The Harlem Renaissance An Historical Dictionary For The Era:

The Harlem Renaissance Bruce Kellner,1987 A Companion to Twentieth-Century Poetry Neil Roberts,2008-06-09

In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century **The Harvard Guide to**

Odysseys Home George Elliott Clarke, 2002-12-15 *Odysseys Home* Mapping African Canadian Literature is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature's distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora

Aesthetic Apprehensions Lene M. Johannessen,Jena Habegger-Conti,2021-01-12 Aesthetic Apprehensions Silences and Absences in False Familiarities is a scholarly conversation about encounters between habitual customs of reading and seeing and their ruptures and ossifications In closely connected discourses the thirteen essays collected here set out to carefully probe the ways our aesthetic immersions are obfuscated by deep seated epistemological and ideological apprehensions by focusing on how the tropology carried by silence absence and false familiarity crystallize to define the gaps that open up As they figure in the subtitle of this volume the tropes may seem straightforward enough but a closer examination of their function in relation to social cultural and political assumptions and gestalts reveal troubling oversights Aesthetic Apprehensions comes to name the attempt at capturing the outlier meanings residing in habituated receptions as well as the uneasy relations that result from aesthetic practices already in place emphasizing the kinds of thresholds of sense and sensation which occasion rupture and creativity Such after all is the promise of the threshold of the liminal to encourage our leap into otherness for then to find ourselves and our sensing again and anew in novel comprehensions

Self Made A'Leia Bundles,2020-03-24 Now a Netflix series starring Octavia Spencer Self Made formerly titled On Her Own Ground is the first full scale biography of one of the great success stories of American history The Philadelphia Inquirer Madam C J Walker the legendary African American entrepreneur and philanthropist by her great great granddaughter A Leia Bundles The daughter of formerly enslaved parents Sarah Breedlove who would become known as Madam C J Walker was orphaned at seven married at fourteen and widowed at twenty She spent the better part of the next two decades laboring as a

washerwoman for 1 50 a week Then with the discovery of a revolutionary hair care formula for black women everything changed By her death in 1919 Walker managed to overcome astonishing odds building a storied beauty empire from the ground up amassing wealth unprecedented among black women and devoting her life to philanthropy and social activism Along the way she formed friendships with great early twentieth century political figures such as Ida B Wells Mary McLeod Bethune W E B Du Bois and Booker T Washington *On Her Own Ground* A'Lelia Bundles,2002-01-01 Soon to be a Netflix series starring Octavia Spencer *On Her Own Ground* is the first full scale biography of one of the great success stories of American history The Philadelphia Inquirer Madam C J Walker the legendary African American entrepreneur and philanthropist by her great great granddaughter A Lelia Bundles The daughter of formerly enslaved parents Sarah Breedlove who would become known as Madam C J Walker was orphaned at seven married at fourteen and widowed at twenty She spent the better part of the next two decades laboring as a washerwoman for 1 50 a week Then with the discovery of a revolutionary hair care formula for black women everything changed By her death in 1919 Walker managed to overcome astonishing odds building a storied beauty empire from the ground up amassing wealth unprecedented among black women and devoting her life to philanthropy and social activism Along the way she formed friendships with great early twentieth century political figures such as Ida B Wells Mary McLeod Bethune W E B Du Bois and Booker T Washington *Radical Black Theatre in the New Deal* Kate Dossett,2020-01-29 Between 1935 and 1939 the United States government paid out of work artists to write act and stage theatre as part of the Federal Theatre Project FTP a New Deal job relief program In segregated Negro Units set up under the FTP African American artists took on theatre work usually reserved for whites staged black versions of white classics and developed radical new dramas In this fresh history of the FTP Negro Units Kate Dossett examines what she calls the black performance community a broad network of actors dramatists audiences critics and community activists who made and remade black theatre manuscripts for the Negro Units and other theatre companies from New York to Seattle Tracing how African American playwrights and troupes developed these manuscripts and how they were then contested revised and reinterpreted Dossett argues that these texts constitute an archive of black agency and understanding their history allows us to consider black dramas on their own terms The cultural and intellectual labor of black theatre artists was at the heart of radical politics in 1930s America and their work became an important battleground in a turbulent decade *The ^ADialect of Modernism* Michael North,1998-01-22 *The Dialect of Modernism* uncovers the crucial role of racial masquerade and linguistic imitation in the emergence of literary modernism Rebelling against the standard language and literature written in it modernists such as Joseph Conrad Gertrude Stein T S Eliot Ezra Pound and William Carlos Williams reimagined themselves as racial aliens and mimicked the strategies of dialect speakers in their work In doing so they made possible the most radical representational strategies of modern literature which emerged from their attack on the privilege of standard language At the same time however another movement identified with Harlem was struggling to

free itself from the very dialect the modernists appropriated at least as it had been rendered by two generations of white dialect writers For writers such as Claude McKay Jean Toomer and Zora Neale Hurston this dialect became a barrier as rigid as the standard language itself Thus the two modern movements which arrived simultaneously in 1922 were linked and divided by their different stakes in the same language In *The Dialect of Modernism* Michael North shows through biographical and historical investigation and through careful readings of major literary works that however different they were the two movements are inextricably connected and thus cannot be considered in isolation Each was marked for good and bad by the other

Willis Richardson, Forgotten Pioneer of African-American Drama Christine R. Gray, 1999-12-30 During the 1920s and 1930s Willis Richardson 1889-1977 was highly respected as a leading African American playwright and drama anthologist His plays were performed by numerous black high school college and university drama groups and by theater companies in Chicago New York Washington D C Cleveland Baltimore and Atlanta With the opening of *The Chip Woman's Fortune* 1923 he became the first African American to have a play produced on Broadway Several of his 46 plays were published in assorted magazines and in his essays he urged black Americans to seek their dramatic material in their own lives and circumstances In addition he edited three anthologies of plays by African Americans But between 1940 and his death in 1977 Richardson came to realize that his plays were period pieces and that they no longer reflected the problems and situations of African Americans In the years before his death he attempted vigorously yet unsuccessfully to preserve several of his plays through publication if not production But the man who has been called the father of African American drama and who was considered the hope and promise of African American drama died in obscurity Richardson has even been

neglected by the scholarly community This critical biography the first extensive consideration of his life and work firmly reestablishes his pioneering role in American theater The book begins with a detailed chronology followed by a thoughtful biographical essay The volume then examines the nature of African American drama in the 1920s the period during which Richardson was most productive and it analyzes his approach to drama as a means of educating African American audiences It then explores the African American community as the central theme in Richardson s plays for Richardson typically looks at the consequences of refusals by blacks to help one another The work additionally considers Richardson s history plays his anthologies his dramas intended for black children and his essays A concluding chapter summarizes his lasting influence the book closes with a listing of his plays and an extensive bibliography
