The Hanging Of Lucky Bill:

The Hanging of Lucky Bill Michael J. Makley, 1993 *Imposing Order without Law* Michael J. Makley, 2022-12-06 In the 1850s early Euro American settlers established two remote outposts on the slopes of the eastern Sierra Nevada both important way stations on the central emigrant trail The Carson Valley settlement was located on the western edge of the Utah Territory while the Honey Lake Valley hamlet 120 miles north fell within California's boundaries but was separated from the rest of the state by the formidable mountain range Although these were some of the first white communities established in the region both areas had long been inhabited by Indigenous Americans Carson Valley had been part of Washoe Indian territory and Honey Lake Valley was a section of Northern Paiute land Michael Makley explores the complexities of this turbulent era when the pioneers' actions set the stage for both valleys to become part of national incorporation With deft writing and meticulously researched portrayals of the individuals involved including the Washoe and Northern Paiute peoples *Imposing Order Without Law* focuses on the haphazard evolution of frontier justice in these remote outposts White settlers often brought with them their own ideas of civil order Makley's work contextualizes the extralegal acts undertaken by the settlers to enforce edicts in their attempt to establish American communities Makley's book reveals the use and impact of group violence both within the settlements and within the Indigenous peoples' world where it transformed their lives

Samuel Grossman Lasky, 1936 **The Small Shall Be Strong** Matthew S. Makley, 2018-07-20 For thousands of years the Washoe people have lived in the shadows of the Sierra Nevada Mountains At the center of their lands sits beautiful Lake Tahoe a name derived from the Washoe word *Da ow a ga* Perhaps because the Washoe population has always been small or because it has been more peaceful than other tribal communities its history has never been published In *The Small Shall Be Strong* Matthew S. Makley demonstrates that in spite of this lack of scholarly attention Washoe history is replete with broad significance The Washoes for example gained culturally important lands through the 1887 Dawes Act And during the 1990s the tribe sought to ban climbing on one of its most sacred sites Cave Rock a singular instance of Native sacred concerns leading to restrictions *The Small Shall Be Strong* illustrates a history and raises a broad question How might greater scholarly attention to the numerous lesser studied tribes in the United States compel a rethinking of larger historical narratives
