Consiglio, Juan Carlos Martinez Oliva, Gabriel

Tortella, Monika Pohle Fraser, Iain L. Fraser, 2016-12-05 This volume presents a panoramic picture of the many national and international trends and developments factors customs and events that have characterised banking in the Mediterranean area over the past two centuries During this period banking in the Mediterranean evolved distinct characteristics several going well beyond the restricted realities of colonial relations The range of issues covered by the book is extensive and includes both national banking evolution and pan regional topics The chapters touch upon various aspects of Iberian Italian French Greek Maltese Moroccan and Ottoman banking history focusing particularly on issues relating to central banking

numismatics archival recording and pan Mediterranean economic dynamics The history of certain specific institutions is also considered including the Imperial Ottoman Bank The Ionian Bank The Banque d Etat du Maroc and others Bringing together papers by leading banking and finance historians which were first presented at the European Association for Banking History conference held in Malta in June 2007 this volume offers an invaluable insight towards a wider and more detailed understanding of the roles of banking and finance in Mediterranean economic history Seen in a context of what has hitherto been something of a historical vacuum in terms of the coverage of much writing on European banking and financial history and the importance given to the Mediterranean region s banking history in its own right this is an innovative book that both contributes towards our knowledge the subject and establishes a pattern for further work in this important area of European economic history

The Mediterranean Passage Russell King, 2001-01-01 During the last two decades of the twentieth century southern Europe became a key destination for global migration Countries which had been important source countries for emigration mainly to northern Europe quickly became targets for international migrants coming from an extraordinary range of source countries Today the management of immigration is complex with countries torn between the need to satisfy the rules of Schengen and fortress Europe on the one hand and the economic benefits of cheap and flexible labour supplies on the other This book brings together a variety of detailed studies recording the cultural encounters of these migrants Most of the chapters are based on detailed research in locations such as Lisbon the Algarve Barcelona Turin Bologna Sicily and Athens as well as in source countries such as Morocco Tunisia Albania and the Philippines What emerges is a scenario diverse and rapidly evolving with cultural encounters which are both enriching and depressing yet always fascinating

Middle East and Europe B. A. Roberson, 2005-06-23 Leading commentators on Europe and the Middle East explore many of the key issues which have informed the relationship between the two regions Ranging from Europe s colonial legacies to an uncertain economic future in the region the book covers the Cold War and after the profound influence of the US the rise of political Islam case studies including Europe and the Iranian revolution France s experiences in Algeria and Turkey s position between the two regions The EU it is argued has more influence over economic strategies than security issues in the Middle East These strategies have in turn promoted stability in the form of free trade zones ensuring vital economic development between the Middle East and Europe

Pacific Rural Press ,1904 *The Michigan Alumnus* ,1996 In v 1 8 the final number consists of the Commencement annual *Perspectives on Western Sahara* Anouar Boukhars,Jacques Roussellier,2013-12-18 The ongoing conflict in Western Sahara is one of the more intractable legacies of European colonization in North Africa Following the withdrawal of Spain this territorial dispute escalated in 1975 into a war of independence between the Sahrawi people of the Polisario Front who were backed by Algeria and the states of Mauritania and Morocco In 1976 the Polisario Front established the Sahrawi Arab Democratic Republic which was not admitted in the UN but won recognition by a few states After multiple peace efforts the conflict reemerged in 2005 as the independence Intifada Today the Polisario Front controls about 20% of Western Sahara

At the heart of the conflict lie geopolitical interests and incompatible claims aggravated by the use of military force and decades of mostly unproductive diplomatic maneuvers by international bodies and regional or foreign powers This thorough impartial survey brings together some of the best experts on the Sahara question to provide a broad based analysis of the problem from a range of perspectives Featuring new research the chapters examine the roots of the conflict its dynamics and potential solutions This groundbreaking text also addresses questions of law human rights natural resources from an analytical point of view Contributed by scholars from North Africa Europe and the U S it is an essential contribution to the literature of Middle East and African studies
