Salmagundi* Washington Irving, 1868 Spanish Papers and other Miscellanies, hitherto unpublished or uncollected Washington Irving, 1866 **Spanish papers. Biographies and miscellanies** Washington Irving, 1881 **Marbled Paper** Richard J. Wolfe, 1990 For 250 years after its introduction to Europe around 1600 the method of decorating paper known as marbling reigned supreme as the chief means of embellishing the fine work of hand bookbinders Richard J Wolfe reconstructs the rise and fall of the craft and offers the most comprehensive account available of its history techniques and patterns A publication of the A S W Rosenbach Fellowship in Bibliography Series **The Handbook of Spanish Language Media** Alan Albarran, 2009-09-10 With the rise of Spanish language media around the world The Handbook of Spanish Language Media fills the need for a comprehensive reference work not only providing background knowledge of the various issues and topics relevant to Spanish Language media but also establishing directions for future research in this rapidly growing area Fictions of the Feminine in the Nineteenth-Century Spanish Press Lou Charnon-Deutsch, 2010-11-01 How was the female body perceived in the popular culture of late nineteenth century Spain Using a wide array of images from popular magazines of the day Lou Charnon Deutsch finds that women were typically presented in ways that were reassuring to the emerging bourgeois culture Charnon Deutsch organizes the 190 images reproduced in this book into six broad categories or fictions of the feminine she reads women s bodies as a romantic symbol of beauty or evil as a privileged link with the natural order as a font of male inspiration

as a mouthpiece of bourgeois mores as a focalized point of male fear and desire and as an eroticized expression of Spanish exoticism and political ambitions These imaginary visions of femininity Charnon Deutsch argues were a response to and also helped to create gendered stereotypes by suggesting ideal feminine behavior and poses Further they comprised a reassuring between male cultural medium that provided graphic validation of women s docile body for a culture enthralled with femininity Integrating the fields of literature and cultural studies Charnon Deutsch s approach to this subject is unique Many of the images collected here are available for the first time and they represent only a fraction of the two thousand images Charnon Deutsch collected during her research This book will appeal to students of Spanish cultural studies and gender studies as well as to art historians Works: Spanish papers, edited by P.M.
