## **Spanish War An American Epic 1898:**

**The Spanish War, an American Epic--1898** George J. A. O'Toole,1984-01-01 O Toole is astonishingly good He is a master of the knack of weaving significant detail into his recapitulation of the war Alden Whitman Chicago Sun Times

The Spanish War G. J. A. O'Toole,1986 O Toole is astonishingly good He is a master of the knack of weaving significant detail into his recapitulation of the war Alden Whitman Chicago Sun Times      **Inside the Spanish-American War** James M. McCaffrey,2009-04-22 This is the story of the Spanish American War told not from the perspective of generals policy makers or politicians but from that of the soldiers sailors and marines in the field and the reporters who covered their efforts Concentration on the daily lives of these people provides insight into the often overlooked facets of a soldier s life detailing their training and interaction with weaponry their food clothing and medical supplies and their personal interactions and daily struggles While the Spanish American War set the stage for America s emergence as a global power this is its history on an individual scale as seen through the eyes of those upon whom the war had the most immediate impact      The Spanish-American War Brad K. Berner,2014-03-27 This documentary history is intended for specialist and non specialist alike The introductions to the book s sections together with introductions to each document provide a general history of the war The contents cover the pre war war and post war periods in Cuba Guam Hawaii Puerto Rico Spain the Philippines and the United States Included are documents on the main battles and diplomatic history of the war along with internal situations in Cuba Puerto Rico Spain the Philippines and the United States Of particular interest is the section on Black Americans views and participation in the war and the section on the views of many participants military and non military      **The Spanish-American War 1895-1902** Joseph Smith,2014-05-12 Fought in both Caribbean and Pacific and turning on America s superior naval strength this short but decisive war had momentous consequences internationally It ended Spain s imperial power and the US emerged for the first time as an active force in world affairs acquiring amidst much domestic controversy an empire of her own in the Philippines Guam Puerto Rico and Cuba whose struggle against Spain had sparked the war Heavy with implications for twentieth century America the war is explored in its widest context in this engrossing and impressive study      **For Sale —American Paradise** Willie Drye,2015-10-20 Winner of the Independent Publisher Book Awards Silver Medal for Best Regional Nonfiction in the Southwest The story of how Florida became entwined with Americans 20th century hopes dreams and expectations is also a tale of mass delusion real estate collapses and catastrophic hurricanes The Fantasy of Florida hones in on the experiences of William Jennings Bryan and Edwin Menninger the two men who shaped the image of Florida that we know today and who sold that image as America s paradise The cast of characters also includes the Marx Brothers Thomas Edison Al Capone and Mark Twain A tale of a colorful and tragicomic era during which the allure and illusion of the American Dream was on full display a Jazz Age period when Americans started chasing what F Scott Fitzgerald called the orgiastic future the book reveals how the recent economic collapse in Florida is eerily

similar to events that happened there between 1925 and 1928 What sets the mid 1920s Florida land boom apart from more recent booms and busts however is that this was the first modern boom the first time that emerging new technologies mass communications and modern advertising techniques were used to sell the nation on the notion that prosperity and happiness are simply there for the taking Florida s image as a place where the rules of everyday life don t apply and winners go to play was formed during this dawn of the age of consumerism when Americans wanted to have fun and make lots of money and millions of them thought Florida was the perfect place to do that

**Jose Marti** John M. Dunn,2015-02-01 All Cubans agree on one thing Jos Mart is the Father of Cuba He was and remains Cubas national hero Cubans from all walks life simply call him The Apostle Poet political philosopher statesman novelist journalist translator and firebrand revolutionary Mart was the driving force behind the final Cuban insurrection against Spanish rule in the late nineteenth century This young adult biography begins with Mart s origins in the mid nineteenth century Cuba which was then among the last of Spain s New World possessions Next the narrative traces his one track mission into adulthood as a firebrand intellectual radical who dies a martyr s death while fighting in Cuba Mart s remarkable talents emerged in his boyhood A revulsion against slavery in Cuba and Spains oppressive rule evoked powerful moral response in him Havana s revolutionary circles drew him in and turned him into a radical in his early teens Unjustly convicted imprisoned and exiled for treason against Spain at 17 he dedicated his life to the ousting Spanish from in Cuba As an adult he lived as an expatriate in four nations honing his skills as journalist poet political thinker and organizer of revolution More than any other Cuban he motivated the Cuban migr population especially in Florida to take up arms against Spain He conducted much of the war planning fund raising and troop recruiting in Florida including cities such as Key West Tampa Jacksonville and Ocala The book relates Mart s personal story both his strengths and weaknesses culminating in a depiction of how at 42 he was killed in action and became a martyr His legacy remains powerful Today both Castro s regime and his opponents in exile claim Mart as their own For the past 120 years his standard for leadership has endured No other Cuban reaches his stature No one probably ever will

