Dancers reveal how they employ affect to navigate their lives art and labor in this context showcasing how affect is not only a force that acts on people but also is used and shaped by social actors toward their own ends Fire Dancers in Thailand's Tourism Industry highlights men as affective laborers investigating how they manage the eroticization of their identities and the intersections of art and labor in tourist economies Exploring moments of performance and everyday life Pollock examines how fire artists reimagine their labor lives and communities in Thailand's tourism industry *Newsweek*, 1996

**Detox Your Writing** Pat Thomson, Barbara Kamler, 2016-02-26 There are a number of books which aim to help doctoral researchers write the PhD This book offers something different the scholarly detox This is not a faddish alternative it's not extreme It's a moderate approach intended to gently interrupt old ways of doing things and establish new habits and orientations to writing the PhD The book addresses the problems that most doctoral researchers experience at some time during their candidature being unclear about their contribution feeling lost in the literature feeling like an imposter not knowing how to write with authority wanting to edit rather than revise Each chapter addresses a problem suggests an alternative framing and then offers strategies designed to address the real issue Detox Your Writing is intended to be a companionable work book something doctoral researchers can use throughout their doctorate to ask questions about taken-for-granted ways of writing and reading and to develop new and effective approaches The authors' distinctive approach to doctoral writing mobilises the rich traditions of linguistic scholarship as well as the literatures on scholarly identity formation Building on years of expertise they place their emphasis both on tools and techniques as well as the discursive practices of becoming a scholar The authors provide a wide repertoire of strategies that doctoral researchers can select from rather than a linear lock-step progression through a set of exercises The book is a toolkit but a far from prescriptive one It shows that there are many routes to developing a personal academic voice and

identity and a well crafted text With points for reflection alongside examples from a broad range of disciplines the book offers thinking tools writing tools linguistic tools and reading tools which are relevant to all stages of doctoral research This practical text can be used in all university doctoral training and composition and writing courses However it is not a dry how to do it manual that ignores debates or focuses solely on the mechanical at the expense of the lived experience of doctoral research It provides a practical theorised real world guide to postgraduate writing **Rising Sun** Lisa Gillis,2016-04-25
