Soviet Third World Relations In A Capitalist World:

Soviet-Third World Relations in a Capitalist World Ellen Brun, Jacques Hersh, 1990-06-18 Several aspects of Soviet Third World relations in a capitalist world are looked at in this book These include tracing the roots of the Third World within the Marxist tradition and discussing Soviet attitudes to the capitalist world market as they have evolved from the Bolshevik Gorbachev's New Thinking and Third World Conflicts JiÅ∏à Valenta,Frank Cibulka, Some of the most crucial changes inspired by Gorbachev and perestroika concern Soviet and East European policies toward Third World countries Despite countless studies of Soviet U S relations and U S relations with the Third World the area of Soviet relations with the Third World has been left relatively undeveloped This is the first of several volumes intended to add to our knowledge of what the series editor Jiri Valenta characterizes as East South relations In this new era of cooperation and diplomacy the superpowers are working to resolve regional conflicts in and around Afghanistan Nicaragua Angola and Cambodia Such efforts are exceedingly complex since they necessarily involve not only the Soviet Union but Third World nations that may operate independently such as Cuba and Vietnam This volume addresses a number of such conflicts In addition to those already mentioned conflicts in Ethiopia Namibia and the Philippines are discussed and their implications for Western policy makers are reviewed As the contributors emphasize despite current Soviet emphasis on peaceful solutions to regional conflicts Gorbachev s New Thinking in foreign affairs is still decidedly selective In some cases the Soviet Union will actually encourage close ties with regional Third World powers as it has with India It is also too much to expect that the Soviet Union much less Cuba and Vietnam will completely cut ties to revolutionary allies worldwide That said the 1990s will undoubtedly be characterized by new Soviet foreign policy styles Their shape and form is the subject of this book It will be of immense interest to policymakers and researchers concerned about current developments in relations between the superpowers and with the Third World Contributors include Vernon Aspaturian Bhabani Sen Gupta William E Griffith Jerry F Hough Douglas Pike Howard Wiarda AH T Sheikh Sabahuddin Kushkaki Colin Legum H de V du Toil Khien Theeravit Frank Cibulka Alvaro Taboada Charles William Maynes W Bruce Weinrod Jiri Valenta Soviet Internationalism after Stalin Tobias Rupprecht, 2015-08-06 The Soviet Union is often presented as a largely isolated and idiosyncratic state Soviet Internationalism after Stalin challenges this view by telling the story of Soviet and Latin American intellectuals students political figures and artists and their encounters with the other from the 1950s through the 1980s In this first multi archival study of Soviet relations with Latin America Tobias Rupprecht reveals that for people in the Second and Third Worlds the Cold War meant not only confrontation with an ideological enemy but also increased interconnectedness with distant world regions He shows that the Soviet Union looked quite different from a southern rather than a Western point of view and also charts the impact of the new internationalism on the Soviet Union itself in terms of popular perceptions of the USSR's place in the world and its political scientific intellectual and cultural reintegration into the global community The Soviet
