Spaceships Of Ezekiel:

The Spaceships of Ezekiel Joseph Blumrich, 2017-12-20 Not a description of a meeting with God but with ancient astronauts in a shuttlecraft The Spaceships of Ezekiel is about a ship that was supposedly observed by the prophet Ezekiel It was written while the author Josef Blumrich was chief of NASA's systems layout at the Marshall Space Flight Center After ufologists such as Erich von Däniken pointed to the possibility of interpreting Ezekiel's vision as a report of an extraterrestrial spacecraft Blumrich decided to disprove the hypothesis However a thorough examination convinced him that Ezekiel had in fact seen a spaceship He then made detailed drawings of the alien craft concluding that the technology of the builders must have been somewhat higher than mankind's at the present Blumrich asserts that Ezekiel's account in the Bible was not a description of a meeting with God in a prophetic vision but one of several encounters with ancient astronauts in a shuttlecraft from another planet Blumrich analyzes six different translations of the Bible in conjunction with his experience in engineering and presents one possible version of Ezekiel's visions of how God described as riding in an elaborate vehicle capable of seeing supposedly showed him the future and gave him various messages to deliver In the appendices to the book Blumrich presents technical specifications of the hypothesized spacecraft He proposed a wheel that is capable of rotating not only in the forward backward direction but also sideways based on his interpretation of the description in Ezekiel and patented it The wheel is now known as the Omni wheel and it is used in special applications The Spaceships of Ezekiel

Worlds will take you on a personal journey through other times and dimensions It is mostly nonfiction but also stretches the imagination to consider other possibilities and controversies It is filled with spectacular images from NASA of our universe and other fantastic artwork You will begin in our universe in the past and consider what some of the ancients thought about the heavens and gods from the heavens through their oral traditions myths legends holy books and history From there you

will read recent information on UFOs now UAPs and some recent well known UFO incident reports The words of the witnesses to these events give clear and compelling testimony and impact our limited knowledge of our universe Then we will examine some of the scientific and technological wonders of what science tells us about our universe From there you will consider other dimensions from differing perspectives You will look at ancient oral traditions myths legends and historical beliefs about other dimensions other worlds realms You will learn what scientists currently theorize about other dimensions Finally you consider the inner dimension or realm You will learn about recent prophets psychics and scientific attempts to use their skills Then you will seek the ancient wisdom of classic metaphysics Hindu metaphysics and the spirituality of diverse cultures You will consider recent scientific support for connections between the consciousness of your mind and the entire universe through quantum physics And this will return you to our universe again hopefully with new insights into life As T S Eliot said so well We shall not cease from exploration And the end of all our exploring Will be to arrive where we started And know the place for the first time 1 Enjoy your explorations 1 Eliot T S from Little Gidding Four Quartets Main Edition April 30 2001 originally published in 1943
