[The Hammered Dulcimer](#) Paul M. Gifford,2001-06-13 The last quarter of the twentieth century saw a renewed interest in the hammered dulcimer in the United States at the grassroots level as well as from elements of the Folk Revival This book offers the reader a discussion of the medieval origins of the dulcimer and its subsequent spread under many different names to other parts of the world Drawing on articles the author has written in English as well as articles by specialists in their own languages Gifford explains the history and evolution of the instrument Special attention is paid to the North American tradition from the early 18th century to the 1970s revival Drawing from local histories news clippings photographs and interviews the book examines the playing of the dulcimer and its associated social meanings

[The Hammered Dulcimer Handbook](#) Kendra Ward-Bence,1989

[Killer Technique: Hammered Dulcimer](#) Dr. Mark Alan Wade,2013-06-20 Killer Technique Hammered Dulcimer is a book that uniquely focuses on improving the everyday elements of dulcimer playing Some mundane fundamentals of technique may seem mindless and appear to need no attention In reality though even the most basic essentials of dulcimer playing can hold us back without careful examination and precision This book does just that The author himself a National Hammered Dulcimer Champion and music professor draws on over twenty years of experience in playing and teaching to share his recipe for success The material focuses on dulcimer specific skills and drills them in effective and engaging new ways Targeted areas include dexterity aim flow commonly used percussion rudiments chords arpeggios and chord suffixes Each exercise is carefully designed to isolate the targeted skill provide instruction for its most efficient execution and help you acquire new and improved muscle memory in the least amount of repetitions Admittedly working on technique can seem like a chore This book takes the work out of it and presents the exercises in fresh new ways so you get the most out of them in the least amount of time Dr Wade s biggest technique secret revealed in this book is his use of varying rhythms to re engage the brain and to acquire new and lasting muscle memory The exercises are not only fun to master but also incredibly effective It s all about efficiency not just going through the motions

**Hammered Dulcimer Classics** Carole Koenig,2018-04-12 Standard notation and a simple alpha numerical tablature system are used to present this unusual collection of pre 18th Century tunes for the standard 12 11 course hammered dulcimer Creating a hybrid of folk and classical elements Carol Koenig has expanded the repertoire of the hammered dulcimer with melodies from France Spain England and Scotland The tunes are first presented in a simple melodic statement then in a more complex harmonized version The author insists that it is not

necessary to be an outstanding sight reader to make beautiful music on the hammered dulcimer or with this book [Dirt Simple Hammered Dulcimer](#) Dr. Mark Alan Wade, 2015-11-24 The title says it all Dirt Simple This book and accompanying online audio are designed for a rank beginner who knows nothing about the hammered dulcimer providing them the tools to make music right away Starting with the fundamentals of how to hold hammers and tune the instrument it delves deeper into mastery with posture stand height angle and replacing strings to set up the beginner for a lifetime of good habits Every concept introduced is simultaneously presented with illustrations and songs that demonstrate and reinforce Whether the student reads music or plays by ear the result is the same music making right from the beginning Dr Mark Alan Wade is an experienced teacher with an undergraduate degree in music education and years of public school teaching experience Now teaching music theory and dulcimer at Denison University Dr Wade offers a unique perspective on teaching hammered dulcimer and has three students who have also won the National Hammered Dulcimer Contest as evidence of his master teaching It s all about the music Dirt Simple Hammered Dulcimer is written so that the carefully selected tunes are the true teacher Hands on learning is made easy with the accompanying audio Each song is played slowly for students to learn by ear in addition to reading notation This also allows for the students to hear style traits such as swing that aren t easily conveyed in written notation With 29 songs this book and online audio available for download are a year s worth of private lessons in one concise package **Dulcimer Frolic** Peggy Carter, 2021-05-03 The tunes in this collection were chosen from Peggy Carter s half century of performing teaching and arranging music for the hammered dulcimer This anthology contains 60 tunes arranged especially for novice to intermediate level players of the 12 11 dulcimer including suggestions for note reading hammering patterns and embellishments Playing the dulcimer is not effortless but it should be fun The title tune Dulcimer Frolic is a family heirloom originally written for mandolin by Peggy s grandfather in the early 1920s transcribed for hammered dulcimer the tune really lives up to its name In fact every tune in the collection is designed for fun and frolic Some have lyrics some are presented as bare bones melodies and some are embellished You ll find that these arrangements bring out the best in all of them
