Berger provides a major corrective in the case of Chile For example in the south indigenous populations were persistent in their resistance against Spanish settlement By the end of the sixteenth century Spanish aspirations to conquer the entire Pacific Coast were dashed at least twice by armed resistance from the Mapuche peoples By 1600 the Mapuche had killed two Spanish governors and occupied more than a dozen Spanish towns Chile's colonial future was quite uncertain As Berger documents for much of the seventeenth century it seemed that there could be peace along the Spanish Mapuche frontier Through trade intermarriage and even mutual distrust of Dutch and English pirates the Mapuche and the Spanish began to construct a colonial entente However this growing alliance was obliterated by the incurable evil an ever-expanding enslavement of Mapuches and one which prompted a new generation of Mapuche resistance This trade saw Mapuche rivals neutrals and even friends placed in irons and forced to board ships in Valdivia and Concepción or to march northward along the Andes The Mapuche labored in the gold mines of La Serena in urban workshops in Lima in the silver mines of Potosí or on the thousands of haciendas in between and would never return to their homes With this tragic betrayal Chile was left a more corrupt violent and polarized place which would cause deep wounds for centuries An essay on Spanish literature Angel Anaya, 1818 **Lonely Planet**