**A Companion to American Military History** James C. Bradford,2009-11-03 With more than 60 essays A Companion to American MilitaryHistory presents a comprehensive analysis of the historiographyof United States military history from the colonial era to thepresent Covers the entire spectrum of US history from the Indian andimperial conflicts of the seventeenth century to the battles inAfghanistan and Iraq Features an unprecedented breadth of coverage from eminentmilitary historians and emerging scholars including little studiedtopics such as the military and music military ethics care of thedead and sports Surveys and evaluates the best scholarship on every importantera and topic Summarizes current debates and identifies areas whereconflicting interpretations are in need of further study

American Religious History Gary Scott Smith,2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in

shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three

**Army History** ,2000      **Usa One Nation Under God?** Jose Carlos Diaz,2007-09 The U S A claims to be one nation under God If that God is the Christian God this statement is false The author of this book sets out to prove this thesis with the analysis of over a dozen U S war events spanning over a century The U S A is now the only world superpower How did it get there By walking down the path marked by Manifest Destiny With the arrival of the Mayflower the English Puritans believed that God preordained them to spread their eternal values throughout the world This presumptuous goal eventually became the U S expansionist policy the basis for its political and economical conquest of the world Uncle Sam disguised with a false philanthropy became the Northern Colossus He is shouting that the country where he lives is one nation under God however it really is against God Repent USA This book is demonstrating this hypocrisy through an examination of U S military interventions around the world starting with the explosion of the Maine in 1898 and ending with the Operation Iraqi Freedom in 2003

Joseph Wheeler Anders M. Kinney,2002 This text analyzes and evaluates the participation of Joseph Wheeler in the Spanish American War Southerners believe that Wheeler had a significant impact on the unification of the North and South during this period Second this historiographic writing acquaints the secondary teacher of history with the importance of the war in America s move toward imperialism This research suggests there is a relationship between Joseph Wheeler and the healing of the Civil War wounds This research investigates two different approaches to Wheeler s involvement in the war The first approach involved the historical interpretation that McKinley s decision to appoint Wheeler as a Volunteer General was based on political expediency and not on ability The second approach involved the examination of General Wheeler s primary documents and their interpretations of his participation in the war Results of this research showed the following 1 Joseph Wheeler s involvement in the Spanish American War hastened the healing of North South wounds 2 Wheeler s involvement in the overall scheme of the war was more than token and 3 Wheeler was perceived as an American hero by all regions after the war

Encyclopedia of the Spanish-American and

Philippine-American Wars Jerry Keenan, 2001-12-05 An A Z encyclopedia covering the principal battles and campaigns key military and political figures and the political maneuvering during the Spanish American and Philippine American Wars America s adventure into colonialism began with the destruction of the U S battleship Maine in 1898 presumably by a Spanish mine The four month war against Spain that followed the shortest declared war in U S history resulted in the U S acquisition of the Philippines Puerto Rico and Guam The young giant of the Western Hemisphere was transformed into a colonial power and the balance of power in the world was changed forever In this chronicle of an era that has escaped the attention it deserves military historian Jerry Keenan explores America s war with Spain and the violence that followed He shows how the United States muddled the administration of the sprawling Philippine archipelago guided by a policy that President McKinley called benevolent assimilation Within a year the United States was fighting a war against Philippine nationalists a three year conflict that would give American soldiers their first bitter taste of counterinsurgency warfare in an Asian jungle

**Getting the message through: A Branch History of the U.S. Army Signal Corps** Rebecca Robbins Raines, 1996 Getting the Message Through the companion volume to Rebecca Robbins Raines Signal Corps traces the evolution of the corps from the appointment of the first signal officer on the eve of the Civil War through its stages of growth and change to its service in Operation DESERT SHIELD DESERT STORM Raines highlights not only the increasingly specialized nature of warfare and the rise of sophisticated communications technology but also such diverse missions as weather reporting and military aviation Information dominance in the form of superior communications is considered to be sine qua non to modern warfare As Raines ably shows the Signal Corps once considered by some Army officers to be of little or no military value and the communications it provides have become integral to all aspects of military operations on modern digitized battlefields The volume is an invaluable reference source for anyone interested in the institutional history of the branch

