concluding with the fall from grace of the American cyclist Lance Armstrong in 2012 the principal processes examined include The increasing crossing of the borders between different legal regimes whether supranational or simply particularised and with it the erosion of what we knew as state sovereignty and constitutionalism The increasing use of judgment achieved through the media and how this arrives at new configurations of moral panic and scapegoating The creation of a need for rapid outcomes at the expense of the modernist value or version of the rule of law The increasing use of new and alternative methods of guilt proof and ultra legal detection **Black USA and Spain** Rosalía
