Contemporary Spanish Politics José María Magone, 2009 With a focus predominantly on the two governments of Jos Maria Aznar between 1996 and 2004 and the Jos Luis Zapatero government after 2004 this book provides an introduction for students of Spain's history and its

contemporary politics **Democracy Between Consolidation and Crisis** Leonardo Morlino, 1998-07-02 The second half of the twentieth century has witnessed several waves of democratization in Europe the Americas and in other regions of the world such as South East Asia Although for the most part these democratic regimes are no longer haunted by the prospect of a return to authoritarianism severe economic and social problems have posed serious challenges creating a situation where change is often achieved through alternating periods of consolidation and crisis Drawing on a systematic empirical analysis of four key Southern European countries Portugal Spain Greece and Italy Morlino identifies several key aspects of democratic consolidation consensus and legitimation party system and party organization and the ways in which organized and non organized interests are related to parties and the institutions of state The resulting models of consolidation are analysed and the mechanisms and patterns of their unfolding crises identified taking care to disentangle the pragmatic reactions against the regime often related to corruption from more ideological ones grounded in differences in values Finally the author addresses the question of the quality of democracy examining how this is related to the outcome of processes of consolidation and crisis This insightful study offers the first extensive comparative analysis of consolidation and crisis in these countries and features a wealth of up to date information on party organizations interest associations the media and public opinion Although clearly focusing on Southern Europe the author s findings are extremely relevant for understanding the politics of several other regions including Eastern Europe Latin America and South East Asia Securing Democracy Geoffrey Pridham, 2012-10-12 Provides the first systematic comparative analysis of Southern Europe s development towards democratic consolidation looking particularly at Greece Spain Portugal and Italy This book should be of interest to lecturers and students of politics European Studies and Development Studies *The Dynamics of Democratization* Geoffrey Pridham, 2001-01-01 A systematic comparison of three cases of democratization and regime transformation in Europe since 1945 this book highlights diversities of historical context **Encyclopedia of Contemporary Spanish Culture** Professor Eamonn Rodgers, Eamonn Rodgers, 2002-03-11 Some 750 alphabetically arranged entries provide insights into recent cultural and political developments within Spain including the cultures of Catalonia Galicia and the Basque country Coverage spans from the end of the Civil War in 1939 to the present day with emphasis on the changes following the demise of the Franco dictatorship in 1975 Entries range from shorter factual articles to longer overview essays offering in depth treatment of major issues Culture is defined in its broadest sense Entries include Antonio Gaud science Antonio Banderas golf dance education politics racism urbanization This Encyclopedia is essential reading for anyone interested in Spanish culture It provides essential cultural context for students of Spanish European History Comparative European Studies and Cultural Studies **Party Transformations in European Democracies** André Krouwel, 2012-12-01 Political parties regularly change and adapt in response to ever changing circumstances Until now these changes have frequently prompted both scholars and the media to suggest a whole new type of political party and over time the number of models and types has

proliferated to the point of confusion contradiction and a loss of explanatory power In this sophisticated yet accessible study Andr Krouwel rejects this m lange of models as inadequate He utilizes a wide range of data sources to analyze the ideological organizational and electoral change undergone by more than one hundred European parties in fifteen different countries from Scandinavia to the Iberian Peninsula between 1945 and 2010 The result is one of the most comprehensive empirically grounded studies to date of the genesis development and transformation of political parties in advanced democratic states

Devolution and Electoral Politics Dan Hough,Charlie Jeffery,2006-05-28 This book presents a comparative perspective on the new dynamics of electoral competition following devolution to Scotland and Wales It brings together leading experts on elections political parties and regional politics from Britain Europe and North America to explore the dynamics and interactions of national and regional arenas of electoral competition

Institutions And Democratic Statecraft Metin Heper,2018-10-08 This volume of fifteen original essays examines the role of political institutions in establishing democratic stability around the globe Leading scholars survey well established democracies such as the United States Great Britain Canada Australia and France relatively established democracies such as Germany Italy India and Israel and newly established democracies such as Turkey Poland and Spain The final chapter explores how political institutions may be connected to democracy for best performance of the political system

International Handbook of Human Rights Jack Donnelley,Rhoda E. Howard-Hassmann,1987-11-06 This collection of essays on the current human rights climate in 19 countries includes Canada Chile China Cuba Israel Poland the USA and USSR and represents a variety of regimes cultural traditions and geographical areas For analysis of the facts this volume excels A well crafted introduction describes current debate about human rights theory and practice traces the development of human rights instruments and discusses problems of implementation Strongly recommended Library Journal The bulk of the scholarly literature on human rights deals with international law and politics In contrast this volume offers nineteen case studies of national human rights practices Although international factors cannot be ignored most human rights violations are perpetrated by states against their own citizens the principal causes of the respect for and violation of human rights lie in national social and political structures