*Getting the Message Through: A Branch History of the U.S. Army Signal Corps (Paperback)* Rebecca R. Raines, Center of Military History, 1996-06-19 CMH Pub 30 17 Army Historical Series Traces the history of the United States Signal Corps from its beginnings on the eve of the American Civil War through its participation in the Persian Gulf conflict during the early 1990s Shows today s signal soldiers where their branch has been and points the way to where it is going

**Enduring Controversies in Military History** Spencer C. Tucker, 2017-09-21 This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events Why did Alexander the Great s empire fall apart so soon after his death How did France win the Hundred Years War despite England winning its major battles Was slavery the primary cause of the American Civil War Would it have benefited the Allies militarily to have gone to war against Germany in 1938 rather than in 1939 Should women be allowed to serve in combat positions in the U S military All of these questions and many other historical controversies are addressed in this thought provoking reference book By exploring every angle of some

of the most contentious debates involving military history this book builds students critical thinking skills by supplying a complete background of the controversial topic to provide context and also by providing multiple perspective essays written by top scholars in the field The perspective essays present arguments for different positions on the controversy Readers will consider the cases for and against whether Hannibal should have marched on Rome after his momentous victory at Cannae whether the United States was justified in using the atomic bomb in Japan whether Adolf Hitler was primarily responsible for the Holocaust and whether torturing prisoners during the War on Terror is warranted among many other historical military debates

America's Forgotten Wars Ian Hernon, 2021-05-15 What were US troops doing in Sumatra in 1832 And why was there a Korean War in 1844 This book puts US history in a whole new different light

The Encyclopedia of the Spanish-American and Philippine-American Wars Spencer C. Tucker, 2009-05-20 A comprehensive overview of the wars that saw the United States emerge as a world power one that had immense implications for America especially in Latin America and Asia ABC CLIO acclaimed publisher of superior references on the United States at war revisits a pivotal moment in America's coming of age with The Encyclopedia of the Spanish American and Philippine American Wars A Political Social and Military History Again under the direction of renowned scholar Spencer Tucker the encyclopedia covers the conflict between the United States and Spain with a depth and breadth no other reference works can match The encyclopedia offers two complete volumes of alphabetically organized entries written by some of the world's foremost historians covering everything from the course of the wars to relevant economic social and cultural matters in the United States Spain and other nations Featuring a separate volume of primary source documents and a wealth of images and maps the encyclopedia portrays the day to day drama and lasting legacy of the war like never before guiding readers through a seminal event in America's transition from the Gilded Age to the Progressive Era

*Our Onward March* Jonathan D. Neu, 2025-03-04 Provides vital new evidence that Union veterans remained stubbornly opposed to the nation's reconciliationist tendencies and unwilling to surrender the causes for which they fought Union soldiers service to the nation did not end in 1865 Instead it persisted well into the twentieth century as hundreds of thousands of veterans joined the Grand Army of the Republic GAR and directed the reform and improvement of their communities through their fraternal membership in thousands of local posts around the country In *Our Onward March* Jonathan D Neu shows how Union veterans of the GAR drew on lessons they learned in the Civil War lessons about broad principles like democracy freedom and loyalty to undertake grassroots civic projects designed to address the rampant social ills and challenging foreign policy issues associated with US modernization Armed this time with sage wisdom and unwavering principles they mobilized again to consummate their wartime victory with reform minded activism on behalf of establishing an even more perfect Union Extending the boundaries of America's post Civil War era Neu investigates the GAR during the Progressive era a period in the organization's history that scholars have overlooked Countering stubborn notions that the GAR was merely a pension advocacy group or an insular bastion of sentimental

nostalgia he reveals instead that the organization reached a turning point in 1890 after which it became an active and decentralized civic association whose members worked to instill a commitment to public life engagement with community issues and pride in the democracy they had defended as young men Anchored by illuminating new source material including post minute books and fraternal records Our Onward March places aging GAR members squarely among the diverse constellation of turn of the century social reformers using their memory of the Civil War to promote robust veteran led civic engagement By situating Union veterans in this context we see a more accurate portrait of the GAR post in American culture as a local center of progressive activism **William McKinley versus William Jennings Bryan** John M.

Pafford,2020-08-19 The clashes between William McKinley and William Jennings Bryan during the 1896 and 1900 presidential elections changed the course of American politics Prior to Bryan s candidacy the Democratic Party was slightly more conservative than the Republican Party At the 1896 Democratic National Convention Bryan s dramatic Cross of Gold speech stampeded the delegates left of center a position the party has traditionally held since Most Americans though rejected this new wave remained conservative and twice elected McKinley These were dramatic years for the country as it continued its rise to become a major world economic and military power Significantly freedom increased for those now within the American orbit
