Bijkerk, 2015-07-11 Until this volume was compiled the results of the 1920 Olympics held in Antwerp Belgium have been far from complete The Antwerp organizing committee typed up a report of the results almost as an afterthought because it was so financially strapped after the games For some events only the medalists are listed with little if any additional information Very few copies were ever produced and

those few copies were in French The seventh in a series on the early Olympics this work fills a gap in the recording of early Olympics history by providing complete results for all competitors and all events except for shooting which has only partial information available In virtually all cases a 1920 source has been used in preference to a more modern source of information and all details have been fully researched in contemporary newspapers journals and magazines and checked for accuracy by experts on various sports from all over the world