Policy, Office, Or Votes? Wolfgang C. Müller,Kaare Strøm,1999-08-28 This book examines the behaviour of political parties in situations where they experience

conflict between two or more important objectives

Politics, Culture, and Sociability in the Basque Nationalist

Party Roland Vazquez, 2010-11-28 Until now social scientists studying Spanish politics have focused on party systems regime transition and election analysis and anthropologists studying Spain have largely neglected its political parties This book is a pathbreaking work of political anthropology and an ethnographic study of the Basque Nationalist Party PNV Author Roland Vazquez studies Basque nationalism as not merely a political phenomenon but as a cultural and social one as well He examines the forces that have shaped the Basque political panorama the nature of Basque political campaigns Basque cultural and social movements both inside and outside the explicitly partisan milieu and the role of other parties in the Basque Country The study is enhanced by extensive interviews and broad fieldwork among Basque contacts of diverse backgrounds and loyalties The result is a vivid portrait of political life in the contemporary Basque Country of the tensions between various nationalist parties and philosophies and of the way politics are influenced by Basque notions of community social connections and national identity The book also serves as a model for studies of other political and nationalist movements and the cultural and social ties and values that drive them

Governing the New Europe Jack Ernest Shalom

Hayward, Edward Page, 1995 Governing the New Europe provides a comprehensive and scholarly account of the changing political map of Europe as it emerges from the Cold War Exploring the variations of liberal democracy and market economy among the European states as well as current trends in these directions the contributors to this volume all leading authorities in European politics consider whether a common political model has begun to emerge out of historic European diversity Beginning with a discussion of the political economic and cultural development of Europe from a historical perspective the focus of the book shifts to an examination of the changing forms of European democracy and the move from public ownership and planning to privatization and deregulated competition Further essays analyze the challenge to national party systems and electoral performance from emerging social movements and organized interest groups Political and bureaucratic structures are also examined as is the new European constitutionalism reflected in the increasingly significant role of the judiciary Lastly attention is turned to several major themes in European politics the changing foundations of foreign and security policy the function of industrial champion firms and the retreat from the welfare state Primarily

comparative in its scope *Governing the New Europe* does devote particular attention to specific major states as well as to the importance of the European Union to the political life of member and non member countries Neither exaggerating the common features of the patterns that have emerged in contemporary Europe nor capitulating to the complexity of enduring differences and instabilities between states *Governing the New Europe* will become one of the standard texts in its field

Contributors Jack Hayward Jolyon Howorth Herbert Kitschelt Marie Lavigne Tom Mackie Michael Mezey Edward C Page Richard Parry Richard Rose Anthony Smith Alec Stone *Innovative Leaders in International Politics* Gabriel Sheffer, 1993-09-14

In today's world national leaders have immense power to make decisions affecting millions of lives both domestically and internationally Yet questions about the performance of these leaders and specifically what psychological or external factors determine whether they will be innovative and effective or will muddle through have received surprisingly little attention An introductory section presents main themes in the study of innovative leadership and in addition reviews the existing inadequate state of our knowledge The two subsequent sections further explore the basic questions through case studies of leaders in democratic systems and in transitional or authoritarian systems By looking at the individual records of such major twentieth century leaders as De Gaulle Adenauer Gandhi Gorbachev Sadat and several American presidents the authors contribute fresh insights about the particular leaders consider how the type of system in which they functioned enhanced or constrained their innovativeness and shed light on the broader questions of what factors encourage or inhibit successful innovation in the international sphere

Party Formation in East--Central Europe Gordon Wightman, 1995 a welcome addition to our stock of knowledge regarding the process of democratization the real value of the book lies in the empirical details and occasional suggestive comparisons rather than in a consistently convincing conceptual rendering of the opening pages of the new chapter in East Central European history

Frank A Kunz Canadian Journal of Political Science

Party Formation in East Central Europe is an excellent book It is encouraging that many of the articles were written by scholars who are of Eastern European origins and live in the area

Ann Griffiths International Insights

Party Formation in East Central Europe is one of the first books to present detailed studies of politics in Czechoslovakia Hungary Poland and Bulgaria during the initial three years of post communist rule
