Harris,1989 Since the work of Milman Parry Homeric poetry has been subjected to a meticulous re evaluation The question of how closely an oral tale should be searched for subtle meanings

applies not just to Homer but to all traditional literature Accidental Grandeur mitigates this controversy with the novel idea that great epics succeed largely because their style leaves so much to the audience's imagination From the Old Irish traditions to Homer to the highly literate Vergil certain inflexible narrative conventions may be seen actually to introduce a poetic uncertainty *The Communion of the Book* David Williams, 2022-11-15 The modern world was not created by the civilization of Renaissance Italy the advent of the printing press or the marriage restrictions imposed by the medieval church Rather it was widespread reading that brought about most of the cognitive psychological and social changes that we recognize as peculiarly modern David Williams combines book and communications history with readings of major works by Petrarch Bruni Valla Reuchlin Erasmus Foxe and Milton to argue that expanding literacy in the Renaissance was the impetus for modern civilization turning a culture of arid logic and religious ceremonialism into a world of individual readers who discovered a new form of communion in the act of reading It was not the theologians Luther and Calvin who first taught readers to become what they read but the biblical philologist Erasmus who encountered the divine presence on every page of the gospels From this sacramental form of reading came other modes of humanist reading particularly in law history and classics leading to the birth of the nation state As literacy rates rose readers of all backgrounds gained and embodied the distinctly modern values of liberty free speech toleration individualism self determination and democratic institutions Communion and community were linked performed in novel ways through revolutionary forms of reading In this conclusion to a quartet of books on media change Williams makes a compelling case for readers and acts of reading as the true drivers of social political and cultural modernity and for digital media as its looming nemesis H. P. Lovecraft Donald R. Burleson, 1983-09-27 **CMJ New Music Report**, 2004-06-14 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ's trade publication compiles playlists for college and non commercial stations often a prelude to larger success **The Black Death** NA, 2016-04-30 A fascinating account of the phenomenon known as the Black Death this volume offers a wealth of documentary material focused on the initial outbreak of the plague that ravaged the world in the 14th century A comprehensive introduction that provides important background on the origins and spread of the plague is followed by nearly 50 documents organized into topical sections that focus on the origin and spread of the illness the responses of medical practitioners the societal and economic impact religious responses the flagellant movement and attacks on Jews provoked by the plague and the artistic response Each chapter has an introduction that summarizes the issues explored in the documents headnotes to the documents provide additional background material The book contains documents from many countries including Muslim and Byzantine sources to give students a variety of perspectives on this devastating illness and its consequences The volume also includes illustrations a chronology of the Black Death and questions to consider
