*Business After God's Heart* William Parker, 2024-02-21 I have found David the son of Jesse a man after My heart Acts 13:22 Business leaders face perplexing challenges to succeed in the marketplace they make difficult decisions affecting the lives of their employees and they inspire their staff to give their best They experience triumphs and defeats elation and agony real wins and real losses And while the Bible doesn't give us a manual for business leadership it does give us a window into the heart after God's heart the heart of King David He faced similar challenges as a gifted tactician strategist and ruler and he was very far from perfect As David walked through his leadership challenges and his personal failures he communicated his heart in his psalms Many business leaders today apply the principles of the ancient Chinese general Sun Tzu from *The Art of War* to their business In fact legions of Sun Tzu devotees are out there applying the

principles of a pagan conqueror to attack the marketplace for personal gain How much better to consider the brilliance of God's conqueror King David a man after His own heart David's psalms are poetic expressions of this heart Furthermore his psalms continue to be living and active Hebrews 4:12 as they are indeed part of the living and active Word of God for business leaders today No followers of Sun Tzu would dare to make such an amazing claim Business after God's Heart challenges the heart of the business leader to follow after the heart of God as it is revealed in the psalms of David And ultimately as the leader's personal engagement in business flows from this heart it will yield the fruit of Business after God's Heart

**Business of the Heart** John Corrigan, 2023-04-28 The Businessmen's Revival was a religious revival that unfolded in the wake of the 1857 market crash among white middle class Protestants Delving into the religious history of Boston in the 1850s John Corrigan gives an imaginative and wide ranging interpretive study of the revival's significance He uses it as a focal point for addressing a spectacular range of phenomena in American culture the ecclesiastical and business history of Boston gender roles and family life the history of the theater and public spectacle education boycott culture and especially ideas about emotion during this period This vividly written narrative recovers the emotional experiences of individuals from a wide array of little used sources including diaries correspondence public records and other materials From these sources Corrigan discovers that for these Protestants the expression of emotion was a matter of transactions They saw emotion as a commodity and conceptualized relations between people and between individuals and God as transactions of emotion governed by contract Religion became a business relation with God with prayer as its legal tender Entering this relationship they were conducting the business of the heart This innovative study shows that the revival with its commodification of emotional experience became an occasion for white Protestants to underscore differences between themselves and others The display of emotion was a primary indicator of membership in the Protestant majority as much as language skin color or dress style As Corrigan unravels the significance of these culturally constructed standards for emotional life his book makes an important contribution to recent efforts to explore the links between religion and emotion and is an important new chapter in the history of religion
