medicine and the aging appearance with interviews from medical providers and women about treatments such as Botox injections and injectable fillers This book makes an important and timely contribution to the discussion of gendered ageism and older women s experiences of growing older in a youth obsessed culture **Globalization's Contradictions** Dennis Conway,Nik Heynen,2006-11-22 Introduces a critical perspective on debates surrounding globalization for advanced undergraduate and masters students Broad in scope scrutinizing political economic geopolitical political cultural and alternative visions of globalization Points the way towards future global geographies that are more inclusive and equitable Strong line of contributors including John Agnew Dennis Conway and Don Mitchell
